Sub-Article 2

Local Planning—Zoning

SECTION 1. Grant of power for zoning.—For the purposes of guiding development in accordance with existing and future needs and in order to protect, promote and improve the public health, safety, morals, convenience, order, appearance, prosperity, and general welfare, the governing authorities of municipalities and counties may, in accordance with the conditions and procedures specified in this act, regulate the location, height, bulk, number of stories and size of buildings and other structures, the percentage of lot which may be occupied, the sizes of yards, courts, and other open spaces, the density and distribution of populations, and the uses of buildings, structures, and land for trade, industry, residence, recreation, agriculture, forestry, conservation, airports and approaches thereto, water supply, sanitation, protection against floods, public activities, and other purposes. The regulations shall be made in accordance with the

comprehensive plan for the jurisdiction as described in this act and shall be designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers, to promote the public health and the general welfare, to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to protect scenic areas; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. Such regulations shall be made with reasonable consideration, among other things, of the character of each area and its peculiar suitability for particular uses, and with a view to promoting desirable living conditions and the sustained stability of neighborhoods, protecting property against blight and depreciation, securing economy in governmental expenditures, conserving the value of land and buildings, and encouraging the most appropriate use of land and buildings and structures.

SECTION 2. Zoning regulations and maps.—Upon the authorization of the governing authority, the local planning commission may make and certify to its governing authority or authorities the text of the recommended zoning ordinance or resolution or both and the zoning maps. Then the governing authority of the municipality or county may exercise the powers granted in this act and, for the purposes mentioned, shall create zoning districts of such number, shape and size as it may determine to be best suited to carry out the purposes of this act. Within such districts, the governing authority may regulate the erection, construction, reconstruction, alteration, and use of buildings and structures and the uses of land in accordance with the first five-year increment of the comprehensive plan. All such regulations shall be uniform for each class or kind of building or use throughout each district, but the regulations in one district may differ from those in other districts and they may be amended from time to time. The regulations may provide that land, buildings and structures and the uses thereof which are lawful at the time of the enactment or amendment of zoning regulations may be continued although not in conformity with such regulations or amendments, hereinafter called a nonconformity. The governing authority of any municipality or county may provide in the zoning ordinance or resolution for the continuance, restoration, reconstruction, extension, or substitution of nonconformities. Such governing authority may also provide for the termination of any nonconformity by specifying the period or periods in which the nonconformity shall be required

to cease or brought into conformance, or by providing a formula whereby the compulsory termination of nonconformities may be so fixed as to allow for the recovery or amortization of the investment in such nonconformity.

SECTION 3. Method of procedure for zoning.—Before enacting or amending any zoning regulations or maps, the governing authority or the planning commission, if authorized by the governing authority, shall hold a public hearing thereon, which shall be advertised and conducted according to lawfully prescribed procedures. If no established procedures exist, then at least fifteen days' notice of the time and place of such public hearing shall be given in a newspaper of general circulation in the municipality or county. No change in or departure from the text or maps as certified by the local planning commission shall be made pursuant to such hearing unless such change or departure be first submitted to the planning commission for review and recommendation. The planning commission shall have thirty days within which to submit its report to the governing authority. If the planning commission fails to submit a report within the thirty-day period, it shall be deemed to have approved the change or departure. When the required public hearing is held by the planning commission, no public hearing by the governing authority shall be required before amending the zoning ordinance or resolution or maps.

SECTION 4. Board of zoning appeals or zoning board of adjustment.—The governing authority of the municipality and the governing authority of the county may each create a board to be known as either the board of zoning appeals or zoning board of adjustment or they may jointly create a board to be known as the joint board of appeals or joint board of adjustment, all such boards hereinafter referred to as the board.

The board shall consist of not less than three nor more than five members, appointed by the governing authority or authorities of the area served. The members shall serve for overlapping terms of not less than three nor more than five years or thereafter until their successors are appointed. Any vacancy in the membership shall be filled for the unexpired term in the same manner as the initial appointment. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. The appointing authorities shall determine the amount of compensation, if any, to be paid to the members of a board of zoning appeals or zoning board

of adjustment. None of the members shall hold any other public office or position in the municipality or county.

The board shall elect one of its members chairman, who shall serve for one year or until he is reelected or his successor is elected and qualified. The board shall appoint a secretary who may be an officer of the governing authority or of the planning commission. The board shall adopt rules in accordance with the provisions of any ordinance or resolution adopted pursuant to this act. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. The chairman or, in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses by subpoena. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Appeals to the board may be taken by any person aggrieved or by any officer, department, board, or bureau of the municipality or county. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of appeals notice of appeal specifying the ground thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all legal proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board or by a court of record on application, on notice to the officer from whom the appeal is taken, and on due cause shown.

The board shall fix a reasonable time for the hearing of the appeal or other matter referred to it, and give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. At hearing any party may appear in person or by agent or by attorney.

The board of appeals or board of adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of any ordinance or resolution adopted pursuant to this act.
2. To authorize upon appeal in specific cases a variance from the terms of the ordinance or resolution as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the ordinance or resolution will, in an individual case, result in unnecessary hardship, so that the spirit of the ordinance or resolution shall be observed, public safety and welfare secured, and substantial justice done. Such variance may be granted in such individual case of unnecessary hardship upon a finding by the board of appeals that:
 - (a) There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape, or topography, and
 - (b) the application of the ordinance or resolution of this particular piece of property would create an unnecessary hardship, and
 - (c) such conditions are peculiar to the particular piece of property involved, and
 - (d) relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the ordinance or resolution or the comprehensive plan, *provided*, however, that no variance may be granted for a use of land or building or structure that is prohibited in a given district by ordinance or resolution.

In exercising the above powers, the board of appeals or board of adjustment may, in conformity with the provisions of this act, reverse or affirm, wholly or in part, or may modify the order, requirements, decision, or determination, and to that end shall have all the powers of the officer from whom the appeal is taken and may issue or direct the issuance of a permit. Either board in the execution of the duties for which appointed may subpoena witnesses and in case of contempt may certify such fact to the circuit court having jurisdiction.

SECTION 5. Appeals from decisions of board of appeals or board of adjustment.—Any person who may have a substantial interest in any decision of the board of appeals or board of adjustment or any officer, or bureau of the appropriate governing authority may appeal

from any decision of the board to the circuit court in and for the county by filing with the clerk of such court a petition in writing setting forth plainly, fully and distinctly wherein such decision is contrary to law. Such appeal shall be filed within thirty days after the decision of the board is rendered.

SECTION 6. Notice of appeal and filing of transcript.—Upon the filing of such an appeal, the clerk of the circuit court shall give immediate notice thereof to the secretary of the board and within thirty days from the time of such notice the board shall cause to be filed with the clerk a duly certified copy of the proceedings had before the board of appeals or board of adjustment, including a transcript of the evidence heard before it, if any, and the decision of the board.

The filing of an appeal in the circuit court from any decision of the board shall not ipso facto act as a supersedeas but the judge of the circuit court may in his discretion grant a supersedeas upon such terms and conditions as may seem reasonable and proper.

SECTION 7. Contempt of board of appeals or board of adjustment.—In case of contempt by any party, witness or other person before the board of appeals or board of adjustment, such board may certify such fact to the circuit court of the county wherein such contempt occurs and the judge of the court, in open court or in chambers, after hearing, may impose such penalty as authorized by law.

SECTION 8. Hearing and decision of circuit court; costs.—At the next term of the circuit court or, in chambers, upon ten days' notice to the parties, the resident presiding judge of the circuit court of the county shall proceed to hear and pass upon the appeal. The findings of fact by the board of appeals shall be final and conclusive on the hearing of such appeal. In determining the questions presented by the appeal the court shall determine only whether the decision of the board is correct as a matter of law. In the event that the decision of the board should be reversed by the circuit court, the board shall be charged with the costs and they shall be paid by the governing authority which established the board of appeals or board of adjustment.

SECTION 9. Appeal to supreme court.—Any party at interest who is aggrieved by the judgment rendered by the circuit court upon such appeal may appeal in the same manner as provided by

law for appeals from other judgements of the circuit court in law cases.

SECTION 10. Enforcement and remedies of zoning ordinance or resolution.—The governing authorities of municipalities or counties may provide for the enforcement of any ordinance or resolution adopted pursuant to the provisions of this act by means of the withholding of permits and for such purpose may establish and fill the position of building official or other administrative officer, as appropriate, individually or jointly, when no such position presently exists. From and after the establishment of such position and the filling of the same under the provisions of this act, it shall be unlawful to construct, reconstruct, alter, change the use of or occupy any land, building or other structure without first obtaining the appropriate permit from such official; and such official shall not issue any permit unless the requirements of this act and of any ordinance or resolution adopted pursuant to it are complied with. A violation of any ordinance or resolution adopted pursuant to the provisions of this act is hereby declared to be a misdemeanor under the laws of the State and, upon conviction thereof, an offender shall be punished in the discretion of the court. In case any building or structure is or is proposed to be erected, constructed, reconstructed, altered, converted or maintained, or any building, structure or land is or is proposed to be used in violation of any ordinance or resolution adopted pursuant to this act, the building official or other appropriate administrative officer, municipal or county attorney, or other appropriate authority of the municipality or county or any adjacent or neighboring property owner who would be specially damaged by such violation, may in addition to other remedies, institute injunction, mandamus, or other appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, conversion, maintenance, or use; or to correct or abate the violation, or to prevent the occupancy of the building, structure, or land. Each day such unlawful erection, construction, reconstruction, alteration, conversion, maintenance, or use continues shall be deemed a separate offense.

SECTION 11. Financing.—The governing authority may appropriate such monies, otherwise unappropriated, as it deems fit to finance the work of the board of appeals or board of adjustment and to generally provide for the enforcement of any regulations and restrictions authorized under this act which are adopted and may accept

and expend grants of money for those purposes from either private or public sources, local, State or Federal.

SECTION 12. Conflict with other laws.—Whenever the regulations made under authority of this act require a greater width or size of yards, courts, or other open spaces, or require a lower height of building or smaller number of stories, or require a greater percentage of lot to be left unoccupied, or impose other more restrictive standards than are required in or under any other statute, or local ordinance or regulation, the regulations made under authority of this act shall govern. Whenever the provisions of any other statute require more restrictive standards than are required by the regulations made under authority of this act, the provisions of such statute shall govern.

Sub-Article 3

Subdivision defined.—“Subdivision” means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose, whether immediate or future, of sale, legacy, or building development, and includes all division of land involving a new street or a change in existing streets, and includes re-subdivision and, where appropriate, to the process of subdividing or to the land or area subdivided; *provided*, however, that the following exceptions are included within this definition only for the purpose of requiring that the local planning commission be informed and have record of such subdivisions:

SECTION 2. Intent.—The public health, safety, economy, good order, appearance, convenience, morals, and general welfare require the harmonious, orderly and progressive development of land within the municipalities and counties of the State. In furtherance of this general intent, the regulation of land subdivision by municipal and county governing authorities is authorized for the following purposes, among others:

1. to encourage the development of economically sound and stable municipalities and counties;
2. to assure the timely provision of required streets, utilities, and other facilities and services to new land developments;
3. to assure the adequate provision of safe and convenient traffic access and circulation, both vehicular and pedestrian, in and through new land developments;
4. to assure the provision of needed public open spaces and building sites in new land developments through the dedication or reservation of land for recreational, educational, and other public purposes; and
5. to assure, in general, the wise and timely development of new areas, in harmony with the comprehensive plan of municipalities and counties.

SECTION 3. Provisions of Subdivision Regulations.—The local planning commission shall prepare and recommend to the governing authority of the city or the governing authority of the county for adoption regulations governing the subdivision of land within the municipality or unincorporated portion of the county respectively. Such regulations may provide for the harmonious development of the municipality and the county; for the coordination of streets within subdivisions with other existing or planned streets or official map streets; for the size of blocks and lots; for the dedication or reservation of land for streets, school sites, and recreation areas and of easements for utilities and other public services and facilities; and for a distribution of population and traffic which will tend to create conditions favorable to health, safety, convenience, prosperity, or general welfare. In particular, the subdivision regulations shall prescribe that no subdivision plan will be approved unless all land intended for use as building sites can be used safely for building purposes, without danger from flood or other inundation or from other menaces to health, safety, or public welfare.

Such regulations may include requirements as to the extent to which and the manner in which streets shall be graded, surfaced, and improved, and water, sewers, septic tanks, and other utility mains, piping, connections, or other facilities shall be installed as a condition precedent to the approval of the plat. Such regulations may provide that, in lieu of the completion of such work and installations previous to the final approval of a plat, the governing authority of the municipality or the governing authority of the county may accept

a bond, in an amount and with surety and conditions satisfactory to it, providing for and securing to the municipality or county the actual construction and installations of such improvements and utilities within a period specified by the planning commission and expressed in the bond; and the municipality or county is hereby granted the power to enforce such bonds by all appropriate legal and equitable remedies. The regulations may also provide, in lieu of the completion of such work previous to the final approval of a plat, for an assessment or other method, including deposit of money by the subdivider in an escrow account, whereby the governing body or its agent is put in an assured position to do the work and make the installations and improvements at the expense of the subdivider. The governing authority of the municipality and the governing authority of the county are hereby given the power to adopt and to amend such land subdivision regulations after a public hearing thereon, at least fifteen days' notice of the time and place of which shall have been published in a newspaper of general circulation in the municipality or county.

SECTION 4. Planning Commission as Platting Authority.—From and after the time the local planning commission shall have prepared and adopted a comprehensive plan or at least the major street portion of such comprehensive plan and shall have recommended to the governing authority of the municipality or the governing authority of the county regulations for the subdivision of land within the municipality or county, respectively, which regulations shall have been adopted by the governing authority of the city or county, then no plat of a subdivision within the municipality or within the unincorporated portion of the county shall be filed or recorded in the office of the county where deeds are required to be recorded until it shall have been submitted to and approved by the planning commission and such approval entered in writing on the plat, by the secretary of the planning commission. The filing or recording of a plat of a subdivision without the approval of the planning commission as required by this act is hereby declared a misdemeanor and, upon conviction, is punishable as provided by law.

SECTION 5. Procedure on plats.—After adoption of subdivision regulations by the governing authority, the local commission is hereby given the authority to give tentative approval or disapproval to preliminary plats and to approve or disapprove final plats but in each case their action shall be taken within sixty days after the submission

thereof; otherwise, such plat shall be deemed to have been approved and a certificate to that effect shall be issued by the planning commission on demand; *provided*, however, that the applicant for the planning commission's approval may waive this requirement and consent to the extension of such period. The grounds of disapproval of any plat shall be stated upon the records of the planning commission. Any plat submitted to the planning commission shall contain the name and address of a person to whom notice of hearing may be sent; and no plat shall be acted upon by the planning commission without affording a hearing thereon, notice of time and place of which shall be sent by registered or certified mail to said address not less than five days before the date fixed therefor.

SECTION 6. Duties of recording officials.—The county official whose duty it is to accept and record plats of real estate shall not accept, file or record any subdivision plat involving any area subject to any land subdivision regulations adopted pursuant to this act which plat has not been approved by the planning commission having jurisdiction. Should any public official violate the provisions of this section he shall in each instance be subject to the penalty provided in this article and the affected governing authority shall have such rights and remedies as to enforcement or collection as are provided and may enjoin any violations thereof.

SECTION 7. Effect of plat approval on status of dedications.—The approval of a plat by the local planning commission shall not be deemed to constitute or effect an acceptance by the municipality or the county or the public of the dedication of any street or other ground shown upon the plat.

SECTION 8. Penalties for transferring lots in unapproved subdivisions.—The owner or agent of the owner of any land to be subdivided within the municipality or county who transfers or sells or agrees to sell or negotiate to sell such land by reference to or exhibition of or by other use of a plat of subdivision of such land before such plat has been approved by the planning commission and recorded in the office of the clerk of the court in and for the county, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished in the discretion of the court; and the description of metes and bounds in the instrument of transfer or other document used in the process of selling or transfer shall not exempt the transaction from

these penalties. The municipality or county may enjoin such transfer or sale or agreement by appropriate action.

SECTION 9. Acceptance of and improvements in unapproved streets.—From and after the time when the platting jurisdiction of a local planning commission shall have attached by virtue of the adoption by the planning commission of a major street plan and the adoption by the governing authority of land subdivision regulations recommended to them by the planning commission, the governing authority or other public authority shall not accept, lay out, open, improve, grade, pave, or light any street or lay or authorize the laying of any water mains, sewers, connections, or other public facilities or utilities in any street unless such street shall have been accepted or opened as, or shall otherwise have received the legal status of a public street prior to the attachment of the planning commission's subdivision jurisdiction, or unless such street corresponds in its location and lines with a street shown on a subdivision plat approved by the planning commission or on an official map made and adopted by the planning commission. The governing authority may locate and construct or may accept any other street provided that the ordinance or resolution or other measure for such approval be first submitted to the planning commission for its approval or disapproval as provided for in the procedure on plats and upon approval any such street shall have the status of an approved street as fully as though it had been originally shown on a subdivision plat approved by the planning commission or on an official map made and adopted by the planning commission.

SECTION 10. Erection of buildings.—From and after the time when the platting jurisdiction of the local planning commission shall have attached by virtue of adoption by the planning commission of a major street plan and the adoption by the governing authority of land subdivision regulations recommended to them by the planning commission, as provided in this act, no building permit shall be issued for and no building or other structure shall be erected on any lot unless the street giving access to the lot upon which the building is proposed to be placed (a) shall have been accepted or opened as, or shall have otherwise received the legal status of, a public street prior to that time; or (b) unless such street corresponds in its locations and lines with a street shown on a subdivision plat approved by the planning commission or on an official map made and adopted by the planning commission and the governing authority or with a

street located and accepted by the governing authority of the municipality or the governing authority of the county. Any building erected in violation of this section shall be deemed an unlawful structure, and the building official or municipal or county attorney or other official designated by the governing authority of the municipality or the governing authority of the county may bring appropriate action to enjoin such erection or cause it to be vacated or removed.

SECTION 11. Naming streets; changing street names.—A local planning commission created under the provisions of this act shall, by proper certificate, approve and authorize the name of any street or road hereafter laid out within the territory over which such commission has jurisdiction. It shall be unlawful for any person in laying out any new street or road to name such street or road on any plat, by any marking or in any deed or instrument without first getting the approval of the planning commission. Any person violating this provision shall be guilty of a misdemeanor and, upon conviction, shall be punished in the discretion of the court.

Any such commission may, after reasonable notice through a newspaper having general circulation wherein the commission is created and exists, recommend to the appropriate governing authority a change in the name of any street or road within the boundary of its territorial jurisdiction (a) when there is duplication of names or other conditions which tend to confuse the traveling public or the delivery of mail, orders or messages, (b) when it is found that a change may simplify marking or giving of directions to persons seeking to locate addresses or (c) upon any other good and just reason that may appear to the commission. On such name being changed, after reasonable opportunity for a public hearing, the governing authority shall issue its certificate designating the change, which shall be recorded in the office of the register of mesne conveyances or clerk of court, and the name so changed and certified shall thereafter be the legal name of the street or road.

Sub-Article 4 Official Map

SECTION 1. Official map defined.—“Official map” means a map or maps showing the location of existing or proposed public street, highway, and public utility rights-of-way, public building sites and public open spaces adopted by the governing authority of a municipi-

pality or county in accordance with the provisions of this act. A public building site is one on which a building is to be constructed for public use with public funds.

SECTION 2. Intent.—Counties and municipalities may establish official maps to reserve future locations of any street, highway, or public utility rights-of-way, public building site or public open space for future public acquisition and to regulate structures or changes in land use in such rights-of-way, building sites or open spaces. This authority is declared necessary in order to promote and preserve the public safety, economy, good order, appearance, convenience, prosperity, and general welfare and is one of the several instruments of land use control authorized by this act for the implementation of comprehensive plans, or parts thereof, adopted in accordance with the provisions of this act.

SECTION 3. Establishment.—The governing authority of a municipality may establish an official map of the municipality. The governing authority of a county may establish an official map of the unincorporated areas of the county. Such official maps may show the location of existing or proposed public street, highway and utility rights-of-way, public building sites, and public open spaces. The official map may include the whole or any part or parts of the municipality or county within the jurisdiction of the establishing governing authority. The governing authority shall certify the fact of the establishment of the official maps to the clerk of the circuit court of the county.

The official map may consist of any number of separate maps which need not be drawn to the same scale; however, such maps shall be indexed on a single map depicting the area of jurisdiction of the governing authority.

SECTION 4. Recommending street or highway, public building site, public utilities or public open space lines by planning commission.—After the local planning commission shall have prepared and adopted a comprehensive plan or at least the major street portion of such plan and upon receiving approval thereof by the appropriate governing authority, the local planning commission may make or cause to be made surveys for the exact location of the lines of proposed new, extended, widened and otherwise improved streets and highways in the whole or in any portion of the municipality or county and to make and certify to the governing authority a map or maps of the area thus surveyed on which are indicated the lines recommended by the

local planning commission as the mapped lines of the rights-of-way required for future streets and highways and for future extensions, widenings and other improvements to existing streets and highways.

After the local planning commission shall have prepared and adopted a comprehensive plan or at least the public building sites, public open spaces or public utilities portion of such comprehensive plan, and upon receiving approval thereof by the appropriate governing authority, the local planning commission may make or cause to be made, from time to time, surveys of the exact location of the boundary lines of proposed new and enlarged sites for public buildings, public parks, public playgrounds, public utilities and other public open spaces in the whole or in any portion of the municipality or county and to make and certify to the governing authority of the municipality or to the governing authority of the county maps of the areas thus surveyed on which are indicated the locations of the lines recommended by the planning commission as the mapped boundary lines of future public building sites, public parks, public playgrounds, public utilities and other future open space areas.

The making or certifying of such maps by the planning commission shall be in the form of a recommendation and shall not of itself constitute the opening or establishment of any street or highway or public building site or public park, public playground, public utility or other public open space or the taking or acceptance of any land for such purpose.

SECTION 5. Method of procedure for establishment of proposed boundary lines or streets, public building sites, public utilities or public open spaces.—After the local planning commission shall have made and recommended to the appropriate governing authority maps on which are indicated the locations of the lines recommended by the planning commission as the mapped boundary lines of future streets and highways, future street and highway extensions and widenings, future public building sites, public parks, public utilities, public playgrounds and other future public open space areas, the appropriate governing authority may adopt such maps as the Official Maps.

Before adopting the map as the official map, the governing authority shall hold a public hearing thereon which shall be advertised and conducted according to the lawfully prescribed procedures for that municipality or county. If no established procedures exist, then at least fifteen days' notice of the time and place of the public hearing

shall be published in a newspaper of general circulation in the municipality or county.

SECTION 6. Additions and modifications Procedure.—The governing authority of the municipality or the governing authority of the county from time to time may make additions to or modifications of its official maps.

No change in or departure from the maps shall be made until such proposed changes or departures shall first have been submitted to the local planning commission for review and recommendation. The local planning commission shall have thirty days within which to submit its report. If the local planning commission fails to submit a report within the thirty-day period, it shall be deemed to have recommended that the changes or departures be approved. Before taking such action, the governing authority shall hold a public hearing thereon, according to the provisions set forth in this act.

SECTION 7. Regulation of buildings and other structures in bed of mapped streets and highways, public building sites, public utility lines, or public open spaces.—After adoption of any official map by the governing authority of the municipality or the governing authority of the county no permit shall be issued for the construction, improvement, repair or moving of any building or structure and no change in land use shall be made on any land located within the mapped lines of any street or highway, public building site, public utility line, or public open space as shown on the official map. In cases where any permit has been refused under this authority, the following appeal procedure may be utilized by any affected property owner:

1. An appeal shall be presented to the appropriate local planning commission.
2. The local planning commission shall evaluate the appeal and make a report within thirty days to the governing authority and to any other appropriate public agency. If no report is made within thirty days, the planning commission shall be deemed to have recommended that the appeal be granted.
3. The local planning commission's report shall recommend:
 - (a) that the governing authority take official action to exempt the affected land from the restrictions of the official map; or
 - (b) that the governing authority take official action to authorize the issuance of desired permits subject to specified conditions; or

- (c) that the governing authority initiate appropriate action to acquire the property.
- 4. Upon receipt of the report of the local planning commission the governing authority shall within one hundred days:
 - (a) take official action to exempt the affected land from the restrictions of the official map; *provided*, that such exemption shall have no effect on any applicable zoning restrictions pertaining to permitted uses; or
 - (b) take official action to authorize the issuance of the denied permits subject to specified conditions accepted by the owner; *provided*, that such conditions shall not be contrary to any applicable zoning restrictions pertaining to permitted uses; or
 - (c) either enter into an agreement to acquire or institute condemnation proceedings to acquire the property affected. Action to acquire such property may be instituted by the governing authority or other appropriate public agency.

Failure of the governing authority to act within one hundred days of the receipt of the report of the local planning commission shall be deemed to constitute approval of the proposed appeal. Thereupon, denied permits shall be issued upon demand.

SECTION 8. Exemption of property from the restrictions of official map.—After adoption of any official map by the governing authority of the municipality or the governing authority of the county any property owner owning property located within the mapped lines of any street or highway, public building site, public utility line, or public open space as shown on the official map, may apply to the local planning commission for exemption of such property from the restrictions of the official map. When such application has been made the following procedure shall be utilized:

1. The local planning commission shall evaluate the application and make a report within thirty days to the governing authority and to any other appropriate public agency. If no report is made within thirty days, the planning commission shall be deemed to have recommended that the application be granted.
2. The local planning commission's report shall recommend:
 - (a) that the governing authority take official action to exempt the affected property from the restrictions of the official map; or

- (b) that the governing authority initiate appropriate action to acquire the property.
- 3. Upon receipt of the report of the local planning commission the governing authority shall within seventy-five days:
 - (a) take official action to exempt the affected property from the restrictions of the official map; *provided*, that such exemption shall have no effect on any applicable zoning restrictions pertaining to permitted uses; or
 - (b) either enter into an agreement to acquire or institute condemnation proceedings to acquire the property affected. Action to acquire such property may be instituted by the governing authority or other appropriate public agency. Failure of the governing authority to act within seventy-five days of the receipt of the report of the local planning commission shall be deemed to constitute granting of the application.

No. 532

An Act To Establish A Juvenile And Domestic Relations Court For Anderson County, To Define Its Jurisdiction And Powers.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Juvenile and Domestic Relations Court established—Anderson County.—There is established for Anderson County a court to be called the Juvenile and Domestic Relations Court. The court shall be a court of record and shall have a seal and the judge and clerk thereof shall have power to administer oaths and affirmations.

SECTION 2. Definitions.—When used in this act, unless the context otherwise requires, (a) “Court” means the Juvenile and Domestic Relations Court of Anderson County, (b) “Judge” means the judge of the Juvenile and Domestic Relations Court of Anderson County; (c) “Child” means a person less than seventeen years of age; and (d) “Adult” means a person seventeen years of age or older.

SECTION 3. County court judge to be juvenile-domestic relations judge.—The judge of the County Court for Anderson County shall act as judge of the Juvenile and Domestic Relations Court of Anderson County in addition to his duties as judge of the county court.

SECTION 4. Judge not to practice.—During his term of office, the judge shall not engage in the practice of law in any respect in regard to any matter in which he has or could acquire jurisdiction by virtue of his office.

SECTION 5. Appointments — personnel.—All appointments of personnel under the authority of this act shall be made by the judge. The judge shall employ such stenographic and clerical assistance at such salaries as may be approved by the legislative delegation of the county, including one Senator. There shall be a stenographer-clerk who shall attend to the affairs of the office and keep it open during regular working hours observed by other courthouse employees. The probation officer of the South Carolina Probation, Parole and Pardon Board who serves Anderson County shall serve the court as probation officer.

SECTION 6. Supervision of personnel.—Administrative and professional personnel shall be under the direct supervision of the judge or his duly appointed supervisor, and shall be charged with the execution of all orders and assignments necessary to the execution of the provisions of this act.

SECTION 7. Jurisdiction.—(a) Except as otherwise provided herein, the court shall have exclusive original jurisdiction and shall be the sole agency for initiating action concerning any child living or found within the county :

(1) who is neglected as to proper and necessary support or education, as required by law, or as to medical, psychiatric, psychological or other care necessary for his well-being; or who is abandoned by his parent or other custodian;

(2) whose occupation, behavior, condition, environment or associations are such as to injure or endanger his welfare or that of others;

(3) who is beyond the control of his parent or other custodian;

(4) who is alleged to have violated or attempted to violate any state or local law or municipal ordinance, regardless of where the violation occurred;

(5) whose custody is the subject of controversy except in those cases where the law now gives other courts exclusive jurisdiction; or

(6) who, because of a mentally defective, mentally disordered or emotionally disturbed condition, is in need of treatment or commitment.

(b) Whenever the Juvenile and Domestic Relations Court shall have acquired the jurisdiction of any child under seventeen years of age, such jurisdiction shall continue so long as in the judgment of the court it may be necessary to retain jurisdiction for the correction or education of such child, but such jurisdiction shall terminate when such child shall attain the age of twenty-one years. Concerning any minor seventeen years of age or older, living or found within the county, alleged to have violated or attempted to violate any state or local law or municipal ordinance prior to becoming seventeen years of age, such a minor shall be dealt with under the provisions of this act relating to children.

(c) No other court, including a magistrate or municipal court, shall have the original power to initiate proceedings by way of warrant, summons or otherwise, except nothing herein shall be construed as depriving the circuit court of the exclusive jurisdiction to try those cases as prescribed by the Constitution, Article V, Section 1, and concurrent jurisdiction to try those offenses defined under Article V, Section 18.

(d) Within two days after the filing of a petition in the Juvenile and Domestic Relations Court of Anderson County, alleging the child has committed the offense of murder, manslaughter, rape, attempted rape, arson, common law burglary, bribery or perjury, riot, assault and battery, or larceny, the person executing such petition may request in writing that the case be transferred to the court of general sessions with a view to proceeding against such child as a criminal rather than as a child coming within the purview of this act. The Judge of the Juvenile and Domestic Relations Court is authorized to determine this request. In the event the request is denied, the petitioner shall have the right of appeal within five days to the circuit court. Upon the hearing of such appeal, the judge of the circuit court shall be vested with the discretion of exercising and asserting the jurisdiction of the court of general sessions or of relinquishing jurisdiction to the Juvenile and Domestic Relations Court. In case the circuit judge elects to exercise the jurisdiction of the general sessions court for trial of the case, he shall issue an order to that effect and thereafter the Juvenile and Domestic Relations Court shall have no further jurisdiction in the matter. *Provided*, that when jurisdiction is relinquished by the County Juvenile and Domestic Relations Court in favor of another court, the Juvenile and Domestic Relations Court shall have full authority and power to grant bail and hold a preliminary hearing, and shall also have any

other powers as are now provided by law for magistrates in such cases.

SECTION 8. Habeas corpus.—The judge shall have the power to issue a writ of habeas corpus to produce any person under the age of seventeen in court where necessary.

SECTION 9. Criminal matters — transfer of cases to court.—If, during the pendency of a criminal or quasi-criminal charge against any minor in any other court, it shall be ascertained that the minor was under the age of seventeen years at the time of committing the alleged offense, it shall be the duty of such court to forthwith transfer the case, together with all the papers, documents and testimony connected therewith, to the Juvenile and Domestic Relations Court, except in those cases where the Constitution gives to the circuit court original jurisdiction.

The court making such transfer shall order the minor to be taken forthwith to the place of detention designated by the Juvenile and Domestic Relations Court or to that court itself, or shall release such minor to the custody of some suitable person to be brought before the court at a time designated. The court shall then proceed as provided in this act.

SECTION 10. Transfer of criminal matters from court.—If a child sixteen years of age or older is charged with an offense which would be a felony or misdemeanor, if committed by an adult, and if the court after full investigation deems it contrary to the best interests of such child or of the public to retain jurisdiction, the court may in its discretion certify such child for proper criminal proceedings to any court which would have trial jurisdiction of such offense if committed by an adult.

SECTION 11. Procedures.—Whenever any person informs the court that a child is within the purview of this act, the court shall make preliminary inquiry to determine whether the interests of the public or of the child require that further action be taken. Thereupon the court may make such informal adjustment as is practicable without a petition, or may authorize a petition to be filed by any person. The petition and all subsequent court documents shall be entitled "In the Juvenile and Domestic Relations Court of Anderson County, In the interest of, a child under seventeen years of age."

The petition shall be verified and may be upon information and belief. It shall set forth plainly: (1) the facts which bring the child within the purview of this act; (2) the name, age and residence of the child; (3) the names and residences of his parents, if known; (4) the name and residence of his legal guardian, if there be one, of the person or persons having custody or control of the child, or of the nearest known relative, if no parent or guardian can be found. If any of the facts herein required are not known by the petitioner, the petition shall so state.

Prior to the hearing of a case of any child, the judge shall cause an investigation of all the facts pertaining to the issue to be made. Such investigation shall consist of an examination of the parentage and surroundings of the child, his age, habits and history, and shall include also any inquiry into the home conditions, habits and character of his parents or guardian. In such cases the court shall also, if practicable, cause the child to be examined as to his mentality by a competent and experienced psychologist who shall make a report of his findings. Prior to the hearing of a case of any child who attends school, there shall be obtained from the school which he attends a report concerning him. The school officials shall furnish such report upon the request of the court or its probation counsellor. The court shall, when it is considered necessary, cause a complete physical examination to be made of the child by a competent physician.

SECTION 12. Service of process.—Service of summons shall be made personally by the delivery of an attested copy thereof to the person summoned; *provided*, that if the judge is satisfied that it is impracticable to serve personally the summons or the notice provided for in this act, he may order service by registered mail addressed to the last known address, or by publication thereof, or both. It shall be sufficient to confer jurisdiction if service is effected at least forty-eight hours before the time fixed in the summons for the return thereof.

Service of summons, process or notice required by this act may be made by any suitable person under the direction of the court and upon request of the court shall be made by any peace officer.

SECTION 13. Contempt—additional warrants.—If any person summoned as herein provided shall, without reasonable cause, fail to appear, he may be proceeded against for contempt of court. In case the summons cannot be served, or the parties served fail to obey the same, or in any case when it shall be made to appear to

the judge that the service will be ineffectual, or that the welfare of the child requires that he be brought forthwith into the custody of the court, a warrant or *capias* may be issued for the parent, guardian or the child.

SECTION 14. Custody — notice of appearance — procedures.—

(a) When any child, found violating any law or ordinance, or whose surroundings are such as to endanger his welfare, is taken into custody such taking into custody shall not be termed as arrest. The jurisdiction of the court shall attach from the time of such taking into custody. When a child is so taken into custody, such officer shall notify the parent, guardian, or custodian of the child as soon as possible. Whenever possible, unless otherwise ordered by the court, such child shall be released to the custody of his parent or other responsible adult upon the written promise, signed by such person, to bring the child to the court at a stated time or at such time as the court may direct. Such written promise, accompanied by a written report by the officer, shall be submitted to the court as soon as possible. If such person shall fail to produce the child as agreed upon or upon notice from the court, a summons or a warrant may be issued for the apprehension of such person or of the child, or both.

(b) If the child is not released, as herein provided, such child shall be taken without unnecessary delay to the court or to the place of detention designated by the court, and as soon as possible thereafter the fact of such detention shall be reported to the court, accompanied by a written report by the officer taking the children into custody stating: (1) facts of the offense, and (2) the reason why the child is not released to the parent. Pending further disposition of the case the court may release such child to the custody of the parent or other person or may detain the child in such place as the court shall designate, subject to further order, but no child shall be held in detention longer than two days, excluding Sundays and holidays unless an order for such detention is signed by the judge.

(c) Where practicable no child shall be transported in any police vehicle which also contains adults under arrest. No child shall at any time be detained in any police station, lockup, jail or prison except upon order of the judge and when a child is placed in a jail or other place of detention for adults, he shall be placed in a room or ward entirely separate from adults confined therein.

(d) Provisions regarding bail shall not be applicable to children detained in accordance with the provisions of this act.

(e) Neither the fingerprints nor a photograph shall be taken of any child taken into custody for any purpose, without the consent of the judge.

(f) Peace officers' records of children shall be kept separate from records of adults and shall not be open to public inspection.

SECTION 15. Hearings.—All cases of children shall be dealt with as separate hearings by the court and without a jury. The hearings shall be conducted in an informal manner and may be adjourned from time to time. Stenographic notes or other transcript of the hearings shall be required only if the court so orders. The general public shall be excluded and only such persons admitted as the judge shall find to have a direct interest in the case or in the work of the court. The presence of the child in court may be waived by the court at any stage of the proceedings. Hearings may be held at any time or place within the county designated by the judge.

SECTION 16. Quarters for children.—Children detained by the court shall be quartered in such private home or institution as the judge may direct.

SECTION 17. Powers of court — detention — adjudication.—When a child is found by the court to come within the provisions of Section 7 of this act, the court shall so decree and in its decree shall make a finding of the facts upon which the court exercises its jurisdiction over the child. Upon such decree the court may by order duly entered proceed as follows:

(a) Place the child on probation or under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may determine. Probation shall mean case-work services during a continuance of the case. Probation shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. Probation methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community.

(b) Commit the child to the custody or to the guardianship of a public or private institution or agency authorized to care for children or to place them in family homes, or under the guardianship of a

suitable person. Such commitment shall be for an indeterminate period but in no event shall continue beyond the child's twenty-first birthday. In committing a child to a private institution or agency the court shall select one that is approved by the State Board of Public Welfare.

(c) The court may cause the child concerning whom a petition has been filed to be examined or treated by a physician, psychiatrist or psychologist, and for such purpose may place the child in a hospital or other suitable facility.

(d) Order such other care and treatment as the court may deem best, except as herein otherwise provided. In support of any order or decree the court may require the parents or other persons having the custody of the child, or any other person who has been found by the court to be encouraging, causing or contributing to the acts or conditions which bring the child within the purview of this act, to do or omit to do any acts required or forbidden by law, when the judge deems such requirement necessary for the welfare of the child. In case of failure to comply with such requirement, the court may proceed against such persons for contempt of court.

(e) The court may dismiss the petition or otherwise terminate its jurisdiction at any time.

No adjudication by the court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication, nor shall any child be charged with crime or convicted in any court, except as provided in Section 9 of this act. The disposition made of a child, or any evidence given in the court, shall not operate to disqualify the child in any future civil service application or appointment.

Whenever the court shall commit a child to any institution or agency, it shall transmit with the order of commitment a summary of its information concerning the child, and such institution or agency shall give to the court such information concerning such child as the court may at any time require.

SECTION 18. Guardianships.—Whenever, in the course of a proceeding instituted under this act, it shall appear to the court that the welfare of a child will be promoted by the appointment of an individual as general guardian of his person and property, the court

shall have jurisdiction to make such appointment, with or without petition.

SECTION 19. Persons selected as guardians.—In placing a child under the guardianship or custody of an individual or a private agency or institution the court shall, whenever practicable, select a person or an agency or institution governed by persons of the same religious faith as that of the parents of such child, or in case of a difference in the religious faith of the parents then of the religious faith of the child, or if the religious faith of the child is not ascertainable, then of the faith of either of the parents.

SECTION 20. Criminal jurisdiction.—Whenever a child is committed by the court to custody other than that of his parents, or is given medical, psychological or psychiatric treatment under order of the court, and no provision is otherwise made by law for the support of such child or payment for such treatment, compensation for the care and treatment of such child, when approved by order of the court, shall be subject to whatever provision may be made (for the financing of indigents) by the county. The court may, after giving the parent a reasonable opportunity to be heard, order and decree that such parent shall pay in such manner as the court may direct such sum, within his ability to pay, as will cover in whole or in part the support and treatment of such child. If the parent shall willfully fail or refuse to pay such sum, the court may proceed against him as for contempt.

SECTION 21. Powers of court—jurisdiction.—(a) The court shall have criminal jurisdiction concurrent with other courts having such jurisdiction to try all cases involving an adult charged with the following offenses:

- (1) Bastardy;
- (2) Deserting, abandoning, or failing to provide support for wife or minor dependent unmarried children in violation of the law;
- (3) Contributing to the delinquency of a minor; and
- (4) All those offenses enumerated in Sections 20-301 and 20-302, Code of Laws of South Carolina, 1962.

(b) Upon a magistrate's issuing a warrant charging any person with commission of any of the foregoing offenses, the court shall have power to receive a plea of guilty from the person so charged if such person waives presentment or indictment by the grand jury.

(c) Upon the grand jury's presenting or indicting any person for commission of any of the foregoing offenses, the circuit solicitor may transfer the case, indictment, and all pertinent records to the court for trial or plea. Such trial shall be without a jury unless the defendant demands a trial by jury, and in that event the court shall remand the case to the circuit court.

(d) The court shall have the power to impose the penalty or sentence provided by law for such offenses.

SECTION 22. Additional powers and jurisdiction.—In addition to the jurisdiction and powers conferred upon the Juvenile and Domestic Relations Court, the court shall have jurisdiction and powers as set forth in Sections 15-1221, 15-1222, 15-1226 to 15-1237, inclusive; 15-1239 to 15-1241, inclusive; 15-1243, 15-1244, 15-1246 to 15-1252, inclusive; 15-1254 to 15-1260, inclusive, and 15-1264 to 15-1274, inclusive, of the 1962 Code.

In the exercise of its jurisdiction, the court shall have powers:

(1) To order support of a wife, child or stepchild or both, irrespective of whether they are likely to become a public charge;

(2) To include in the requirements of an order for support the providing of necessary shelter, food, clothing, care, medical attention, expenses of confinement, expense of educating the child, payment of funeral expenses and other proper and reasonable expenses;

(3) To require of persons legally chargeable with the support of a wife, child or stepchild who are possessed of sufficient means or who are able to earn such means the payment weekly or at other fixed periods of a fair and reasonable sum for such support or as a contribution towards such support, according to the means of the persons so chargeable;

(4) To make all orders for support run until further order of the court, except that orders for support of a child shall run until the child is twenty-one years of age or, when there are physical or mental disabilities of the child or other exceptional circumstances that warrant it, in the discretion of the court during any period and beyond the child's minority as such physical or mental disabilities may continue;

(5) To require the support of a wife who needs support when there are no children, even though there is no physical or mental disability;

(6) To make an order for support of a wife by the husband, even though she may have left the home, when the husband's conduct or

condition or his cruel or inhuman behavior made it unsafe, improper or undesirable for her to continue to live with him;

(7) To make an "order of protection" in assistance or as a condition of an order for support, setting forth conditions of behavior to be observed for a specified time which shall be binding upon husbands or wives or both, or upon parties to the proceeding as provided in Section 15-1227, either during the pendency of the proceeding or in the final judgment or in furtherance thereof or both;

(8) To award the custody of the children during the term of any order of protection to either spouse or an appropriate relative or other person or to a child welfare agency or institution;

(9) To determine the manner in which sums ordered paid for support shall be paid and applied;

(10) To require a person ordered to support another to give security by a written undertaking that he will pay the sums ordered by the court for such support and, upon the failure of any person to give such security by a written undertaking when required by order of the court, to punish such person under the provisions of Section 23 of this act; and, when appropriate, to discharge any such undertaking;

(11) In lieu of requiring an undertaking, to suspend sentence and place on probation a person who has failed to support another as required by law and to determine the conditions of such probation and require them to be observed; to revoke such suspension of sentence and probation when circumstances warrant it and to discharge a respondent from probation;

(12) To commit to jail as for contempt of court for a term not to exceed twelve months a person who fails to obey the lawful orders of the court, but such commitment shall not prevent the court from subsequently committing such person for failure thereafter to comply with such orders;

(13) To release on probation prior to the expiration of the full term a person committed to jail for failure to obey an order of the court or upon conviction for nonsupport when the court is satisfied that the best interests of the family and the community will be served thereby;

(14) To modify or vacate any order issued by the court;

(15) To order either before, during or after a hearing a mental, physical and psychiatric examination of the petitioner or respondent;

(16) To commit for purposes of observation, in the manner provided by law for a probate judge or as provided in Section 32-969, a person before the court who the court has reason to believe may be insane;

(17) To send process or other mandates in any matter in which it has jurisdiction into any county of the State for service or execution in like manner and with the same force and effect as similar process or mandates of the circuit courts as provided by law;

(18) To compel the attendance of witnesses;

(19) To make any order necessary to carry out and enforce the provisions of this act and to hear and determine any questions of support, custody, separation or any other matter over which the family court has equitable jurisdiction, without the intervention of a jury; and

(20) To remain for not more than five days for purposes of investigation or to admit to bail or to parole on his own recognizance or in the custody of counsel a person charged with nonsupport.

SECTION 23. Contempt—penalties.—Any adult who willfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provisions of this act, may be proceeded against for contempt of court. Any adult found in contempt of court may be punished by a fine not to exceed one thousand dollars or by imprisonment not to exceed one year, or by both such fine and imprisonment.

SECTION 24. Sessions of court.—Sessions of the court shall be held at such times as the court shall from time to time determine. The quarters for the hearing of cases and for the use of the judge and other employees of the court shall be such as designated by the governing body of Anderson County.

SECTION 25. Fees.—In proceedings under Section 7 of this act, no court fee shall be charged against and no witness fees shall be allowed to any party to a petition. No officer of the State or of any political subdivision thereof shall be entitled to receive any fee for the service of process or for attendance in court in any such proceedings. All other persons acting under orders of the court may be paid for services or service of process, and attendance or serving as witnesses, the fees provided by law for like services in cases before the circuit court, to be paid from the appropriation provided when the allowances are certified to by the judge. In cases, other than those

under Section 7, the court shall receive such fees and costs as are provided by law for like proceedings in the circuit court. Such fees and costs shall be remitted to the Treasurer of Anderson County.

SECTION 26. Records.—The court shall make and keep records of all cases brought before it and shall devise and cause to be printed such forms for social and legal records and such other papers as may be required. The court's official records shall be open to inspection only by consent of the judge to persons having a legitimate interest therein. All information obtained and social records prepared in the discharge of official duty by an employee of the court shall be privileged and shall not be disclosed directly or indirectly to anyone other than the judge or others entitled under this act to receive such information, unless and until otherwise ordered by the judge. The name or picture of any child under the jurisdiction of the court shall not be made public by any newspaper or radio or television station except as authorized by order of the court. Any person found guilty of violating this section shall be guilty of a misdemeanor and subject to be fined not more than one hundred dollars or imprisonment for not more than thirty days. The records in proceedings under Section 7 of this act shall be filed in the office of the court. The records of all other proceedings shall be filed in the office of the Clerk of Court for Anderson County.

SECTION 27. Cooperation with and by other agencies.—The court is authorized to seek the cooperation of all societies or organizations, public or private, having for their object the protection or aid of delinquents or neglected children, to the end that the court may be assisted in every reasonable way to give to all such children the care, protection and assistance which will conserve the welfare of such children. It is made the duty of every city, town or municipal official or department in the county to render such assistance and cooperation within his or its jurisdictional power to further the objects of this act. All institutions, associations or other custodial agencies in which any child may be, coming within the provisions of this act, are required to give such information to the court or any of the officers appointed by it as the court of officers may require for the purpose of this act.

SECTION 28. Appeals.—Any party to a proceeding may appeal from any order or decree of the court to the circuit court in the manner now provided for appeal to the circuit court from other inferior courts.

The pendency of an appeal or application therefor shall not suspend the order of the Juvenile and Domestic Relations Court regarding a child nor shall it discharge the child from the custody of that court or of the person, institution or agency to whose care such child shall have been committed. If the circuit court does not dismiss the proceedings and discharge the child, it shall affirm or modify the order of the Juvenile and Domestic Relations Court and remand the child to the jurisdiction of that court for supervision and care, and thereafter the child shall be and shall remain under the jurisdiction of the Juvenile and Domestic Relations Court in the same manner as if no appeal had been taken.

SECTION 29. Concurrent divorce jurisdiction.—The court shall have concurrent jurisdiction with the circuit court in cases of divorce.

SECTION 30. Adoption jurisdiction—Uniform Reciprocal Enforcement of Support Act.—The court shall also have jurisdiction over adoption proceedings and the jurisdiction conferred on domestic relations courts by Sections 20-311 to 20-340, Code of Laws of South Carolina, 1962, known as the "Uniform Reciprocal Enforcement of Support Act".

SECTION 31. Operational date of court.—The court as provided for in this act shall not begin to function until July 1, 1967, at which time the judge shall enter upon the performance of his duties.

It is contemplated, however, that all acts necessary to be done to put the court in operation by July 1, 1967, will be done in a reasonable time immediately after the approval of this act.

SECTION 32. Time effective.—This act shall take effect upon approval by the Governor.

No. 540

An Act To Reapportion The Senate Of The General Assembly Of South Carolina, And To Define A County Legislative Delegation In Multi-County Districts.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly—policy stated.—The General Assembly makes findings of fact and statements of policy as follows:

1. It is the public policy of this State that counties, as constitutionally recognized political subdivisions of this State, shall be treated as basic units to construct election districts for the reapportionment of the Senate; and because of historical association, the charging of counties with various responsibilities incident to the operation of State government, the organization of county governments, special purpose districts, school districts and other governmental units of common interest, and the enactment by this Assembly of local legislation for such counties, it is the public policy of the State that in reapportion-

ing the Senate, and in order to deter the possibilities of gerrymandering, county boundaries should not be disturbed.

2. It is found by the General Assembly that, in order to achieve effective representative government, when it becomes necessary to group counties into a senatorial district for purposes of reapportionment of the Senate, they shall be grouped on the basis of compactness, proximity, common economic interests and characteristics, comparable geographical features and degree of urbanization.

3. The difficulty of reapportioning the Senate within acceptable tolerances, both presently and in the future, makes desirable the establishment of senatorial districts with considerable flexibility or variation in the number of Senators and the number of counties for each election district.

4. It is further found by the General Assembly that resident Senators should be provided for as many counties as practicable in order to assure wider distribution of representation for the people throughout multi-county districts, to prevent political subordination of minorities living in small counties grouped with large counties, and to protect the large counties from political subordination which might result through a combination of small counties within a multi-county district, thereby assuring proper representation of the more populous counties.

5. It is found that, as a result of a referendum held under authority of an act of the General Assembly ratified February 16, 1967, a portion of Oconee County containing 3,966 inhabitants under the United States Census of 1960, has now become a part of Pickens County and that the population of Pickens County for the purposes of reapportionment of the Senate should be 49,996 and the population of Oconee County should be 36,238.

SECTION 2. Senatorial districts defined.—(a) Effective commencing with the 1968 elections, the State of South Carolina is hereby divided into twenty senatorial districts with the number of Senators assigned to each district as follows:

Total population (2,382,594) divided by number of Senators (46) equals 51,796 (number of people per Senator).

(b) The present determination for reapportionment of the State Senate shall be based on the population figures as determined by the 1960 United States Census.

(c) Senators shall be elected in the general election of 1968 for four-year terms and each four years thereafter.

(d) Each senate office shall constitute a separate and distinct office to which a separate number shall be assigned within each senatorial district. A candidate for the office of Senator within any such district shall be required to qualify for a specific senate office and shall not be permitted to qualify for more than one such office in any one election for the office of Senator.

The election ballots for the office of Senator in each district shall reflect the number assigned to each Senate office and the names of the candidates for each.

SECTION 3. Resident senators—filing in multi-county districts.—(a) In a multi-county district, when the population of any county exceeds one-fourty-sixth of the State's population it may have a number of resident Senators equal to each whole part of one-fourty-sixth of the State's population of such county and may have an additional resident Senator for any fractional part of such one-fourty-sixth only if such fractional part is at least one-half of one-fourty-sixth of the State's population; *provided*, that nothing herein shall be construed to mean that any county shall be prevented from having at least one resident Senator.

(b) All candidates for the office of State Senate in multi-county districts who are residents of the same county shall compete for the same numbered office except in those districts where more than

one Senator may be elected from a county. When filing has been made for the number of offices for which such a county is eligible, all additional candidates from the same county shall qualify for one of the same offices only.

SECTION 4. Definition of legislative delegation—exceptions.

—In multi-county senatorial districts, all references in existing statutes relative to county affairs and appointments to the members of a county legislative delegation or language of similar import, except in statutes relating to appointments required to be made upon the advice and consent of the Senate, in a determination of action by the delegation under the statutes, shall mean a majority of the members of the House of Representatives resident in the county when such county is without a resident senator and one-half of such members when such county has a resident senator and shall include in all such counties with or without a resident senator at least one senator thereof in those districts having not more than two senators and at least two senators in those districts having at least three senators; *provided*, however, that this section shall not apply to any county having more than five members of the House of Representatives.

SECTION 5. Saving clause.—If any provision herein shall be declared to be invalid such declaration shall not invalidate the remaining provisions of this act.

SECTION 6. Present Senate membership continues until qualification of reapportioned Senate.—The members of the Senate as now constituted shall continue to serve until the Senators elected under the provisions of this act have qualified.

SECTION 7. Time effective.—This act shall take effect upon approval by the Governor.

SECTION 4. Petition for formation.—When twenty-five or more owners of land lying within a proposed watershed conservation district, or, if less than fifty landowners are involved, a majority of such landowners, desire to form a watershed conservation district, they shall file a petition with the supervisors of the soil and water conservation district in which the proposed watershed conservation district is situated, asking that a watershed conservation district be organized to function in the area described in the petition. Such petition shall set forth the proposed name of the watershed conservation district; that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory described in the petition; a description of the territory proposed to be organized as a watershed conservation district, which description need not be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate; the approximate number of areas of land included in the proposed watershed conservation district; the maximum rate, expressed in mills on each dollar of assessed valuation, at which taxes may be levied for any one fiscal year for the purposes of the watershed conservation district, except that such limitation shall not be applicable to the levy of taxes authorized in Section 12 for the payment of interest on indebtedness or bonds or to amortize indebtedness or bonds; and a request that the area described in the petition be established as a watershed conservation district.

SECTION 5. When district is situated in more than one soil and conservation district.—If the proposed watershed conservation district is situated in more than one soil and water conservation district, a copy of the petition shall be presented to the governing body of each

soil and water conservation district in which any part of such proposed watershed conservation district is situated, and the supervisors of all such soil and water conservation districts shall act as a joint board of supervisors with respect to all matters concerning such watershed conservation district, including its creation. Such watershed conservation district shall be organized in like manner and shall have the same powers and duties as a watershed conservation district situated entirely in one soil and water conservation district.

SECTION 6. Hearing on petition.—(1) Within thirty days after such petition has been filed with the supervisors of the soil and water conservation district, they shall cause due notice to be given of a hearing upon the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of the watershed conservation district. All interested parties shall have the right to attend such hearing and to be heard. If it shall appear at the hearing that other lands should be included in the petition or that land included in the petition should be excluded, the supervisors may permit such inclusion or exclusion, provided the land area involved still meets the requirements of Section 3 of this act.

(2) If it appears upon the hearing that it may be desirable to include within the proposed watershed conservation district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of a further hearing shall be given throughout the entire area considered for inclusion in the proposed watershed conservation district, and such further hearing shall be held. After final hearing, if the supervisors determine, upon the facts presented at the hearing and upon other available information, that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory considered at the hearing, they shall make and record in their minutes such determination, and shall define the boundaries of the proposed watershed conservation district.

(3) If the supervisors determine after such hearing that there is no need for a watershed conservation district to function in the territory considered at the hearing, they shall make and record in their minutes such determination and shall deny the petition.

SECTION 7. Referendum.—After the supervisors of the soil and water conservation district have made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory

considered at the hearing, and have defined the boundaries thereof, they shall consider the question of whether the operation of a watershed conservation district within the proposed boundaries with the powers conferred upon it by this act is administratively practicable and feasible. To assist the supervisors in making this determination, they shall, within a reasonable time after the entry of a finding that there is need for the organization of a watershed conservation district and the determination of the boundaries thereof, hold a referendum within the proposed watershed conservation district upon the proposition of the creation of the watershed conservation district. Due notice of the referendum shall be given by the supervisors. Such notice shall describe the boundaries of the proposed watershed district as determined by the supervisors of the soil and water conservation district, as provided in Section 6 (2), and shall state the question to be voted upon, the date of holding the referendum, the hours of opening and closing the polls, and shall designate one or more places within the proposed watershed conservation district as polling places. The supervisors shall have complete charge of the referendum and shall have suitable ballots printed and furnished to each polling place, appoint necessary box managers and other officials considered necessary in the proper conduct of the referendum, and shall canvass the referendum and announce the results. The cost of holding the referendum shall be paid from the general fund of the county concerned, and if more than one county is involved, the cost shall be borne by each county in proportion to the area of each county included in the proposed district. Such costs shall be reimbursed to the county, or counties, upon establishment of the district and collection of the tax hereinafter provided for.

SECTION 8. Question.—The question to be voted on shall be printed upon the ballots as follows:

“For creation of Watershed Conservation District”

“Against creation of Watershed Conservation District”

A square shall follow each proposition. The ballot shall contain a direction to insert an “X” mark in the square following one or the other of the propositions as the voter may favor or oppose creation of the watershed conservation district. All qualified electors of the proposed watershed conservation district shall be eligible to vote in the referendum. Qualified voters may vote by absentee ballot in the referendum under such rules and regulations as may be prescribed by the supervisors. No informalities in the conduct of the referendum

or in any matters relating thereto shall invalidate the referendum or the result thereof if notice shall have been given substantially as herein provided and the referendum shall have been fairly conducted.

SECTION 9. Results—district to be created if results and determination favorable.—The votes shall be counted by the referendum officials at the close of the polls and a report of the results, together with the ballots, shall be delivered and certified to the supervisors of the soil and water conservation district; and thereafter the supervisors shall determine whether the operation of the watershed conservation district within the defined boundaries is administratively practicable and feasible. If the supervisors determine that the operation of such district is not administratively practicable and feasible, they shall record such determination and deny the petition. If the supervisors determine that the operation of the district is administratively practicable and feasible, they shall record such determination and shall proceed with the organization of the district in the manner herein-after set forth. The supervisors shall not have authority to determine that the operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum upon the proposition of the creation of the district shall have been cast in favor of the creation of such district. If the supervisors shall determine that the operation of the district is administratively practicable and feasible, they shall certify such determination to the clerk of court of the county or counties in which any part of the district is situated. Upon proper recordation by the clerk of court of such determination, the watershed conservation district shall constitute a governmental subdivision of this State and a public body corporate and politic. After being recorded, such certification shall be filed with the State Soil and Water Conservation Committee. The rate at which taxes for any one fiscal year may be levied for the purposes of such district shall be subject to the limitation set forth in the petition for establishment of the district as provided for in Section 4.

SECTION 10.—Board of directors to govern district—nominating petitions—election—ballots—terms—officers—bond of officers—records and audit.—(1) The governing body of the watershed conservation district shall consist of five directors, elected as provided herein.

(2) Within thirty days after a watershed conservation district has been created, nominating petitions may be filed with the supervisors of the soil and water conservation district to nominate candidates

for directors of the watershed conservation district. A nominating petition to be submitted to the supervisors must be signed by not less than twenty-five qualified electors of the watershed conservation district. Qualified electors may sign more than one such nominating petition to nominate more than one candidate for director. If the candidates nominated do not exceed the number of directors to be chosen, the supervisors shall declare them to be elected. No person shall be eligible to be a director of a watershed conservation district who is not a qualified elector of the watershed conservation district within which he seeks election.

(3) The supervisors shall, within a reasonable time after the expiration of the thirty day nominating period, cause an election to be held within the watershed conservation district for the election of five directors of such district. The provisions of Sections 7, 8, and 9 of this act as to notice, qualifications of voters, absentee voting, and the manner of holding the referendum in organizing a watershed conservation district, shall apply insofar as practicable to the election of the directors. The names of all nominees on behalf of whom nominating petitions have been filed as hereinabove provided shall be printed, arranged in alphabetical order of their surnames, upon ballots with a square before each name and a direction to insert an "X" mark in the square before any five names to indicate the voter's preference. All qualified electors of the district shall be eligible to vote in the election. The five candidates who shall receive the largest number respectively of the votes cast in such election shall be the elected directors of the watershed conservation district. The five elected directors shall, under the general supervision of the supervisors of the soil and water conservation district, be the governing body of the watershed conservation district.

(4) Of the directors first elected, the two receiving the largest number of votes shall serve for terms of four years, the two receiving the next largest number of votes shall serve for terms of three years, and the one receiving the next largest number of votes shall serve for a term of two years. The term of office of each of their successors shall be four years and the selection of successors shall be in the same manner as provided for original directors, except that in case of a vacancy occurring before the expiration of any term, a successor to serve for the unexpired portion of the term shall be appointed by the remaining members of the board of directors, with the approval of the board of supervisors. Any director may be removed

by the board of supervisors upon notice and hearing for neglect of duty or malfeasance in office, but for no other reason.

(5) The directors shall annually elect from among their number a chairman, secretary, and treasurer. The board of directors may, with the approval of the board of supervisors, employ such officers, agents, and other employees as they may require, and shall determine their qualifications, duties, and compensation. The board of directors shall provide for the execution of surety bonds for such officers, agents and employees as shall be entrusted with funds or property of the watershed conservation district, and shall provide for the keeping of a full and accurate record of the proceedings, resolutions, and other actions of the board, and for the making and publication of an annual audit of the accounts of the district.

(6) The directors shall receive no compensation for their services, but they may be reimbursed for expenses, including traveling expenses, necessarily incurred in the discharge of their duties as approved by the board of supervisors.

SECTION 11. District to be corporate body—powers and duties.—A watershed conservation district organized under the provisions of this act shall constitute a governmental subdivision of this State, and a public body corporate and politic, exercising public powers, and such district and the directors thereof shall, subject to the general supervision of the supervisors of the soil and water conservation district, have the following powers, in addition to others granted by this act:

(1) To acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, or through condemnation proceedings in the manner provided in Chapter 2 of Title 25, Code of Laws of South Carolina, 1962, such lands, easements, or rights-of-ways as are needed to carry out any authorized purpose of the watershed conservation district; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this act. *Provided*, however, that the condemnation of an existing public use shall be denied unless it can be shown that the specific property to be condemned is absolutely essential to the district, and the use to be condemned does not materially impair the existing public use;

(2) To construct, reconstruct, repair, enlarge, improve, operate, and maintain such works of improvement as may be necessary or

convenient for the performance of any of the operations authorized by this act;

(3) To borrow money and to execute promissory notes and other evidences of debt in connection therewith for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of such district, and if promissory notes are issued, to execute such mortgages on any real property owned by the district, or assign or pledge such revenues, including anticipated tax revenues, of the district as may be required by the lender as security for the repayment of the loan; and to issue, negotiate, and sell its bonds, notes, and other evidences of debt as provided in Section 12 of this act;

(4) To sue and be sued in the name of the district; to have a seal which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; and to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers;

(5) To levy an annual tax as hereinafter provided on the real property within the district for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of the district.

SECTION 12. Bonds not to be issued unless referendum held.

—(1) Bonds, notes, and other evidences of debt authorized by Section 11 of this act shall not be issued until proposed by order or resolution of the directors of the watershed conservation district, specifying the purpose for which the funds are to be used and the proposed undertaking, the amount of bonds to be issued and the maximum rate of interest they are to bear. A copy of the order or resolution shall be certified to the supervisors of the soil and water conservation district.

(2) The supervisors shall hold a hearing on any such proposal for bonds or other long term indebtedness that is required by law to be voted upon at an election after having given due notice of such hearing. If it appears that the proposal is within the scope and purpose of this act and meets all other requirements of the law, the proposal shall be submitted to the qualified electors of the district by a referendum held by the supervisors.

(3) The provisions of Sections 7, 8, and 9 as to notice, qualifications of voters, absentee voting, and manner of holding the referen-

dum in organizing a watershed conservation district shall apply insofar as practicable to the referendum held under this section.

(4) If two-thirds of the votes cast in such referendum favor the proposal, the directors shall be authorized to issue such bonds.

(5) The type of indebtedness incurred or bonds issued shall be that adopted by the board of directors of the watershed conservation district.

(6) The board of directors shall, if necessary for the payment of interest or any indebtedness incurred or bonds issued by the district, or to amortize any such indebtedness or bonds, levy an annual tax on real property within the watershed conservation district. For the purposes of such tax levy the assessed valuation of the real property shall be the same assessed valuation that is used for the general county levy; and such tax shall be levied and collected in the same manner as provided herein for the levy and collection of other taxes authorized by this act.

SECTION 13. Budget—tax levy.—Within the first quarter of each calendar year the directors of the watershed conservation district shall prepare an itemized budget of the funds needed for costs and expenses of organizing the district, for administration of the district and for carrying out any authorized purpose of the district, including construction, operation and maintenance of works of improvement. After approval of the budget by the supervisors of the soil and water conservation district, the county auditor shall levy a tax sufficient to meet the budget on all real property within the watershed conservation district at a tax rate as determined annually by the directors, subject to the limitation set forth in the petition for the establishment of the district in accordance with the provisions of Section 4. A copy of such budget shall be certified to the county auditor of the county or counties involved.

SECTION 14. List of landowners and acres subject to assessment.—(1) The directors of the watershed conservation district with the assistance of the county auditor shall prepare a list of the landowners in each county involved showing the number of acres subject to assessment.

(2) When the property tax rolls are delivered to the county treasurer by the county auditor, as required by law, the county treasurer shall compute the tax due the watershed conservation district from each landowner in accordance with the rate fixed by the di-

rectors and the assessed valuation of the real property shown on the tax roll. The computation shall be made on the regular tax bills.

SECTION 15. Collection of taxes.—(1) The county treasurer shall collect the taxes due the watershed conservation district at the same time and in the same manner as other taxes of the county are collected.

(2) Such taxes shall be subject to the same provisions of law for due and delinquency dates, discounts, penalties and interest and tax liens as are applicable to county taxes.

SECTION 16. Expenditures.—Tax funds collected shall be transferred to and held by the treasurer of the watershed conservation district for the specific purpose for which they have been collected. All expenditures of such funds shall be made by the directors of the watershed conservation district.

SECTION 17. Petition to have lands added.—(1) Any one or more owners of land may petition the supervisors of the soil and water conservation district to have their lands added to a watershed conservation district. Such petition shall set forth the boundaries of the land desired to be annexed, the number of acres of land involved, and other information pertinent to such proposal. When the boundary described embraces lands of others than the petitioners, the petition shall so state and shall be signed by a majority of the landowners within the territory described in the petition.

(2) Within thirty days after such petition is filed, the supervisors shall cause due notice to be given of a hearing on such petition. All interested parties shall have a right to attend such hearing and to be heard. After such hearing the supervisors shall determine whether the lands described in the petition or any portion thereof shall be included in the watershed conservation district. If the supervisors determine that such land should be added, they shall certify this fact to the county auditor of the county or counties involved for recording. After being recorded, the certification shall be filed with the State Soil and Water Conservation Committee.

SECTION 18. Petition to have lands detached.—The owner of lands which have not and cannot be benefited by their inclusion in the watershed conservation district may petition the supervisors of the soil and water conservation district to have such lands detached. The petition shall describe the lands and state the reasons why they should be detached. A hearing shall be held by the supervisors with-

in thirty days after the petition is filed. Due notice of such hearing shall be given by the supervisors. If it is determined by the supervisors that such lands shall be detached, such determination shall be certified to the county auditor of the county or counties involved for recording. After being recorded, the certification shall be filed with the State Soil and Water Conservation Committee.

SECTION 19. Petition for discontinuance of district—hearing—referendum — discontinuance if election and determination favorable.—(1) At any time after five years after the organization of a watershed conservation district, twenty-five or more landowners within such district, or if less than fifty landowners are involved, a majority of such landowners, may file a petition with the supervisors of the soil and water conservation district asking that the existence of the watershed conservation district be discontinued. The petition shall state the reasons for discontinuance, and that all obligations of the watershed conservation district have been met. After giving due notice, the supervisors shall conduct a hearing on the petition for the purpose of determining whether the reasons given for discontinuance are valid and that all obligations have been met. If it is determined that all obligations have not been met, the petition for discontinuance shall be denied.

(2) If it is determined that the reasons given for discontinuance are valid and that all obligations have been met, the supervisors shall, within sixty days, and after giving due notice, hold a referendum substantially as provided for in connection with the establishment of a watershed conservation district. The question shall be submitted by ballots upon which the words "For terminating the existence of the Watershed Conservation District" and "Against terminating the existence of the Watershed Conservation District" shall be printed, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of said propositions as the voter may favor or oppose the discontinuance of such watershed conservation district. All qualified electors of the watershed conservation district shall be eligible to vote in the election. No informality in the conduct of the referendum or in any matters relating thereto shall invalidate the election or the results thereof if notice thereof shall have been given substantially as herein provided and the referendum shall have been fairly conducted.

(3) The supervisors shall publish the results of such referendum and shall thereafter determine whether the continued operation of the watershed conservation district is administratively practicable and feasible. If the supervisors determine that the continued operation of the watershed conservation district is administratively practicable and feasible, they shall record such determination and deny the petition. If the supervisors determine that the continued operation of the watershed conservation district is not administratively practicable and feasible, they shall record such determination and shall certify such determination to the directors of the watershed conservation district; *provided*, however, that the supervisors shall not be authorized to determine that the continued operation of the watershed conservation district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of the watershed conservation district.

(4) Upon receipt from the supervisors of a certification that they have determined that the continued operation of the watershed conservation district is not administratively practicable and feasible, the directors shall forthwith terminate the affairs of the watershed conservation district. A copy of the determination shall be certified to the auditor of the county or counties involved for recording. After being recorded, the certification shall be filed with the State Soil and Water Conservation Committee.

SECTION 20.—Supervisory authority if district discontinued.—

If any soil and water conservation district in which any part of a watershed conservation district is situated is discontinued, all supervisory authority over the affairs of the watershed conservation district which was previously exercised by the supervisors of such soil and water conservation district shall thereafter be exercised by the governing body of the county or counties involved.

SECTION 21. Repeal.—All acts or parts of acts inconsistent herewith are repealed, except that those watershed conservation districts authorized by law prior to the effective date of this act and in existence shall not be affected and shall be deemed properly constituted, and the laws governing the constitution and operation of such districts shall continue in full force and effect until dissolved by resolution of the board of directors of such district, following a public hearing on the question of dissolution and with the approval of the board of supervisors of the soil and water conservation district in which the watershed is located. Any watershed conservation district in

existence on the effective date of this act and desiring to be organized under the provisions of this act may do so by resolution setting forth these facts and adopted at a public meeting of the board of directors and the same board of directors shall continue to serve as the new board of directors for the unexpired term to which elected and their successors shall be elected pursuant to the terms of this act.

SECTION 22. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 14th day of April, 1967.

No. 619

An Act To Authorize The Board Of Visitors Of The Citadel, The Military College Of South Carolina, To Renovate And Improve Its Student Housing Facilities; To Empower The Board Of Visitors To Effect Loans For Such Purposes Through The Issuance Of Bonds Payable From The Revenues Derived From Student Housing Facilities; To Define The Procedure By Which Such Loans May Be Effected; And To Make Provision For The Payment Thereof.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—As an incident to the enactment of this act the General Assembly makes the following findings:

1. A need exists for the refurnishing and re-equipping of the barracks at The Citadel, the Military College of South Carolina (The Citadel), which are the sole facilities providing student housing. As of this date none of the revenues derived from such housing facilities are hypothecated or pledged and there are outstanding no bonds or other obligations of The Citadel payable from revenues derived from this source.

2. Apart from bonds issued by the State of South Carolina for improvements at The Citadel pursuant to Chapter 2 of Title 22,

Code of Laws of South Carolina, 1962 (State Institution Bonds), the only obligations of The Citadel payable from revenues derived from any of its facilities are those of the now outstanding two hundred forty thousand dollars of an original issue of three hundred fifty thousand dollars FACULTY HOUSING REVENUE BONDS, SERIES OF 1957, OF THE CITADEL, THE MILITARY COLLEGE OF SOUTH CAROLINA, dated the 1ST. DAY OF NOVEMBER, 1957. Such bonds are payable from, and secured by a pledge of, revenues derived only from faculty housing facilities and have no claim to revenues derived from student housing facilities.

3. The General Assembly finds that the cost of the refurnishing and re-equipping referred to in Paragraph 1 is estimated to be four hundred thousand dollars.

4. The General Assembly has determined that such moneys should be raised by a loan payable from the revenues derived from Student Housing Facilities and on that basis has caused this act to be enacted.

SECTION 2. The Citadel may renovate student housing facilities.—The Board of Visitors of The Citadel (the Board) is authorized to refurnish and re-equip existing student housing facilities at The Citadel, to the extent that they shall approve and effect.

SECTION 3. May borrow money.—In order to provide a method by which the Board may raise the moneys required for the purposes set forth in Section 1, the Board is authorized to borrow not exceeding four hundred thousand dollars and to apply the proceeds thereof for the purpose of refurnishing and re-equipping barracks at The Citadel.

SECTION 4. Bonds to be paid from housing revenue.—All bonds issued pursuant to this act shall be payable from the entire revenues derived by The Citadel from all student housing facilities which it may now or hereafter possess and utilize and such revenues shall be pledged to the payment of the principal and interest of such bonds in the manner herein provided; *provided*, that in the issuance of such bonds The Citadel shall reserve the right to issue additional bonds payable from such revenues and on a parity with the bonds authorized by this act, if pursuant to legislation hereafter enacted the right shall be granted to the Board to issue such additional bonds.

SECTION 5. Credit of State not to be pledged.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of such bonds, and there shall be on the face of each bond a statement plainly worded, to that effect. Neither the Board nor any other person signing the bonds shall be personally liable thereon.

SECTION 6. Adopt resolutions for issuance of bonds.—In order to avail themselves of the authorizations set forth in this act, the Board of The Citadel shall adopt resolutions providing for the issuance of bonds of The Citadel, within the limitations herein mentioned, which resolutions shall prescribe the tenor, terms and conditions of such bonds. Such bonds shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions as the Board shall determine. *Provided*, always, that the last maturing bonds of any issue shall be expressed to mature not later than fifty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due within five years from their date. They shall bear such rates of interest, payable on such occasion, as the Board shall prescribe, and the bonds shall be in such denominations, shall be payable in such medium of payment, and at such place as such resolutions shall prescribe. All bonds maturing subsequent to fifteen years from their date shall be subject to redemption not later than fifteen years from their date, and on all subsequent interest payment dates prior to their respective maturities. All bonds may be issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount as the Board shall prescribe in the resolutions authorizing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 7. Negotiability.—Such bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered on the books of the Comptroller of The Citadel, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the Board may prescribe, or such bonds

may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor described above.

SECTION 8. Exempt from taxes.—The bonds authorized by this act and all interest to become due thereon shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 9. Certain persons may invest in bonds.—It shall be lawful for all executors, administrators, guardians and fiduciaries, all sinking fund commissions, and the State Budget and Control Board, as Trustee of the South Carolina Retirement System, to invest any moneys in their hands in such bonds.

SECTION 10. Execution.—Such bonds and the coupons, if any, attached to such bonds, shall be executed in the name of The Citadel in such manner and by such persons as the Board shall from time to time determine, and the seal of The Citadel shall be affixed to or impressed on each bond. SECTION 12. Powers.—To the end that the payment of the principal and interest of the bonds authorized hereby shall be adequately secured, the Board of The Citadel shall be empowered in their discretion:

1. To issue bonds in such amount, within the limitations herein provided for, as the Board shall deem necessary, provided that it shall be lawful for the Board to use a portion of the principal proceeds derived from any sale of bonds, except bonds issued to effect refunding of outstanding bonds, to meet the payment of interest

on such bonds for a period of one year, it being recognized by the General Assembly, that until the facilities, to be constructed with the proceeds of the loan, shall be completed, an undue burden may be imposed upon then existing revenues.

2. To pledge the entire revenues specified in Section 2 of this act, for the payment of the principal of and interest on the bonds as they respectively mature.

3. To covenant that no housing facilities owned by The Citadel will be used free of charge, or to specify and limit the facilities which may be made use of free of charge.

6. To covenant against the mortgaging or disposing of the facilities, whose revenues shall be pledged for the payment of such bonds, and against permitting or suffering any lien to be created thereon, equal or superior to the lien, created for the benefit of such bonds. *Provided*, always, that the Board shall be empowered to discontinue the use of, or demolish, obsolete facilities and to reserve the right, under such terms as they shall prescribe, to issue additional bonds on a parity with the bonds authorized by this act, if at some later date they shall obtain legislative authorization for the issuance of such further bonds.

Such lien shall extend to such facilities, to their appurtenances and extension, to their additions, improvements and enlargements to the extent specified in the resolutions and shall inure to the benefit of the holders of the bonds secured thereby. Such facilities shall remain subject to such statutory lien until the payment in full of the principal and interest of the bonds. Any holder of any of the bonds, or any of the coupons representing interest thereon, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien, and may, by suit, action, mandamus or other proceedings enforce and compel performance of all duties of the Board, including the fixing of sufficient rates, the proper segregation of the revenues, and the proper application thereof. *Provided*, however, that the statutory lien shall not be construed to give any such bond or coupon holder authority to compel the sale of any of the facilities, or any part thereof.

16. To covenant that if there be any default in the payment of the principal of or interest upon any of the bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the facilities, whose revenues shall be pledged for the payment of such bonds, with power to fix rates and charges for the facilities, sufficient to provide for the payment of the expense of operating and maintaining such facilities, and to apply the income and revenues of such facilities to the payment of such bonds, and the interest thereon.

An Act To Authorize The Board Of Trustees Of The Medical College Of South Carolina To Construct Off-Street Parking Facilities On Its Properties In Charleston; To Empower The Board To Secure Loans For Such Purposes Through The Issuance Of Bonds Payable From The Revenues Derived From Such Facilities; To Define The Procedure By Which Such Loans May Be Effected And The Covenants And Undertakings To Secure The Loans; And To Make Provision For Payment.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings.—As an incident to the enactment of this act the General Assembly makes the following findings:

1. An acute shortage of off-street parking facilities now exists at the Medical College of South Carolina (the Medical College), which will inevitably increase as the expansion program of the College, heretofore authorized by the General Assembly takes place. The expansion program contemplates the closing of Doughty Street, on which limited parking now exists, which will further add to the problem. Much of the problem is centered about the teaching hospital at the Medical College, which is located in the area of the so-called Charleston Medical Center. At the present time the parking of motor vehicles in the immediate vicinity of the teaching hospital is often impossible. Mindful of the problem, the Trustees of the Medical College employed consultants, who report that ready accessibility to the facilities of the Medical College is imperative to the proper functioning of the Medical College and that due to the lack of parking areas in nearby streets, it is necessary that off-street parking facilities be developed.

This study indicates that the number of vehicles requiring parking is constantly increasing and that it is impracticable and too expensive to acquire land for off-street parking.

The study indicates that the most economic approach requires the construction of a multi-level parking garage. The study indicates that if such a garage were constructed and the remaining available land areas redesigned, adequate parking facilities could be provided.

The study likewise indicates that if suitable rules, relating to the use of the off-street parking facilities of the Medical College, were promulgated and proper rates established, the entire project would be self-liquidating.

The General Assembly notes that, in the instance of incorporated municipalities, a general law exists, authorizing municipalities to establish off-street parking facilities, to make charges therefor and to finance such projects through the issuance of bonds payable, in part, from the revenues of such project.

It has been determined that in the instance of the Medical College a similar approach should be undertaken. It therefore proposes to authorize the Medical College to construct and establish off-street parking facilities, including a multi-level parking garage, to promote rules prescribing and requiring that those who would park on the

properties of the Medical College make use of such facilities and to pay therefor in accordance with a schedule of rates and charges, which shall be so designed as to produce not less than the sums required for debt service on the bonds authorized by this act.

SECTION 2. Authorization to Medical College Trustees related to parking facilities.—Subject to the conditions of this act, the Trustees of the Medical College are authorized to:

(a) provide off-street parking facilities on its properties, including one or more multi-level garage parking facilities;

(b) promulgate rules and regulations concerning the use of such facilities, including rules requiring those who undertake to park motor vehicles on the properties of the college utilize such facilities; and

(c) to establish and maintain, and revise from time to time, whenever necessary, a schedule of rates and charges for the use of such facilities, which shall be designed to provide not less than the sums required to pay principal and interest of any bonds authorized pursuant to this act.

SECTION 3. Issue of bonds.—If the approval of the State Budget and Control Board (the State Board) be obtained and expressed by resolution duly adopted by such State Board, the Board of Trustees of the Medical College shall be authorized and empowered to issue, from time to time, bonds of the Medical College of South Carolina, payable from the revenues required by this act to be pledged therefor, in such amount as the trustees and the State Board shall approve.

SECTION 4. Payment.—All bonds issued pursuant to this act shall be payable from the entire revenues derived by the Medical College from all off-street parking facilities which it may now or hereafter possess and such revenues shall be pledged to the payment of the principal and interest of such bonds in the manner herein provided; *provided*, that in the issuance of such bonds the Medical College may reserve the right to issue additional bonds payable from such revenues and on a parity with the bonds authorized by this act, whether issued pursuant to this act or pursuant to legislation hereafter enacted.

SECTION 5. State credit not pledged.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of such bonds, and there shall be on the face of each bond a statement plainly worded, to that effect. Neither the

trustees nor any other person signing the bonds shall be personally liable thereon.

SECTION 6. Maturity.—In order to avail themselves of the authorizations set forth in this act, the trustees shall adopt resolutions providing for the issuance of the bonds within the limitations herein mentioned, which resolutions shall prescribe the tenor, terms and conditions of such bonds. Such bonds shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions as the trustees shall determine. *Provided*, always, that the last maturing bonds of any issue shall be expressed to mature not later than forty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due within five years from their date. They shall bear such rates of interest, payable on such occasion, as the trustees shall prescribe, and the bonds shall be in such denominations, shall be payable in such medium of payment, and at such place as such resolutions shall prescribe. All bonds maturing subsequent to fifteen years from their date shall be subject to redemption not later than fifteen years from their date, and on all subsequent interest payment dates prior to their respective maturities. All bonds may be issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount or amounts as the trustees shall prescribe in the resolutions authorizing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 7. Form.—Such bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered and upon such conditions in such manner as the trustees shall prescribe, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, or such bonds may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor described above.

SECTION 8. Tax exempt status.—The bonds authorized by this act and all interest to become due thereon shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 9. Investment authorized to certain persons.—It shall be lawful for all executors, administrators, guardians and fiduciaries, all sinking fund commissions, and the State Budget and Control Board, as Trustee of the South Carolina Retirement System, to invest any moneys in their hands in such bonds.

SECTION 10. Execution.—Such bonds and the coupons, if any, attached to such bonds, shall be executed in the name of the Medical College of South Carolina in such manner and by such persons as the trustees shall from time to time determine, and the seal of the college shall be affixed to or impressed on each bond. Any coupons attached to such bonds shall be authenticated by the facsimile signature of one or more of the persons signing the bonds. The delivery of the bonds so executed shall be valid notwithstanding changes in officers or seal occurring after such execution.

SECTION 11. Sale.—The bonds shall be disposed of in such manner as the trustees shall determine, except that no sale shall be made unless the approval of the State Budget and Control Board shall be obtained. If the trustees shall elect to sell the bonds at public sale, at least one advertisement thereof shall appear in some newspaper of general circulation in South Carolina not less than ten days prior to the occasion fixed for the opening of bids.

SECTION 12. Powers of trustees to secure payment.—To the end that the payment of the principal and interest of the bonds authorized hereby shall be adequately secured, the trustees shall be empowered in their discretion:

1. To issue bonds in such amount as the trustees shall deem necessary, provided that it shall be lawful for the trustees to use a portion of the principal proceeds derived from any sale of bonds to meet the payment of interest on such bonds for a period of one year, it being recognized by the General Assembly, that until the facilities, to be constructed with the proceeds of the loan, shall be completed, an undue burden may be imposed upon then existing revenues.
2. To pledge the entire revenues of the facilities for the payment of the principal of and interest on the bonds as they respectively mature.

3. To covenant that no parking facilities owned by the Medical College will be used free of charge, or to specify and limit the facilities which may be made use of free of charge.

4. To covenant to establish and maintain such system of rules as will insure the greatest use and occupancy of the facilities.

5. To covenant that an adequate schedule of charges will be established and maintained for all the facilities, to the extent necessary to produce sufficient revenues to:

(a) Pay the cost of operating and maintaining the facilities, including the cost of fire, extended coverage and use and occupancy insurance;

(b) Pay the principal and interest of the bonds as they respectively become due;

(c) Create and at all times maintain, an adequate Debt Service Reserve Fund to meet the payment of such principal and interest; and

(d) Create and at all times maintain an adequate reserve for contingencies, and for major repairs and replacement.

6. To covenant against the mortgaging or disposing of the facilities, and against permitting or suffering any lien to be created thereon, equal or superior to the lien created for the benefit of such bonds.

7. To covenant as to the use of the proceeds derived from the sale of any bonds issued pursuant to this act.

8. To provide for the terms, form, registration, exchange, execution and authentication of bonds, and for the replacement of lost, destroyed or mutilated bonds.

9. To make covenants with respect to the use of the facilities, to be constructed with the proceeds of the bonds authorized hereby, and of the other facilities, whose revenues shall be pledged for the payment of the bonds.

10. To covenant that all revenues pledged for the payment of the bonds shall be duly segregated into special funds, and that such funds will be used solely for the purposes for which they are intended and for no other purpose.

11. To covenant for the mandatory redemption of bonds on such terms and conditions as the resolutions authorizing such bonds shall prescribe.

12. To prescribe the procedure, if any, by which the terms of the contract with the bondholders may be amended, the number of

bonds whose holders must consent thereto, and the manner in which such consent shall be given.

13. To covenant as to the maintenance of the facilities, the insurance to be carried thereon, and the use and disposition of proceeds from any insurance policy.

14. To prescribe the events of default and the terms and conditions upon which all or any bonds shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

15. To impose a statutory lien upon the facilities. Such lien shall extend to such facilities, to their appurtenances and extension, to their additions, improvements and enlargements to the extent specified in the resolutions and shall inure to the benefit of the holders of the bonds secured thereby. Such facilities shall remain subject to such statutory lien until the payment in full of the principal and interest of the bonds. Any holder of any of the bonds, or any of the coupons representing interest thereon, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien, and may, by suit, action, mandamus or other proceedings enforce and compel performance of all duties of the trustees, including the fixing of sufficient rates, the proper segregation of the revenues, and the proper application thereof. *Provided*, that the statutory lien shall not be construed to give any such bond or coupon holder authority to compel the sale of any of the facilities, or any part thereof.

16. To covenant that if there be any default in the payment of the principal of or interest upon any of the bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the facilities, whose revenues shall be pledged for the payment of such bonds, with power to fix rates and charges for the facilities, sufficient to provide for the payment of the expense of operating and maintaining such facilities, and to apply the income and revenues of such facilities to the payment of such bonds, and the interest thereon.

17. To establish on or before the occasion of the delivery of any bonds issued pursuant to this act a Debt Service Reserve Fund and to cause the same to be deposited with a corporate trustee and, to that end, the trustees shall be empowered to utilize any moneys available for such purpose, including revenues previously accumulated from the facilities prior to the issuance of bonds.

18. To appoint a corporate trustee to whom shall be paid all or any portion of the revenues pledged to the payment of the bonds or derived from the operation of the facilities, and to prescribe the manner in which the revenues shall be utilized and disposed of.

No. 624

An Act To Appropriate Not Exceeding Ninety Thousand Dollars Out Of Certain Funds Made Available Under The Employment Security Administrative Financing Act Of 1954, As Amended By The 88th Congress, 1st Session, Public Law 88-31, 77 Stat. 51, Section 903 (c) (2) to Acquire Land And Construct An Office Building Thereon For The Use Of The South Carolina Employment Security Commission.

Whereas, the Congress of the United States by the passage of the Employment Security Administrative Financing Act of 1954, being Chapter 657, Public Law 567, 83rd Congress, 2nd Session, as amended by the 88th Congress, 1st Session, Public Law 88-31, 77 Stat. 51, Section 903 (c) (2) has made available to the several states certain funds derived from collections under the Federal Unemployment Tax Act, which may be used by the states, among other things, for the acquisition, construction, repairs and alterations of state buildings to be used solely for the use of the respective state employment security departments; and

Whereas, it is the considered judgment of the General Assembly that the most economical and advantageous use which can be made of the funds made available to South Carolina, is to continue the established plan whereby the Employment Security Commission of this State can, over a period of years, be provided with permanent locations of an adequate nature to house the various offices of the Commission throughout the State; and

Whereas, the funds now available to South Carolina, or which may be available within the next fiscal year, are not adequate to provide proper housing for all of the locations where the Employment Security Commission of this State has its offices; and

Whereas, it is the finding of the General Assembly that there is a pressing need for such an office within the corporate limits of the City of Beaufort. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Appropriation for Employment Security Commission building in Beaufort.—There shall be appropriated to the South Carolina Employment Security Commission a sum not to exceed ninety thousand dollars out of the funds made available to this State under the Employment Security Administrative Financing Act of 1954, Chapter 657, Public Law 567, 83rd Congress, 2nd Session, as amended by the 88th Congress, 1st Session, Public Law 88-31, 77 Stat. 51, Section 903 (c) (2) for the acquisition of land in the City of Beaufort, and the construction thereon of an office building for the South Carolina Employment Security Commission and to finance the designing and construction of the building, including such equipment, facilities, paving, landscaping, and other improvements as may be required for the proper use and operation of the building. This appropriation must be obligated within two years following the enactment of this act. The amount obligated pursuant to this act during any twelve month period beginning on July first and ending on the next June thirtieth shall not exceed the amount by which (a) the aggregate of the amounts credited to the account of this State pursuant to Section 903 of the Social Security Act, during such twelve month period and the nine preceding twelve month periods exceeds (b) the aggregate of the amounts obligated for administration and paid out for benefits and charged against the amounts credited to the account of this State during such ten twelve month periods.

SECTION 2. Expenditures.—Money appropriated under the provisions of Section 1 of this act shall be requisitioned as needed by the Commission for the payment of obligations incurred under such appropriation and, upon requisition, shall be deposited in the State's Employment Security Administration Fund, from which such payments shall be made. The Commission shall maintain a separate record of the deposit, obligation, and expenditure of funds so deposited. Money so deposited shall, until expended, remain a part of the Unemployment Fund and, if not expended, shall be returned promptly to the account of this State in the Unemployment Trust Fund.

SECTION 3. Powers.—The Commission may employ such necessary appraisers, architects, engineers and contractors, and may execute all contracts necessary to effectuate the declared purposes of this act, including the acquisition of the necessary real estate for offices, which real property shall be acquired in the name of the South Carolina Employment Security Commission and used exclusively thereafter for providing facilities for the Commission.

SECTION 4. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 24th day of March, 1967.

No. 639

An Act To Correct The Census Of 1960 For Aiken And Edgefield Counties.

Whereas, confusion arose over the boundary line between Edgefield and Aiken Counties, which resulted in a petition to the Court of Common Pleas of Edgefield County, the Honorable T. B. Grenaker presiding, to establish the true boundary line between the counties; and

Whereas, the court ordered that Edgefield County and Aiken County each submit to the court the name of a surveyor whom the county would desire to have represent it in surveying and establishing the boundary line between Edgefield and Aiken Counties; and

Whereas, a survey was made as a result of which a new line was established indicating that in the census of 1960 a portion of the residents of Edgefield County had been erroneously counted as residents of Aiken County; and

Whereas, a new census was taken of the inhabitants of the area involved by a board which consisted of the Manager of the Reassessment Program for Edgefield County, the County Manager and the County Auditor of Edgefield County; and

Whereas, the new census indicated that 1,038 persons were inadvertently added to Aiken County in 1960, which 1,038 persons should have been included in the 1960 census for Edgefield County. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Official census for Aiken and Edgefield Counties changed.—The official United States census of Aiken and Edgefield Counties is hereby changed and will stand for all purposes involving the State or any political subdivision thereof, including the distribution of public monies to the counties or municipalities, until the next official United States Census of 1970.

No. 646

An Act To Authorize The Anderson County Board Of Commissioners To Deed Certain Real Estate To Anderson County Hospital Association.

Whereas, under the provisions of Act. No. 489 of the Acts and Joint Resolutions of the General Assembly of 1957, approved July 12, 1957, as amended by Act No. 1014 of 1958, approved April 18, 1958, the Anderson County Board of Commissioners accepted from Anderson County Hospital Association, an eleemosynary corporation under the laws of South Carolina, the conveyance in fee simple to Anderson County of the lot or parcel of land in the City of Anderson shown and described as Tract No. 2 upon a plat by The McPherson Company dated September 29, 1958, and recorded in the office of the Clerk of Court in Plat Book 44, at page 187, and Anderson County has constructed thereon a general hospital building which is leased to and operated by the Anderson County Hospital Association as the statutes provide; and

Whereas, Anderson County Hospital Association, as contemplated in the statutes, proposes to construct an addition or additions to the hospital with funds available to it under grants-in-aid allotted by the State Board of Health or other agencies and with its own funds, and in order that any addition may be operated in conjunction with the hospital building owned by the county, it is necessary that it be physically attached thereto; and

Whereas, since Anderson County Hospital Association will be required as a condition to obtaining grants-in-aid to own the land upon which any addition is erected in fee simple and the boundary of Tract No. 2 owned by Anderson County is outside the walls of the hospital building and some few feet removed therefrom, it will be necessary that there be reconveyed to Anderson County Hospital Association so much of Tract No. 2 as lies between the county's building and the adjoining land of the association as the addition or additions will occupy with support rights in the walls of the existing building. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Anderson County may deed certain property.—The Anderson County Board of Commissioners is hereby authorized to reconvey to Anderson County Hospital Association, in fee simple, so much of Tract No. 2 as shown upon a plat by The Mc-

No. 650

An Act To Validate The Creation Of The Willow Swamp Watershed Conservation District Of Bamberg And Colleton Counties And Certain Actions Pertaining Thereto; To Recreate The District; To Prescribe Its Area And Functions; And To Provide For Its Governing Body And Prescribe Its Powers And Duties.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that heretofore under the provisions of Act 1032 of 1962, the Willow Swamp Watershed Conservation District in Bamberg and Colleton Counties, with the territory described in Section 3 of this act, was duly formed in accordance with Act 1032 of 1962, including the appointment and organizations of the board of directors and the executions of certain contracts.

The General Assembly further finds that the question exists as to the validity of the actions taken pursuant to Act 1032 of 1962 by reason of the fact that in the election prescribed therefor the qualifications for voting vary from the qualifications prescribed for voting under the Constitution of South Carolina. Notwithstanding, it finds that a need exists for a watershed conservation district in the area purportedly created into the Willow Swamp Watershed Conservation District of Bamberg and Colleton Counties and, accordingly, has determined to confirm such action and recreate the district.

SECTION 2. Willow Swamp Watershed Conservation district recreated.—There is hereby recreated a body corporate and politic of perpetual succession to be known as the Willow Swamp Watershed Conservation District of Bamberg and Colleton Counties (hereinafter called the district). It shall be the purpose and function of the district to develop and execute plans and programs relating to any phase of conservation of water, water drainage, water usage, flood prevention, flood control, erosion prevention and control of erosion, floodwater and sediment damages.

SECTION 3. Area.—The district shall include and be comprised of the following territory:

All of that tract, piece or parcel of land, lying, being and situate in the Counties of Bamberg and Colleton and State of South Carolina containing thirty-two thousand (32,000) acres,

more or less, being the principal portion of the area of Bamberg and Colleton Counties drained by Willow Swamp and being bounded on the southeast corner by and emptying into Little Salkehatchie River, thence in a northerly direction to Stephens Cross Roads, and approximately parallel and from one-half to one mile west of State Road 27 to S. C. Highway 217 one-half mile east of Lodge, thence in a northerly direction to the Bamberg County line approximately one mile east of S. C. Highway 64 on to two-tenths mile north of State Road 80, thence in a westerly direction from two-tenths mile north to one-half mile south of State Road 80 to Ehrhardt, thence in a southerly direction parallel and one-half mile east of U. S. Highway 601 to one-half mile south of Carters Cross Roads, thence in an easterly to southeasterly direction to State Road 27 approximately two miles east of State Road 38, thence in an easterly direction parallel State Road 27 to State Road 329, thence in a southerly direction parallel State Road 329 for approximately one-half mile, thence in an easterly direction to cross State Road 31 one and three-tenths miles below State Road 27, thence in an easterly and northeasterly direction to the outlet of Willow Swamp at Little Salkehatchie River.

SECTION 4. To be governed by board of directors.—(1) The governing body of the district shall consist of a board of directors composed of one director nominated by the electors in the Bamberg County area of the district and four directors nominated by the electors in the Colleton County area of the district. The following persons who were elected and presently serving are confirmed for terms as indicated: I. N. Rizer, Colleton County, four year term; Roy Sease, Bamberg County, four year term; J. H. Barnes, Colleton County, three year term; Walter Ackerman, Colleton County, three year term; and Robert Bell, Colleton County, two year term. Their successors shall be elected for terms of four years. Members of the board of directors shall receive no salaries but may be reimbursed for actual and necessary expenditures incurred in the performance of their duties.

(2) Not more than ninety nor less than sixty days prior to the termination of any term, nominating petitions may be filed with the supervisors of the soil conservation district to nominate candidates for directors of the watershed conservation district. No nominating petition shall be accepted by the supervisors unless it

is signed by twenty-five or more qualified electors within the watershed conservation district, or, if less than fifty landowners are involved, by a majority of the landowners. If the candidates nominated do not exceed the number of directors to be chosen, the supervisors shall declare them to be elected. No person shall be eligible to be a director of the district who is not a landowner in the district.

(3) If the candidates nominated for directors of the watershed conservation district exceed the number of directors to be chosen, the joint board shall, after having given due notice thereof, cause an election to be held within the watershed conservation district within a reasonable time after the expiration of the thirty-day period for the election of five directors of the watershed conservation district. The provisions of this act as to notice, qualifications of voters, absentee voting, and the manner of holding the referendum in organizing the district, shall apply insofar as practicable to the election of the directors, except that all qualified electors within the district shall be entitled to vote. The names of all nominees on behalf of whom nominating petitions have been filed as hereinabove provided shall be printed, arranged in alphabetical order of their surnames, upon ballots with a square before each name and a direction to insert an "X" mark in the square before any one or four names, depending on the county in which the ballot is to be used, to indicate the voter's preference. All qualified electors within the watershed conservation district shall be eligible to vote in such election. The one or four candidates, depending on the county concerned, who shall receive the largest number respectively of the votes cast in such county's election shall be the elected directors of the watershed conservation district. The five elected directors shall, under the supervision of the joint board, be the governing body of the watershed conservation district.

(4) The directors shall annually designate from among their number a chairman, secretary and treasurer. The treasurer shall execute an official bond for the faithful performance of the duties of his office, to be approved by the directors. Such bond shall be executed by a surety company authorized to do business in this State and shall be in an amount determined by the directors. The premium on such bond shall be paid by the watershed conservation district.

SECTION 5. To be corporate body—powers—The district organized under the provisions of this act shall constitute a governmental subdivision of this State, and a public body corporate and politic,

exercising public powers, and such district, acting through the board of directors thereof, subject to the approval and direction of the joint board to the extent specifically provided for in this act, shall have the following powers in addition to others:

(1) To acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, or through condemnation proceedings in the manner provided in Sections 25-101 through 25-140 and Sections 33-121 through 33-148 of the 1962 Code, such lands, easements, or rights-of-way as are needed to carry out any authorized purpose of the watershed conservation district; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this act;

(2) To construct, reconstruct, repair, enlarge, improve, operate, and maintain such works of improvement as may be necessary or convenient for the performance of any of the operations authorized by this act;

(3) To borrow money and to execute promissory notes and other evidences of debt in connection therewith for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of such district, and if promissory notes are issued, to execute such mortgages on any property owned by such district, or assign or pledge such revenues or assessments of such district as may be required by the lender as security for the repayment of the loan; and to issue, negotiate, and sell its bonds as provided in Sections 6 and 7 of this act;

(4) To levy an annual tax on the real property within the district subject to the limitations provided in Section 8 of this act for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of such district;

(5) To levy an annual tax on all real property within the district as an installment of a bond assessment authorized in Section 7 of this act, including principal, interest, and any amounts required for delinquency reserve, but no such tax shall be levied upon any tract upon which the bond assessment has been paid in full;

(6) To employ any clerk, engineer, attorney or other qualified competent personnel as necessary; and

(7) To sue and be sued in the name of the district; to have a seal, which shall be judicially noticed; to have perpetual succession unless terminated as provided in Section 13 of this act; to make and execute contracts and other instruments necessary or convenient

to the exercise of its powers; and to make, amend, and repeal rules and regulations not inconsistent with this act to carry into effect its purposes and powers.

SECTION 6. Bonds may be issued.—The district may issue bonds in accordance with this section and Section 7 of this act to pay the cost and expenses of carrying out the purposes of this act. The term “bonds” as used in this act includes one or more bonds, promissory notes, or other evidences of debt issued in compliance with the requirements of this section and Section 7. Bonds may be made payable serially or in installments, to the registered holder or to a payee named in the bonds or to bearer, with or without interest coupons, and upon other terms and conditions not inconsistent with the provisions of this act. Such terms and conditions may be included in the bonds expressly or incorporated therein by reference to resolutions of the board of directors. To secure its bonds the district may obligate itself to and may assess the lands within the district as hereinafter provided and may assign, pledge, or otherwise encumber the revenues or assessments of the district. The making of such assessments and collection may be enforced by mandamus. Bonds may be issued, negotiated, and sold at public or private sale. Bonds may be executed by one or more officials or employees as authorized by resolution of the board of directors.

SECTION 7. Bonds not to be issued unless requirements met.—

(a) The requirements of this section shall be complied with before any bonds may be issued.

(b) The board of directors shall determine and define the purpose for which the bonds are proposed, hereinafter called the Improvement Plan, and shall estimate the cost thereof. If it appears to the board of directors that the estimated cost of the Improvement Plan will be exceeded by the resulting benefits to the lands of the district, upon due notice it shall hold a public hearing to assist them in further considering whether such benefits will exceed such costs.

(c) If after the hearing the board of directors finds that the benefits to the lands of the district will exceed the estimated cost of the Improvement Plan and such plan and finding are approved by the joint board, the board of directors shall appoint a classification committee of three members, designating one as chairman. At least two members shall be resident landowners of lands within the area encompassed by Bamberg County and Colleton County but no member shall be a landowner of the district. The classification committee shall per-

sonally examine the land in the district and classify it, according to the benefits to be received by it from construction of the improvements described in the Improvement Plan, in one or more of the following classes: Class A, Class B, Class C, Class D, and Class E. The scale of assessment upon the several classes of land shall be in the ratio of 5, 4, 3, 2 and 1; that is, as often as five mills per acre is assessed against any land in Class A, four mills per acre shall be assessed against any land in Class B, three mills per acre against any land in Class C, two mills per acre against any land in Class D, and one mill per acre against any land in Class E. The land owned by any one person need not necessarily be all in one class. The total number of acres in each class owned by one person and the total number of acres of each class in the entire district shall be determined and prepared in tabulated form.

(d) The report of the classification committee, upon review and approval by the board of directors, with or without any adjustments made by the committee upon recommendation by the board of directors, shall establish the proposed classification of the lands. The proposed classification shall be filed in the office of the district and a certified copy thereof shall be made available for inspection by the landowners of the district in each of the following places: the office of the board of directors, the office of the board of supervisors of each soil conservation district embracing any land within the watershed district, and the office of the clerk of the Court of Common Pleas for each county embracing any land in the district. The board of directors shall cause the landowners of the district to be given due notice of the proposed classification, including the times and places where the certified copies are available for inspection. Such notice shall also designate a time and place at which the classification committee will hear any landowner aggrieved by the proposed classification of his land who requests reclassification. The date designated for commencement of the hearing shall be not less than fifteen nor more than thirty days after first publication of the notice.

(e) After the hearing the classification committee shall find whether any such reclassification should be made and shall report its finding to the board of directors. Such board may request reconsideration by the committee of such finding. Upon adoption by the board of directors, the report of the committee shall constitute the final classification of all lands in the district, which shall show in alphabetical order the names of all landowners of the district and opposite each name the total number of acres in each class owned by such landowner. The

board of directors shall cause each landowner who requested reclassification to be informed by registered or certified mail of the final decision on his request. Certified copies of the final classification shall be made available for inspection in the same places as the proposed classification. Certified copies shall be filed of record in the offices of the clerks of court. The ratios established in the final classification shall form the basis of assessments for payment of bonds.

(f) After filing of the final classification, due notice shall be given of a referendum election to be held to determine whether bonds may be issued. The notice shall specify the purpose for which the funds are to be used, the amount, maximum rate of interest, and other substantial terms and conditions of the bonds to be issued, the fact that assessments for payment of the bonds will be apportioned in accordance with the ratios established in the final classification, and the places where certified copies of the final classification may be inspected. The provisions of this act as to notice, qualifications of voters, absentee voting, and the manner of holding the referendum in organizing the district shall apply insofar as practicable to the referendum held under this section except that all qualified electors of the district shall be entitled to vote therein. The ballots shall contain appropriate language to permit each voter to vote for or against the issuance of bonds of the district as proposed. Such bonds may not be issued unless two-thirds of the votes cast are in favor of the issuance of the bonds.

(g) After bonds have been authorized by referendum, the board of directors shall immediately impose upon each tract of land within the district a "bond assessment" to provide for payment of the bonds. The total of the bond assessment upon all lands in the district shall be equal to the principal of the bonds plus the interest to accrue thereon according to the scheduled maturities plus an amount not exceeding ten per cent of the sum of such principal and interest for reserve against possible delinquencies. The board of directors shall prepare for the lands in each county a separate assessment roll in tabulated form showing the names of the landowners as they appeared on the county tax rolls as of the day before the bond referendum and opposite each name a brief but adequate description, by reference to a description of record or otherwise, of the lands owned and opposite each tract of land the amount of the assessment thereon. The assessment roll shall be duly filed of record in the office of the clerk of the court of common pleas for the county in which the lands lie, and thereupon the bond assessment upon each tract shall become a lien thereon, payable

over a stated period of years in annual installments pursuant to annual levies. Such lien may be divested only by payment in full. A copy of the assessment roll shall be filed and maintained in the office of the treasurer of the district. He shall credit to the bond assessment upon each tract the amount of the annual bond tax levied thereon as collections thereof are received by the district from time to time, but no interest, penalties, or collection costs paid upon the amount of any overdue annual bond tax shall be so credited. The bond assessment upon any tract may be paid in full, and the lien thereof satisfied (1) at any time before the date on which the bonds are issued, by payment to the treasurer of the district of the amount of the assessment upon such tract less any amount included therein for interest or for delinquency reserve, or (2) at any time on or after the date on which the bonds are issued, by payment to the county treasurer of any unpaid annual bond tax levied on such tract plus interest and collection charges and by payment to the treasurer of the district of the amount of the unpaid balance of the bond assessment installments not yet due upon such tract less any amount included therein for interest to accrue, and any amounts to be charged for delinquency reserve, after the next interest payment date of the bonds. The treasurer of the district shall give a receipt evidencing payment in full of a bond assessment and shall promptly enter or cause to be entered the words "Paid in full" opposite the tract on the record of the bond assessment roll in the office of the clerk of court and thereupon the bond assessment and the lien thereof shall be deemed satisfied.

SECTION 8. Budget and tax levy.—(a) Within the first quarter of each calendar year, the board of directors shall prepare an itemized budget of the funds needed for administration and for construction, operation, and maintenance of works of improvement, but not including funds for payment of any bond assessment. The joint board shall approve or revise such budget. The board of directors with the assistance of the county auditors shall prepare a list of the freeholders and the number of acres in the district. The county auditors shall levy a tax sufficient to meet such budget on all real property within the district.

(b) When the property tax rolls are delivered to the county treasurers by the county auditors, as required by law, the county treasurers shall compute the tax, exclusive of any bond taxes, due the district from each freeholder in accordance with the rate fixed by

the board of directors and the value of the real property indicated on the tax roll. The computation shall be made on the regular tax bills.

SECTION 9. Determination of taxes.—(a) Within the first quarter of each calendar year the board of directors shall also determine the total sum to be levied for the annual installment of any bond assessment outstanding and the joint board shall approve or revise such determination. Thereupon, the board of directors, using the final classification ratios, shall apportion such total sum among the tracts of land within the district except any tracts upon which the bond assessment has been paid in full. To apportion such total sum, the percentage which it bears to the total amount of the unpaid bond assessment upon all tracts shall be applied to the amount of the unpaid bond assessment upon each tract still subject to such assessment. The resulting amount shall be the annual bond tax upon each such tract for that year. The board of directors shall prepare a bond tax list and certify a copy to the county auditors. The bond tax list shall be delivered by the county auditors to the county treasurers along with the property tax rolls. The county treasurers may include the bond taxes, provided they are so identified, on the regular tax bills to the extent feasible, or may prepare and issue special bond tax bills.

(b) Bond taxes shall be due and payable between the fifteenth day of September and the thirty-first day of December of the year in which they are levied. Bond taxes not paid on or before the thirty-first day of December shall bear interest, not as a penalty, thereafter until paid at a rate, per elapsed calendar month or fraction of a calendar month, determined by the board of directors and specified on the bond tax list. Such rate of interest shall be not less than the interest rate on the bonds combined with the rate for any delinquency reserve included in the bond tax. Any such interest accrued on bond taxes shall be collected by the county treasurer and paid to the district along with the amount of the bond taxes. No discounts shall be allowed on payment of bond taxes.

(c) The procedure provided by law for apportionment of county taxes in case of transfer of title to part of real property to a person not the owner at the time such property was assessed for taxation shall apply to any case in which a portion of a tract subject to bond assessment is transferred to a new owner, except that the application by the new owner of the portion transferred shall be made to the board of directors of the district. Promptly after receipt of such application the board of directors of the district shall make a fair and

equitable apportionment of the unpaid balance of the bond assessment remaining against the whole tract as between the portion transferred and the portion not transferred, shall notify the county auditor of such apportionment, as an amendment to the annual bond tax list, and shall cause the bond assessment roll to be amended in the office of the clerk of court. Thereupon each portion of the original tract shall be deemed a separate tract with respect to the bond assessment, the lien thereof, and annual bond taxes. No such apportionment shall be made on account of any lien interest or other partial interest in any tract.

SECTION 10. Collection of taxes.—(a) Except as provided in Section 9 of this act, the county treasurers shall collect the taxes due the district as the same time and in the same manner as they collect other taxes of the counties and the taxes due the district shall be subject to the same due and delinquency dates, discounts, penalties, and interest as are applied to the collection of county taxes; *provided*, that penalties and costs of collection shall be paid to and retained by the county procuring such collection.

(b) The official bonds of the county treasurers shall be increased by such amounts as the board of directors of the district may determine to be necessary for the protection of the district. Any resulting increases in premiums shall be paid by the district as a cost of administration.

SECTION 11. Expenditures.—Tax funds collected shall be transferred to and held by the treasurer of the watershed conservation district for the specific purpose for which they have been collected. All expenditures of such funds shall be made by the board of directors, approved by the joint board. Funds may be deposited in such special accounts and in such depositories as may be determined by the board of directors.

SECTION 12. Petition to have lands detached.—The owner or owners of lands which have not been, are not and cannot be benefited by their inclusion in the watershed conservation district and which are not at the time subject to bond assessment may petition the joint board to have such lands detached. The petition shall describe such lands and state the reasons why they should be detached. A hearing shall be held within thirty days after the petition is received. Due notice of such hearing shall be given before the hearing. If it is determined by the joint board that such lands shall be detached, such

determination shall be certified to the county auditors. After recording, the certification shall be filed with the State Soil Conservation Committee.

SECTION 13. Petition for discontinuance of district—hearing—referendum—discontinuance if election and determination favorable.—(a) At any time after five years from the organization of the watershed conservation district, fifteen or more freeholders within each of the counties within the district, or, if less than thirty freeholders are involved, a majority of the freeholders in such district in each county may file a petition with the joint board praying that the existence of the district be discontinued. The petition shall state the reasons for the discontinuance, and that all obligations of the district have been met.

(b) After due notice, as provided in Section 5 of Act 1032 of 1962, the joint board may conduct such hearings on the petition as may be necessary to assist them in making a determination.

(c) If the joint board finds that all the obligations of the district have been met, within sixty days after the petition is filed, a referendum shall be held under the supervision of the joint board as provided in Section 7 of this act. No informalities in the conduct of the referendum or in any matters relating to the referendum shall invalidate it or its result if notice of the referendum has been given substantially as provided in subsection (b) of this section.

(d) If a majority of the votes cast in each county in such referendum favor the discontinuance of the district, and it is confirmed that all the obligations have been met, the joint board shall make a determination that the watershed conservation district shall be discontinued. A copy of the determination shall be certified to the clerks of court for recording, and such recording shall terminate and dissolve the district. After recording, the certification shall be filed with the State Soil Conservation Committee.

SECTION 14. Supervisory authority if district discontinued.—If any supervising soil conservation district is discontinued, the governing body of the county involved shall serve in the same supervising capacity over the watershed conservation district as the joint board.

SECTION 15. Exceptions for public utilities.—The powers of condemnation and the levying of taxes granted in this act shall not

extend to property of any public utility which could have been acquired by such public utility under its right of condemnation.

SECTION 16. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 12th day of April, 1967.

of South Carolina, 1964, is amended by adding new Section 5A to read as follows:

"Section 5A. (1) In addition to all powers now existing, the commission is hereby empowered to provide by resolution that the actual cost of the establishment and construction of any water distribution lines constructed by the commission within the district and any extensions thereof, or so much of the actual cost thereof as the commission in its discretion deems appropriate, shall be assessed upon the lots and parcels of land abutting directly on such lateral lines or extensions thereof, according to the extent of the respective frontage thereon, by an equal rate per foot of such frontage, and may in its discretion in the case of corner lots, for an assessment only upon one of the two corner lines. The commission may provide in such resolution that the front foot assessments to be levied in connection with such work may be paid in equal installments covering a period of not exceeding twelve years. The resolution providing for such front foot assessments shall designate by a general description the improvements to be made and the street or streets or parts thereof whereon the work is to be effected and the estimated cost thereof and the amount of the cost to be assessed upon all abutting property and the terms and manner of payment. Such resolution shall not become effective until at least seven days after it shall have been published in a newspaper of general circulation in the district published in Beaufort County. Such resolution may incorporate by reference plats and engineering reports and other data on file in the commission's office provided that the place of filing and reasonable hours for inspection by interested persons are specified in the resolution.

(2) Upon the completion of the construction of any such water laterals or any extensions thereof, the commission shall compute and ascertain the total cost thereof and shall thereupon make an assessment of such total cost or so much thereof as it deems appropriate. For that purpose the commission shall make out an assessment roll in which must be entered the names of the persons assessed and the amount assessed against their respective properties with a brief description of the lots or parcels of land assessed.

(3) Immediately after such assessment roll has been completed the commission shall forthwith cause one copy thereof to be deposited in the commission's office for inspection by interested parties, and shall cause to be published at least once in a newspaper of general circulation within the district a notice of completion of the assess-

ment roll setting forth a description in general terms of the improvement and the time fixed for the meeting of the commission for a hearing of objections in respect to the front foot assessments; such meeting not to be earlier than ten days from the date of the publication of such notice.

(4) As soon as practicable after the completion of the assessment roll and prior to the publication of the notice above mentioned in paragraph (3), the commission shall mail to the owner or owners of each lot or parcel of land against which a front foot assessment is to be levied, at his or their address appearing in the records of the county treasurer, a notice stating the nature of the improvement, the total cost thereof, the amount to be assessed against that particular property and the frontage in feet upon which the front foot assessment is based, together with the terms and conditions upon which the front foot assessment may be paid. This notice shall also contain a brief description of the particular property involved together with a statement that the amount assessed shall constitute a lien against the said property superior to all other liens except property taxes. The notice shall also state the time and place fixed for the meeting of the commission above mentioned for a hearing of objections in respect of the front foot assessments. Any property owner who fails, not later than three days prior to the date set for such meeting, to file with the commission a written objection to the front foot assessment against his property shall be deemed to have waived all rights to object to such front foot assessment; and the notice prescribed herein shall so state.

(5) At the time and place specified for the meeting above mentioned, or at some other time to which it may adjourn, the commission shall hear the objections of all persons who have filed written notice of objection within the time prescribed above who may appear and make proof in relation thereto, either in person or by their attorney. The commission may thereupon make such corrections in the assessment roll as it may deem proper or may confirm the same, or may set it aside and provide for a new assessment. Whenever the commission shall confirm an assessment roll, either as originally prepared or as thereafter corrected, a copy thereof certified by the secretary of the commission shall forthwith be filed in the office of the Clerk of Court of Common Pleas of Beaufort County and from the time of such filing the front foot assessments impressed in the assessment roll shall constitute and be a lien on the real property against which the same are assessed superior to all other liens and encumbrances except only the lien for property taxes.

(6) After the assessment roll has been confirmed, a certified copy thereof shall be delivered to the Treasurer of Beaufort County who shall proceed to collect the same in the manner of county taxes and shall remit such collections upon the direction of the commission. Past due front foot assessments shall be turned over by the treasurer to the Beaufort County Sheriff who shall proceed to collect the same in the same manner as unpaid county taxes are collected.

(7) Immediately upon the confirmation of an assessment the commission shall give written notice to all persons who have filed written objections as hereinabove provided of the amount of the front foot assessment finally confirmed against his property. If any such person is dissatisfied with the amount of the front foot assessment so confirmed and shall within ten days after such confirmation give written notice to the commission of his intent to do so, he may appeal from his front foot assessment to the Beaufort County Court of Common Pleas and shall within five days after giving such notice serve upon the commission a statement of facts upon which he bases his appeal; but no such appeal shall delay or stop the improvements or affect the validity of the front foot assessments confirmed and not appealed. The appeal shall be tried at the next term of court as other actions at law with priority over all other cases.

(8) The commission may correct, cancel or remit any such front foot assessment and may remit, cancel or adjust the interest or penalties of any such front foot assessment and is empowered when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto set aside the whole of any assessment made by it and thereupon to make a reassessment.

(9) In the event the commission provides that such front foot assessments may be paid in equal annual installments, then in that event any property owner shall have the option and privilege of paying his respective front foot assessment in full in cash, provided he gives notice of his intent to do so in writing to the commission within thirty days after the notice prescribed in paragraph (4) supra. If no such notice of intent is given within the said thirty day period, the front foot assessment shall be deemed to be due and payable in the equal annual installments prescribed by the commission and shall bear interest at the rate of four per cent from the date of the confirmation of the assessment roll, payable with such annual installment. Any property owner shall have the right at any time, in his option, to prepay in full the front foot assessment against his

property by the payment of the balance due plus interest calculated to the date of prepayment. If any property owner shall fail or neglect to pay any installment when the same becomes due and payable, then and in that event the commission may, at its option, declare all of the installments remaining unpaid at once due and payable and such property shall be sold by the Sheriff of Beaufort County in the same manner and with the same right of redemption as are prescribed by law for the sale of land for unpaid county taxes.

(10) The commission may impose front footage assessments against property abutting upon sewer laterals to provide for the cost of such installations as provided by Act No. 397 of 1965."

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that additional school facilities, renovations and replacements of existing facilities are greatly needed in Beaufort County and that while the entitlements available to schools pursuant to Article 2, Chapter 10, Title 21, of the 1962 Code are not such as would permit the immediate construction, renovation and replacement of such facilities, such entitlements over the next few ensuing years should be such as to provide the funds now required. It has, therefore, determined to authorize the County Board of Education of Beaufort County (the county board), as the governing board and central authority of the Beaufort County public school system, and the Treasurer of Beaufort County, to borrow such sum as shall be required for the above purposes in order that the construction of additional facilities can be instituted at once, under the terms and conditions of this act.

Riley High School. Such borrowing shall be evidenced by a note of Beaufort County, bearing such date and rate of interest, having such maturity, not exceeding five years from the date thereof, and in such form as the county board shall determine. Any note issued pursuant to this act shall be executed in such manner as the county board shall provide but shall be countersigned or attested by the Treasurer of Beaufort County.

SECTION 3. Source of loan.—The borrowing hereby authorized shall be effected in such manner as the county board shall determine and may be negotiated with the State Budget and Control Board, Division of General Services, or with any private banking institution.

SECTION 4. Payment.—In fixing the date, interest, payment date and maturity, the county board shall endeavor to make them conform to the anticipated date on which entitlements pursuant to Article 2, Chapter 10, Title 21, of the 1962 Code shall be received and all such entitlements to which Beaufort County shall become entitled shall be applied to the payment of the principal and interest of the loan, until it shall be paid in full, and for no other purpose.

SECTION 5. Credit pledged.—For the payment of the loan, both principal and interest, the full faith, credit and taxing power of Beaufort County shall be pledged and there shall be annually levied and collected by the auditor and treasurer of Beaufort County an ad valorem tax upon all taxable property in the county sufficient to provide for the payment of the principal and interest thereof, but the ad valorem tax shall be reduced to the extent that there shall be monies available for the payment of the note from entitlements to which Beaufort County shall be entitled pursuant to Article 2, Chapter 10, Title 21, of the 1962 Code.

SECTION 6. Powers additional.—The powers granted by this act shall be in addition to all other powers granted by the county board.

SECTION 7. Act No. 1195 of 1966 repealed.—Act No. 1195 of 1966 is repealed.

SECTION 8. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 29th day of June, 1967.

An Act To Amend Act No. 1158, Acts And Joint Resolutions Of South Carolina, 1964, As Amended, Relating To Sea Pines Public Service District, So As To Further Define The Pledge To Be Made To Additionally Secure General Obligation Bonds Issued Pursuant To Such Act, And To Validate The Outstanding Bonds

Of The District And Authorize A Management Contract To Operate And Maintain The District System.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that it did by Act 1158 of 1964 establish on Hilton Head Island, Beaufort County, South Carolina, a special purpose district known as "Sea Pines Public Service District" and did amend such act by an act of 1967 bearing Ratification No. 314 (The Act), and did thereby empower the District to issue general obligation bonds of the District for the several purposes mentioned therein, in the aggregate principal amount of not exceeding one million five hundred thousand dollars. The Act provides that the general obligation bonds be additionally secured by a pledge of all net revenues to be derived from the operation of the waterworks system and sewage disposal system and net revenues from other facilities of the District, under the conditions set forth in Section 5 thereof.

Prior to the establishment of a waterworks system the District did, as of April 1, 1965, issue one hundred ten thousand dollars of general obligation bonds for the purpose of providing a medical clinic building and fire protection facilities. Inasmuch as no revenue producing facilities were in existence, such bonds were secured solely by a pledge of the full faith, credit and taxing power of the District.

Thereafter, as of October 1, 1966, the District issued one hundred thousand dollars of general obligation bonds for the purpose of establishing a waterworks system. Such bonds, in addition to being secured by a pledge of the full faith, credit and taxing power of the District, are additionally secured by a non-exclusive pledge of the net revenues derived from the waterworks system.

The District now proposes to issue additional general obligation bonds for the purpose of enlarging and extending its existing waterworks system, and it has been determined that Section 5 of the Act should be amended by requiring that only bonds issued for water and sewer purposes be secured by the revenues from such system, and that for the purposes thereof, the existing waterworks system and any sewer system hereafter to be constructed shall be deemed to be a single system.

In the light of such determination, it has been further determined that it is desirable to validate bonds previously issued by the District and to approve a plan of operation of the system, under which the District may lease the same or enter into a management contract with

any qualified person or firm to operate and maintain the system, if it shall determine that through such method the system may be more economically and advantageously operated.

SECTION 2. Act 1158 of 1964 amended to further define bond pledge of Sea Pines Public Service District.—Paragraph one of Section 5 of Act 1158 of 1964, as amended, is further amended so as to further define the pledge to be made to additionally secure general obligation bonds of the Sea Pines Public Service District, by striking it and inserting in lieu thereof the following:

“As one method of raising money to acquire and to enlarge and improve the waterworks system required for the district and to construct a sewage disposal system, medical clinic and other public facilities, the commission, on behalf of the district, shall be empowered to issue general obligation bonds of the district, not exceeding one million five hundred thousand dollars, whose proceeds shall be used for such purposes, including the payment of such interest on the bonds as may be capitalized. All or any general obligation bonds issued for water and sewer purposes shall be additionally secured by a pledge of all of the net revenues to be derived from the operation of any waterworks system and any sewer system that the district may now own or hereafter acquire. For the purposes of this section such waterworks system and sewer system shall be deemed a single system. Such pledge of revenues need not be exclusive and may be made upon such terms and conditions as the Commission shall prescribe. If, pursuant to this paragraph, general obligation bonds are issued:”

SECTION 3. Act 1158 of 1964 amended to ratify previous actions.—Act No. 1158 of 1964, as amended, is further amended by adding Sections 7A, 7B and 7C to read as follows:

“Section 7A. The action heretofore taken by the commission in issuing one hundred ten thousand dollars of general obligation bonds, dated April 1, 1965, is hereby ratified, approved and confirmed and the bonds are hereby declared to be general obligation bonds of the district, secured by a pledge of the full faith, credit and taxing power of the district, and for whose payment there shall be annually levied and collected by the Auditor and Treasurer of Beaufort County an ad valorem tax upon all property in the district without limitation as to rate or amount.

Section 7B. The action heretofore taken by the commission in issuing one hundred thousand dollars of general obligation waterworks system bonds of 1966 of the district, dated October 1, 1966, is hereby

ratified, approved and confirmed and the bonds are hereby declared to be general obligation bonds of the district, secured by a pledge of the full faith, credit and taxing power of the district, and for whose payment there shall be annually levied and collected by the Auditor and Treasurer of Beaufort County an ad valorem tax upon all property in the district without limitation as to rate or amount, and shall be additionally secured by a non-exclusive pledge of all of the net revenues to be derived from the operation or lease of any waterworks system and sewer system of the district, which, for the purposes of this act, shall be deemed a single system.

Section 7C. The power of the Commission to lease its waterworks and sewer system is hereby confirmed and any existing lease made with respect to such system is hereby ratified, approved and confirmed. The lease may from time to time be amended so as to extend the term thereof, increase the rentals therefrom and change the description of the property leased or may be cancelled and terminated by the Commission according to the provisions of the lease."

No. 672

An Act To Empower The North Charleston Consolidated Public Service District To Acquire Private Sewer Systems Under Certain Conditions And The Payment Therefor.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings.—The North Charleston Consolidated Public Service District (the District) was established by Act No. 521 of the Acts of 1957 and its governing body is the North Charleston Consolidated Public Service District Commission (the Commission). To the District is committed, *inter alia*, the function of providing adequate sewage collection, treatment and disposal facilities within the District. In implementing this function it has been the policy of the District to try to provide trunk lines, pumping stations and disposal and treatment facilities. Where new developments take place it has been the practice to require the private developer to pay the cost of sewer laterals and sewer connections.

The District includes a large rapidly developing area of Charleston County lying north of the City of Charleston. Private developers have constructed, and will in the future construct, at their own expense, sewage collection, treatment and disposal facilities within the District. In some instances, these private sewer systems provide for future development and do not meet a present need sufficient to justify an immediate outlay of funds by the Commission.

It is desirable that the Commission be empowered to acquire private sewer systems and to compensate the owners on a basis consistent with the District's policy abovementioned, and with the present and future public need for such facilities.

SECTION 2. Definitions.—As used in this act

1. "District" shall mean North Charleston Consolidated Public Service District as now existing or as hereafter modified, extended or enlarged.

2. "Commission" shall mean the North Charleston Consolidated Public Service District Commission, or any successor body to which is committed the function of governing the District.

3. "Developer" shall mean any private individual, partnership or private corporation which has constructed, or hereafter will construct, within the District a sewage collection, treatment and disposal system or any system performing one or more of these functions.

4. "Private sewer system" shall mean any system designed for the collection, treatment and disposal of sewage or designed to perform any one or more of these functions; together with all easements and right of ways necessary therefor.

5. Certain terms are also given specific meanings under paragraph 4 of Section 5 herein.

SECTION 3. Additional powers.—In addition to all other powers vested in it, the District, acting through its Commission, is authorized and empowered to acquire, in accordance with the provisions of this act any private sewer system constructed or proposed to be constructed by a developer provided that, after due investigation in each instance the Commission has found, and by resolution duly adopted confirmed, that each of the following circumstances exists:

(a) That all necessary rights of ways and easements have been obtained for the private sewer system;

(b) That the private sewer system will meet a present and probable future public need by providing sewer service to a maximum number of tributary residents of the District to whom public sewer service is not otherwise available;

(c) In the case of probable future need, that the private sewer system, or the portion thereof to serve the future area, will be needed within the following ten years to provide adequate sewer service to such area; and

(d) That the private sewer system is constructed with a sufficient capacity to serve the entire tributary drainage area.

SECTION 4. Hearing.—After complying with the requirements of Section 3, the Commission shall proceed to hold a public hearing within the District, not less than ten days nor more than twenty-five days after notice thereof has been published in a newspaper of general circulation within the District stating in general terms the purpose for which the meeting will be held and the description of the private sewer system to be acquired and the price to be paid therefor. The

meeting shall be held for the purpose of permitting interested persons to express their views with regard to the District acquisition of the private sewer system, and the price which the District will pay for the private sewer system, and the manner in which it will be paid.

SECTION 5. Conditions of agreement.—Not less than ten days following such public meeting the Commission may enter into an agreement with the developer for the acquisition of the private sewer system upon such terms and conditions as may be agreeable, provided that no such agreement shall be valid unless it contains each of the following provisions:

1. That the District will acquire absolute title and ownership of the private sewer system at the earliest practicable time, including all rights of ways and easements necessary thereto; and the District will thereupon have the exclusive right to immediately charge for service provided by the private sewer system.

2. The District will compensate the developer from and to the extent of sewer revenues available for that purpose from the District's sewer facilities at the rate established by the Commission for each unit connected and to be connected to the private sewer system prior to the fifteenth anniversary of the District's acquisition of the private sewer system or the completion of the private sewer system, whichever is the later.

3. The obligation of the District to compensate the developer will be junior and subordinate to any pledge of the sewer revenues made to secure or additionally secure any present or future outstanding bonds of the District.

4. The purchase price for the entire private sewer system to be acquired by the District, including building sewers, lateral sewers, branch sewers, submain sewers, main sewers, intercepting sewers, outfall sewers, force mains, pumping stations and treatment and disposal facilities, shall not in any event exceed the actual cost incurred by the developer in constructing the outfall sewers, force mains, main sewers, pumping stations and disposal and treatment facilities to be acquired by the District; *provided*, that the cost attributed to any lagoon site shall be the fair market value or established by competent appraisers as of the time of acquisition by the District; the cost of appraisal to be borne equally by the District and developer.

The foregoing terms are defined as follows:

- (a) "Building sewer" shall mean any extension from a building drain to the public sewer or other place of disposal; also called the house sewer or house connection.

(b) "Lateral sewer" shall mean any sewer which discharges into a branch or other sewer and has only building sewers tributary to it.

(c) "Branch sewer" shall mean any sewer which receives sewage from a relatively small area and discharges into a main sewer:

(d) "Submain sewer" shall mean any arbitrary term used for relatively large branch sewers.

(e) "Main sewer" shall mean any sewer to which one or more branch sewers are tributary and which serves a large territory; also called trunk sewer.

(f) "Intercepting sewer" shall mean any sewer which receives sewage from a number of sewers and conducts such sewage to a point for treatment or disposal:

(g) "Outfall sewer" shall mean any sewer which carries sewage to a point of final discharge.

(h) "Force main" shall mean any sewer operating under pressure and receiving the discharge from a pumping station.

SECTION 6. Revenues.—In order that the Commission may have a source of revenues with which to discharge obligations incurred pursuant to this act, (a) the Commission shall be empowered to use any revenues resulting from the sewer service charge imposed pursuant to Act No. 1180 of 1964, as amended by Act No. 1222 of 1966, not required to meet the payment of debt service of general obligation bonds now issued or hereafter issued by the District, the costs of maintenance and operation of the present and future systems of sewage collection, treatment and disposal facilities, without priority to either, and to discharge further covenants made by the District relative to a cushion or reserve fund and to any system, improvement or analogous fund established for the further securing of such bonds; or (b) if any system improvement fund shall have been established by the proceedings incident to the issuance of such bond, the Commission may utilize moneys in such fund to discharge its obligation under contracts made pursuant to the authorization of this act.

SECTION 7. Condemnation.—Nothing herein contained shall be construed to limit or restrict the right of the District to acquire private sewer systems by condemnation.

SECTION 8. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 30th day of March, 1967.

Afterward by Act No. 1180 of 1964, as amended, it empowered the Commission to undertake the acquisition and construction of extensive sewage collection, disposal and treatment facilities and in order to raise monies therefor authorized the issuance of not exceeding ten million dollars of general obligation bonds for such program.

The program thus authorized has been instituted and certain collection and disposal facilities have already been constructed. As yet only minor treatment facilities have been constructed. Consulting engineers employed by the District have made and are continuing extensive studies and have now indicated to the Commission the desirability of locating treatment facilities beyond the boundaries of the District and east of the Cooper River. The cost of studies to determine the feasibility of this plan will involve a considerable outlay of cash but it is believed that, if facilities east of the Cooper River are constructed, tremendous savings will result in the cost of operating such facilities as compared to facilities located within heavily populated areas of the District. If such facilities are to be constructed, it would appear that it would be necessary that a tunnel or tunnels be constructed through the marl lying below the bed of the Cooper River which would be sufficient in size not only to carry off sewage originating within the District but sufficient to provide for the transmission and subsequent treatment of industrial waste originating within the District and sewage and industrial waste originating in areas beyond the District.

In the course of studying the possibility of the project, questions have arisen as to whether, under the existing statutory authorization, the Commission may:

1. Locate treatment facilities beyond the boundaries of the District.
2. Construct tunnels under the bed of the Cooper River.
3. Collect, treat and dispose of industrial waste as well as domestic sewage.
4. Enter into long-term contracts with industries and other public service districts which might wish to contract with the District for the collection, treatment and disposal of sewage and industrial waste.

In order to remove questions thus arisen, and in order that there shall be no question of the power of the Commission to undertake the project, if it shall prove feasible, and to remove any question that may otherwise exist as to the propriety of expending money for preliminary studies, the General Assembly is minded to specifically authorize

such action and to that end proposes to further amend Act No. 521 of 1957.

SECTION 2. Act 521 of 1957 amended to extend authority of North Charleston Consolidated Public Service District.—Subsection (1) of Section 4 of Act 521 of 1957 is amended to extend the authority of the North Charleston Consolidated Public Service District by inserting on line two after “sewage” the words “treatment and”, and by adding at the end of the subsection the following: “The system may be located, in part, east of the Cooper River and any facilities so located may be connected with the remaining part of the system of the District by means of a tunnel or tunnels or aqueous pipeline under the bed of the Cooper River.”

Subsection (1), as amended, shall read:

“(1) The construction, operation, maintenance and enlargement of such system of sewers and sewage treatment and disposal as the Commission shall from time to time deem necessary to protect the health of those living in the District. The system may be located, in part, east of the Cooper River and any facilities so located may be connected with the remaining part of the system of the District by means of a tunnel or tunnels or aqueous pipeline under the bed of the Cooper River.”

SECTION 3. Act 521 of 1957 amended to permit disposal of industrial waste.—Subsection (9) of Section 5 of Act 521 of 1957 is amended to permit disposal of industrial waste, by inserting after the word “sewage” on line two the words “and industrial waste”.

The subsection, as amended, shall read:

“(9) Build, construct, operate and maintain a system for the collection and disposal of sewage and industrial waste, including the construction of sewer mains, sewer lines and sewage treatment and disposal plants, and from time to time to enlarge and extend the same.”

SECTION 4. Act 521 of 1957 amended to authorize tunnel.—Section 5 of Act 521 of 1957 is amended to authorize a tunnel under the Cooper River, by inserting after subsection (22) a new subsection (22a) to read as follows:

“(22a) Construct such tunnel or tunnels or aqueous pipeline as may be necessary under the bed of the Cooper River in order to connect that part of the system within the District with treatment and disposal facilities located east of the Cooper River.”

SECTION 5. Act 521 of 1957 amended to authorize power of eminent domain.—Subsection (23) of Section 5 of Act 521 of 1957 is amended by adding at the end thereof the following: "The Commission may exercise the power of eminent domain to the extent necessary to acquire suitable lands, easements and rights of way east of the Cooper River in order that it may acquire, construct, operate, maintain and enlarge, east of the Cooper River, sewage treatment and disposal facilities and connect such facilities with other facilities of the District situate west of the Cooper River through the means of the tunnels or aqueous pipelines authorized by subsection (22a)". Subsection (23), as amended, shall read:

"(23) Exercise the power of eminent domain for any corporate function. The power of eminent domain may be exercised through any procedure prescribed by Chapter 3, Title 25, Code of Laws of South Carolina, 1952, or by following the procedure for the exercise of eminent domain by the State Highway Department, prescribed by Article 2, Chapter 3, Title 33, Code of Laws of South Carolina, 1952. The Commission may exercise the power of eminent domain to the extent necessary to acquire suitable lands, easements and rights of way east of the Cooper River in order that it may acquire, construct, operate, maintain and enlarge, east of the Cooper River, sewage treatment and disposal facilities and connect such facilities with other facilities of the District situate west of the Cooper River through the means of the tunnels or aqueous pipelines authorized by subsection (22a)."

SECTION 6. Act 521 of 1957 amended to authorize certain contracts.—Section 5 of Act 521 of 1957 is amended further to authorize certain contracts, by adding after subsection (26) a new subsection (26a) which shall read as follows:

"(26a) To enter into long-term contracts for the collection, treatment and disposal of industrial wastes with industries within or nearby the District and to enter into long-term contracts with adjacent public service districts or other political entities, including facilities of the United States Government, for the collection, treatment and disposal of sewage and industrial waste. The cost of such facilities required for the collection, treatment and disposal of sewage and industrial waste, as herein contemplated, and all expenses and costs resulting from alterations of any existing or proposed systems of sewerage designed or being designed primarily for use of residents

of the District shall be borne by such industries, public service districts or other political entities as above provided. In addition thereto such industries, public service districts or other political entities will pay such fixed fees, rates and charges as may be required to repay the district for any expenses and costs incurred in engineering studies, construction and development and operation of such facilities, as well as and not limited to a regular sewer service charge, as may be determined by rate schedule adopted by the district."

SECTION 7. Limitation by Act 1180 of 1964.—Insofar as the pending and proposed enlargement of the systems of sewers and sewage disposal by the district is concerned, no monies will be raised beyond the limits set forth in Act No. 1180 of 1964, as amended, without first having assent thereto by public referendum in the manner provided by the laws of the State.

SECTION 8. Powers granted in act complementary.—The action taken by the General Assembly in making specific provision for the undertakings described in Section 1 is not intended to detract from or negate any powers now existing in the Commission. This act is enacted for the purpose of removing questions that might otherwise exist and which might result in litigation delaying and impeding the efforts of the Commission to preserve the health and welfare of the District through the acquisition and construction, operation and maintenance of an appropriate system for the collection, treatment and disposal of sewage and industrial waste.

SECTION 9. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 5th day of July, 1967.

No. 683

An Act To Amend Section 3 Of Act No. 1062 Of 1962, Relating To The Expenditure Of Bond Funds For School Improvements In School District No. 1 Of Cherokee County, So As To Further Provide For The Expenditure Of Such Funds.

Whereas, pursuant to Act No. 1062 of 1962, the Board of School Trustees of School District No. 1 of Cherokee County issued general obligation bonds to meet school needs in Cherokee County; and

Whereas, in Section 3 of this act the General Assembly set forth several purposes for which the bond funds might be used and which included as Item (1) the construction of an elementary school in the Sunnyside Community; and

Whereas, the State and county educational authorities have determined that construction of a Sunnyside Elementary School is not at this time an urgent or critical need for Cherokee County when compared with other existing needs; and

Whereas, the General Assembly concurs with these findings that other school needs are more critical and urgent and that the bond funds should properly be placed under Item (4), which is proposed to be renumbered as Item (3), of Section 3, so that they may be used to meet other critical needs of the School District, including the construction of a new Junior High School and a Vocational School, both of which are urgently needed; and

Whereas, Item (2), which is proposed to be renumbered as Item (1), relating to improvements at Elm Street Elementary School and Item (3), which is proposed to be renumbered as Item (2), relating to improvements at West End Elementary School have been completed and the General Assembly finds that Item (1) should be eliminated for the present, and that the funds from Item (1) and any other remainder of the bond funds should be transferred to Item (4), which is proposed to be renumbered as Item (3), to be used for other school needs or to retire the bonds issued pursuant to the act; and

Whereas, it is deemed that approval of these funds by the County Board of Education is not necessary and should be removed. Now therefore,

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Section 3 of Act No. 1062 of 1962 amended—disposition of proceeds.—Section 3 of Act No. 1062 of 1962 is amended, so as to further provide for the expenditure of bond funds by School District No. 1 of Cherokee County, by striking it out and inserting in lieu thereof the following:

“Section 3. The proceeds derived from the bond sales as herein authorized shall be deposited with the Treasurer of Cherokee County in a special fund, separate and distinct from all other funds, and shall be expended upon authorization of the board of trustees for the following purposes:

(1) New construction and improvements at Elm Street Elementary School 225,000.00

(2) New construction and improvements at West End Elementary School 100,000.00

Provided, that if the Board of Trustees determines that more money is needed at any of the above schools, it is authorized to expend additional amounts from the remaining funds available.

(3) Such other needs at Cherokee County School District No. 1 schools as may be warranted from the remaining funds available, including funds previously earmarked for the construction of Sunnyside Elementary School; *provided*, that the board may apply such earmarked funds to the retirement of the bond issue."

SECTION 2. Transfer of funds.—The funds appropriated in Item (1) of Section 3 of Act No. 1062 of 1962 for the construction of Sunnyside Elementary School shall be transferred by the Treasurer of Cherokee County for the use of Cherokee County School District No. 1 as provided by Item (4) (which appears as Item (3) in Section 1 of this act) of such section.

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 10th day of May, 1967.

Provided, that no fund herein appropriated for any one purpose shall be used for any other purpose without the written consent of a majority of the legislative delegation.

SECTION 2. The county treasurer is hereby authorized and directed to pay upon warrants issued by the county board of commissioners the sum of twenty thousand dollars from the county's share of the one cent gasoline tax for the purpose of surface-treating roads or streets in the Town of Blacksburg and the City of Gaffney and the populous and congested areas outside of Blacksburg and Gaffney. Ten thousand dollars of this sum shall be apportioned to the municipalities, with three thousand dollars allocated to Blacksburg and seven thousand dollars allocated to Gaffney. The City Council in each city shall decide the streets to be improved. The streets and roads to be improved with the other ten thousand dollars, whether inside or outside the municipalities, shall be agreed to in writing by a majority of the legislative delegation. *Provided*, that the grading and preparing of such roads and streets or surface treating shall be done by the city or county road forces under the supervision of a competent engineer and the work shall be done in accordance with the State Highway Department's specifications, and no surface treating shall be done without approval of the engineer.

SECTION 3. The court crier, jury boy and bailiffs in the Circuit Court of Cherokee County shall be paid a per diem of seven dollars and fifty cents for the actual number of days served, and the jurors and the members of the board of assessors and the board of equalization shall be paid a per diem of ten dollars for the actual number of days served. The coroner's jurors (6) shall be paid four dollars per inquest.

SECTION 6. The amount herein appropriated shall be paid out as near as practicable one-twelfth each month during the year 1967 and, if any item or salary has been overpaid for any month, such overpayment shall be deducted from the following month. Any note or contract made by any officer of the county or by the board of county commissioners for any amount not included in this appropriation act shall be null and void; any officer or employee who disregards any of the provisions hereof without the written consent of a majority of the Cherokee Delegation to the General Assembly, kept on file in the treasurer's office, shall be guilty of a malfeasance in office and subject to removal. If the county supervisor or the board of commissioners at any time finds that the appropriation or monthly allotment is not sufficient to maintain the maximum chain gang and equipment or road maintenance, then, in that event, they are required to send to the State Penitentiary a sufficient number of long term chain gang prisoners and reduce equipment and other expenses so that expense will come within the monthly allotment herein provided. All appropriations herein made are subject to the right and authority of the majority of the Cherokee County Delegation to change, alter or deduct therefrom at any time, without notice, when in its judgment such

change, alteration or deduction is necessary for the best interest of the county or to conform with the revenue expected during the life of this act. *Provided*, that the changes made by the delegation pursuant to the authority herein conferred shall not operate to increase the total amount herein appropriated. *Provided*, the appropriations terminated herein as of June 30, 1967, shall not be further paid at anytime in any other year.

Whenever references are made in this act to any action of or by the legislative delegation or county delegation, the same means the joint approval, agreement or order of the resident Senator of Cherokee County and at least one-half of the Representatives of Cherokee County in the General Assembly. In the event, however, of the death, resignation or removal of any one or more of the members of the delegation, the remaining members shall have the right to execute any such approval, agreement or order.

SECTION 12. Notwithstanding the provisions of local acts affecting the County of Cherokee and contemplating possible action by the Cherokee County Legislative Delegation or a majority thereof, whether or not such acts include the phrase "including the Senator"

or substantially similar language, such action shall be effective when done by a majority of the Cherokee County Legislative Delegation as defined by Section 11 of this act.

All such expenditures shall be made from the general fund of the county. This provision is included in this act so that the activities of the county may continue uninterrupted until the appropriation act for the calendar year 1968 is adopted.

SECTION 15. The County Board of Commissioners of Cherokee County may rent office space in the Cherokee County Agricultural Building for use by persons or organizations in the performance of State or Federal functions. The members of the Board of Trustees of Cherokee County School District No. 1 shall receive per diem of twenty-five dollars and mileage at the prevailing rate allowed by the State for attendance upon meetings of the board, but the payment of such per diem and mileage shall be limited to not more than two meetings during each month. The per diem and mileage of the members of the board of trustees provided for herein shall be paid from the general school funds.

of issuing birth certificates. PART II

Permanent Provisions

Inasmuch as substantial portions of the following provisions are permanent laws of Cherokee County, relating to county affairs and school business, the Code Commissioner is requested to codify and include in the next edition of the Code of Laws of South Carolina, and all supplements, the provisions herein which constitute a part of the permanent laws and statutes governing county, school and other affairs of Cherokee County.

CONTROL OF FINANCES

SECTION 19. The General Assembly of South Carolina finds that it will be to the benefit and progress of Cherokee County Government to establish a single, central control system for receiving, receipting, for disbursing and accounting, for public monies paid into various offices and departments of county government and further that public officials should not maintain separate bank accounts for the deposit and disbursement of public funds. The General Assembly, therefore, adopts as a legislative policy and directs as a mandate of the law that all public monies of every kind and description, bonds, fines and forfeitures, civil and criminal costs, recording fees and revenue stamps, commissions and all others, be prepaid to the Treas-

urer of Cherokee County in all possible cases, and in instances where such monies cannot be prepaid, the officials collecting such monies shall deposit same with the Treasurer of Cherokee County and obtain a receipt for same, and in no case shall such monies received be deposited in any bank account of the office of the public official.

The General Assembly also adopts as legislative policy and as a mandate of law that the internal bookkeeping and auditing system of every office of Cherokee County where funds are received for any purpose should be as uniform as possible with all warrants, receipts and papers used in the handling of money being serially numbered, in triplicate, of different colors, and of such design and form as the Treasurer of Cherokee County shall determine.

In order to effectuate and implement this policy of single and central control of all public funds in Cherokee County, the Treasurer of Cherokee County is hereby designated and declared to be the Chief Finance and Control Officer of Cherokee County and is vested with power and authority to require the payment to him of all public funds as herein provided and to design and prescribe the system of internal control to be used by each official, including the types of receipts, books and records.

SECTION 20. In order to assist the Treasurer as Chief Finance and Control Officer in the receipt and handling of public funds, there is hereby created the office of Finance Officer in the office of the County Treasurer. This officer shall be appointed by the Treasurer for a term of office concurrent with that of the Treasurer, but such Finance Officer shall be subject to removal by the Treasurer at his will. The Finance Officer shall enter into an indemnity bond to Cherokee County for a sum of not less than ten thousand dollars. The Finance Officer shall be responsible for receiving, receipting for and accounting for the public funds from the various county offices to be deposited as herein provided.

The Finance Officer shall maintain a separate window in the office of the Treasurer to receive public funds from other county offices and recording fees, bonds and other revenue that should be paid to the Treasurer. The Finance Officer shall keep records, books and receipts in current condition and shall remit or deposit the monies as the Treasurer shall expressly provide. The Finance Officer shall issue receipts for all funds, making use of a machine that will issue serially prenumbered receipt forms of different colors so that one copy may be delivered to the person remitting the funds, one copy

provided for the office from which the funds originated and one copy to be retained on the records of the Finance Officer.

The Clerk of the County Board of Commissioners is hereby directed to cooperate with the Treasurer in the preparation and acquisition of serially prenumbered forms necessary for use of the various county officials. Either the Treasurer or the Clerk of the County Board shall keep an accurate record and log by serial numbers of the forms on hand and those delivered to any official. The Treasurer shall decide where the forms shall be stored and who shall have custody of and authority to issue them as well as the format and design of all such forms.

The Finance Officer, subject to the general directions of the Treasurer, shall have authority to do whatever is necessary to effectuate and accomplish a single control system of handling county funds.

CLERK OF COURT

SECTION 21. The General Assembly finds as a legislative determination that it is unnecessary for the Clerk of Court for Cherokee County to receive or disburse funds or to have a bank account to which public funds or trust funds of Cherokee County may be deposited. The close proximity of the Treasurer's office to that of the Clerk of Court simplifies and facilitates direct payment of all recording fees, bonds, court costs, revenue stamps, alimony and support payments and other monies to the Finance Officer in the office of the Treasurer.

Promptly, after the effective date of this act, the Clerk of Court is directed to deposit with the Treasurer of Cherokee County all public funds, of whatever kind or from whatever source, in his possession as Clerk, together with a detailed and itemized explanation as to source and persons and cases involved. This transfer of funds by the Clerk shall embrace all trust funds including those now or formerly on deposit with the Piedmont Federal Savings and Loan Association as reflected by the recent audit of this office, and including all funds for which old outstanding checks have not been cashed, together with a list of the uncashed checks, and including any other funds on hand. The transfer of the funds shall be complete and shall close out the official bank account of the Clerk of Court. All revenue stamps shall be transferred to the Treasurer and hereafter disbursed by his office.

All recording fees for deeds, mortgages, contracts, leases, and any other papers to be recorded and all filing fees for summons, com-

plaints, lis pendens and other pleadings, and all charges heretofore made by the Clerk of Court for any service such as photostating copies of records shall hereafter be paid directly to the Finance Officer at the Treasurer's Office. The Finance Officer shall receive the recording fees and issue a receipt in triplicate, giving one copy to the person offering the document for recording, one copy, with the paper to be recorded, to the Clerk, and retaining a copy. The Clerk shall record the paper and retain his copy of the receipt. No recordations or other service shall be made or performed without payment first being made to the Finance Officer and a receipt delivered to the Clerk.

All fines, cash bonds and other monies payable to the Clerk of Court by any Court decree, agreement of litigants, or otherwise, shall be paid directly to the Finance Officer. In all such instances the Clerk of Court shall sign a certificate as to the amount to be deposited, citing the authority, date of decree or agreement, case name and number, if any, and this information shall also be inserted by the Finance Officer on the receipt, copy of which shall be given to the Clerk of Court.

It is also the legislative preference that all monies relating to alimony and support payable to the Clerk be paid through the Finance Officer. The Deputy Clerk of Court is directed to keep a current list of such payments to be made, name of person to make them, and the amount. It is preferable that such payments be made to the Finance Officer who will receipt for them and then issue a check or voucher which the Deputy Clerk of Court may deliver to the beneficiary. The Deputy Clerk of Court is expressly designated as the person who shall cooperate with such plan as the Treasurer may adopt for the payment of these monies under a careful and exact record. The Treasurer may, however, create a special joint trust fund and separate bank account, if necessary, to which the Finance Officer and/or Deputy Clerk of Court may deposit alimony and support monies and issue checks to be signed by both therefrom. The Treasurer is vested with complete power and authority to handle this under any system he deems adequate and proper for the continuous, accurate and current accounting of alimony and support funds.

The Clerk of Court shall not retain any trust funds; all trust funds shall be deposited with the Treasurer and the Treasurer shall issue a receipt to the Clerk of Court. The Treasurer shall provide serially numbered books of duplicate certificates which the Clerk of Court, magistrates, and other officials may use to make certifications to the Treasurer regarding legal cases, fines, trust funds and other matters.

If there should be an acquittal, for instance, in a case of cash bond deposited, the Clerk would certify that fact to the Finance Officer, setting forth the case, number, and result and advising that the cash bond should be refunded.

In the handling of civil cases and land sales, the Clerk shall make an itemized cost statement and deliver same to the Finance Officer where the costs will be collected and disbursements made. It is the legislative preference that the Finance Officer handle all collection of costs and disbursements in civil suits as well as other matters, but the Treasurer is vested with authority to devise such a system as he prefers for the handling of these disbursements, but if such funds are not disbursed through the Finance Officer, then the Treasurer should direct the use if a system utilizing cashier's checks so that it will not be necessary that the Clerk of Court make any deposit to a bank account for disbursements.

It is the express intent of this legislation that the office of Clerk of Court not be required to handle public funds, and that the Finance Officer receive and receipt for any and all funds which heretofore passed through the office of the Clerk of Court. The Treasurer and Finance Officer are vested with full authority to adopt such internal systems for use in the office of the Clerk of Court as will support this purpose. The Clerk of Court shall adhere to and execute any direction of the Treasurer as to handling of public funds. If it should become necessary for the office of the Clerk of Court to handle any funds, the Treasurer shall provide an imprest fund strictly under his control for use in the Clerk's Office.

The Clerk of Court shall forthwith prepare and file with the Treasurer a list of fees charged for recording any and all types of papers, and in case of doubt the Clerk shall certify in writing the charge which should be made and it shall be collected by the Finance Officer.

MAGISTRATES

SECTION 22. The General Assembly finds that it will be for the best interest of Cherokee County to have, and adopts as legislative policy, a system whereby magistrates shall not retain any public funds or deposit any such funds in any bank account maintained by them, but rather shall make a daily deposit of all funds received to the Finance Officer in the office of the Treasurer.

After the effective date of this act, the magistrates in the Cherokee County Courthouse shall transfer all funds in the magistrate bank

accounts to the Treasurer who will receipt them for same. Magistrate Vinesett is expressly directed to deposit with the Treasurer all funds in his magistrate bank account, including all surplus funds as reflected in a recent audit, and these bank accounts shall be closed out. The Magistrate at Blacksburg shall transfer his funds to an account in the Blacksburg Bank to be opened in the name of the Treasurer of Cherokee County, and hereafter the Magistrate at Blacksburg shall make a daily deposit of all receipts to this account of the Treasurer. Only the Treasurer may make disbursements from this account.

After the effective date of this act, all magistrates in Cherokee County shall issue only serially prenumbered receipts for all monies received from bonds, fines, penalties, civil costs and any other source whatsoever. The Treasurer or Clerk of the County Board, if the Treasurer so desires, shall cause to be printed and furnished for use by each magistrate a number of serially prenumbered triplicate receipts in book form. Serially prenumbered arrest warrants shall also be prepared and used by magistrates. The triplicate receipts should be of different colors. The original should be delivered to the person paying the money, a copy should be delivered to the Finance Officer with daily deposit record; and a copy should remain in the receipt book which, with the case record should be retained in the office of the magistrate.

The Finance Officer and Treasurer shall provide the magistrates with a daily report record form, which also should be numbered and in duplicate, similar to a bank deposit slip, but with more information, so that each magistrate may make up a daily record of monies received. These monies with daily report form and copy of receipts shall be delivered to the Finance Officer.

Magistrates of Cherokee County are hereby directed and enjoined not to retain possession of any public funds coming into their hands but are directed to deposit all monies received each day with the Treasurer. The only exception to this rule shall be that monies or funds which may be taken after closing hours on Friday may be held for deposit with the Treasurer on the following Monday. All cash bonds shall be deposited daily with the Finance Officer whether a case has been tried or not. If money is to be refunded later by virtue of acquittal or reduction of a fine or other reason, the Magistrate shall in writing and on the prescribed form certify this fact to the Finance Officer listing case, number, warrant number, and reason for refund.

The Magistrate at Blacksburg shall make his daily report, but may deposit the funds in the Blacksburg Bank to the account of the Treasurer, and shall mail a copy with receipts to the Finance Officer or Treasurer.

It is the express intent of this legislation that magistrates not maintain bank accounts for their offices, but that they deposit, on a daily basis, all monies received with the Finance Officer in the office of the Treasurer, together with the numbered receipts showing the source of the funds. Magistrates may include several highway patrol cases on one daily report and receive from the Finance Officer a single receipt, but on the daily report each case shall be clearly identified by the number on the highway patrol slip and by the name of the person involved.

Magistrates are prohibited from accepting any fees whatsoever for any service rendered, and the salary of the office shall be full remuneration. Any magistrate accepting or charging fees or commissions for collecting accounts or bad checks shall be guilty of a misdemeanor. No magistrate shall permit any fine imposed to be paid on the installment plan.

Magistrates shall use only serially numbered warrants after this act becomes effective.

Magistrates shall carefully follow the provisions of Section 43-9, Code of Laws of South Carolina, 1962, as to keeping two books, one for civil and the other for criminal cases. All warrant records and receipts shall conform with these records.

If any magistrate in Cherokee County shall fail to make a daily deposit of funds with the Treasurer's Finance Officer as herein provided, or receive monies without issuance of a serially numbered triplicate receipt, or issue a warrant without serial number, or retain any public funds of any kind whatsoever for a period greater than herein provided, the Finance Officer shall report this in writing to the Cherokee County Grand Jury and to the Resident Circuit Judge.

Magistrates need not file the monthly reports as heretofore in any cases involving money where the money was deposited in a daily report, but magistrates shall prepare a monthly list of warrants by name and serial number, indicating status of the case, where no money has been involved, and file same with the Treasurer.

Magistrates may, if they wish, have persons go directly to the Finance Officer to pay fines, bonds and other monies, retaining the copy of the Finance Officer's receipt for their records. If this is done,

the Magistrate should issue a certificate to the Finance Officer to accept the funds, and in such a case the Magistrate would not need to include these funds on his daily deposit and report.

SHERIFF

SECTION 23. The Sheriff of Cherokee County shall be furnished serially prenumbered receipt books which he may use to receipt for any monies paid to him or to his office. It is preferable that in the service of civil papers the service charges and estimate mileage be prepaid directly to the Finance Officer and the duplicate receipt issued to the Sheriff shall be his authority to make the service. Any other monies received by the office of the Sheriff shall be deposited with the Finance Officer with copy of receipt immediately after receiving same. All personal property to be sold, including forfeited weapons, shall be sold by the Sheriff at public auction after advertising on two successive weeks of the time and place of sale.

PROBATE COURT

SECTION 24. The Probate Judge of Cherokee County, after the effective date of this act, shall transfer any and all trust funds which may be in his possession to the Treasurer, together with an itemized statement of the source of the funds, name of the case, and other pertinent information. All fees and charges and commissions collected, if any, on cases being handled in the Probate Court shall be paid to the Treasurer's office on a daily basis. This shall not apply, however, to the issuance and collection of fees on marriage licenses which the Probate Court may continue to collect, file and remit on a monthly basis to the Treasurer.

The Probate Judge shall prepare a statement of costs and fees to be collected in any case and shall certify this in writing to the Finance Officer where the costs shall be prepaid and the Probate Judge provided a duplicate receipt for the payment. All other monies shall be remitted immediately after receiving same.

SECTION 25. There is hereby appropriated from the General Fund of Cherokee County the sum of five thousand dollars which shall be available to the Treasurer of Cherokee County to implement and carry out the provisions of the act establishing central financing. The Treasurer is authorized to employ any certified public accountant or auditor of his choosing to assist in designing forms and imposing a system of internal control and bookkeeping in each county office

which handles public funds. He may also purchase such equipment as he deems proper and necessary to implement the provisions hereof, and the Treasurer or any of his assistants shall receive from this appropriation actual expense and mileage at the State rate for any trip or visit made to other areas to study and investigate systems of central financing. The Treasurer shall have sole authority to authorize expenditures from this appropriation.

CHEROKEE COUNTY SCHOOLS

SECTION 26. The Board of Trustees of Cherokee County School District No. 1 shall be the governing body and central authority of the Cherokee County Public School System. The Board of Trustees of Cherokee County School District No. 1 shall consist of nine members who shall be elected at large by the qualified electors of the school district and whose regular term of office shall be four years and until their successors are elected and qualify. Two members of the Board shall be residents of Cherokee Township east of Broad River, and seven members shall be residents of the school district west of Broad River.

SECTION 27. Four members of the Board of Trustees shall be elected on the first Tuesday in April, 1968, for a term of four years and these four members shall be residents of the school district west of Broad River, but shall be voted upon by all the qualified electors in the school district. Five members of the Board of Trustees shall be elected on the first Tuesday of April, 1970, and three of these shall be residents west of Broad River and two shall be residents of Cherokee Township east of Broad River; they shall be elected for a term of four years, except that in the election of 1970 the member elected in Cherokee Township, east of Broad River, with the highest number of votes shall serve for a term of four years and the other member elected in 1970 in Cherokee Township shall serve for a term of two years, so as to stagger the terms of the members residing in Cherokee Township. Thereafter all terms of office shall be for four years.

SECTION 28. Thirty days before the election candidates shall file a notice of intention to be a candidate with the Board of Trustees and his name shall be printed on the ballot. The Board of Trustees shall provide for the conduct of the election, printing of ballots and shall designate the voting places and name the managers of the voting places. The Board shall publish reasonable notice of the polling places,

time and purpose of the election by publication at least two successive weeks in the local newspaper, and do all things necessary for the proper conduct thereof. The managers of election shall make returns to the Board of Trustees who shall canvass the ballots and declare the results. No candidate shall be declared elected, however, unless he shall have received a majority of all the votes cast at an election for trustees. In case a second election is necessary, the Board of Trustees may fix the time for and hold such election, and shall give reasonable notice thereof. In case of any vacancy in the Board of Trustees, the board shall order a special election to fill such vacancy.

SECTION 29. The Board of Trustees shall hold regular meetings and special meetings as often as necessary. All regular meetings shall be open to the public. The members of the Board shall receive such per diem and mileage as is provided in the annual appropriation act for Cherokee County. Any duties which are now or may heretofore have been, by any special or general law, devolved upon the county board of education of Cherokee County are hereby imposed upon, devolved upon and transferred to the Board of Trustees of School District No. 1. All remittances and reports required by law to be made by any department of the government to the county board of education shall be made to the Board of Trustees as established under this article.

SECTION 30: The Board of Trustees shall be fiscally independent and shall be charged with sole responsibility for the expenditure and accounting of all funds credited to the school district or coming into the hands of the Board of Trustees. All school funds in the hands of the Treasurer of Cherokee County arising from tax levies on the property in the school district and from any other source, State, Federal or otherwise, shall be placed by the Treasurer to the credit of the school district.

SECTION 31. The Board of Trustees of School District No. 1 may, by resolution duly adopted, determine and fix the amount of the levy needed to operate the schools in the district for any one year and shall on or before the first day of July of each year notify the auditor of the county of the amount of the levy and file with him a certified copy of the resolution. It shall thereafter become the duty of the auditor of the county to levy and the treasurer to collect, the tax as determined and directed by the Board upon all the taxable property in the school district as other taxes are collected.

SECTION 32. The Board of Trustees is vested with all the powers and authority conferred by law upon Boards of Trustees and County Boards of Education. In all budgetary matters of the school district, the Board of Trustees shall have the sole, separate and independent power, authority and responsibility. All school funds of Cherokee County shall be deposited in the office of the Treasurer of Cherokee County to the credit of the school district and withdrawn only upon warrants issued by the Board of Trustees. All claims shall be approved by the Board of Trustees and the Board shall designate at least two persons to sign vouchers and warrants, one of whom shall be bonded as the Board shall provide. Notwithstanding any other provision of law, unless the County Superintendent of Education is one of the persons designated by the Board of Trustees to approve claims and sign warrants, it shall not be necessary for the county superintendent to approve claims or sign warrants. The authority to approve claims and issue warrants for payment is conferred upon and vested fully and completely in the Board of Trustees.

SECTION 33. Title to all school property in Cherokee County, real or personal, which is now or heretofore has been used for school purposes as well as that which may be hereafter acquired shall vest in School District No. 1 of Cherokee County. The Board of Trustees is authorized to lease, rent, permit the use of or sell any surplus school property, real or personal, which is not needed further for school purposes. The Board may determine the terms and conditions for the sale of any surplus property, real or personal, and public notice of the time and place of the sale shall be given by publication in a local newspaper at least once a week for three successive weeks. The proceeds from the sale of any school property shall be turned over to the general school fund and used for school purposes.

SECTION 34. There is hereby appropriated from the General Fund of Cherokee County the sum of one hundred twenty-five thousand dollars to be paid to the Board of Trustees of Cherokee County School District No. 1 for the purpose of constructing and equipping an area vocational school for Cherokee County. This sum shall forthwith be transferred to the account of the school district. This is the balance of the matching sum of two hundred thousand dollars pledged by Cherokee County to be used with State and Federal funds to build this facility. The sum of seventy-five thousand dollars has previously been made available to the school district.

CHEROKEE COUNTY MEMORIAL HOSPITAL

SECTION 35. The Cherokee County Memorial Hospital shall be governed by a board to be known as the Board of Trustees of Cherokee County Memorial Hospital and to consist of nine members as hereinafter provided. The nine present members of the board, appointed pursuant to the provisions of Act No. 185 of the Acts and Joint Resolutions of 1941, are hereby declared to be the official Board of Trustees of Cherokee County Memorial Hospital and are hereby vested with full power and authority in all respects to govern the affairs of the hospital and enact and promulgate rules and regulations for its operation.

SECTION 36. The General Assembly finds that it will be to the best interest of Cherokee County Memorial Hospital and its future operations to make the Board of Trustees as stable and permanent as practicable and to have the terms of office of the trustees correlated to the fiscal year of the hospital which is October first to September thirtieth in each year. The General Assembly also finds that the board of trustees should operate as a self-perpetuating board for the general welfare and benefit of the people, and that the period of service of each trustee should have some reasonable limitation. It is also found by the General Assembly that all terms which expire should be filled by appointees at least thirty days prior to expiration.

SECTION 37. To this end, therefore, the General Assembly ratifies and confirms the current appointments of the present trustees as follows: Chairman O. M. Fuller and Members Edward R. Jefferies, and James I. Bogan are serving terms which expire June 1, 1969; Members Mrs. Sam Lattimore, John Leazer and Gene Hough are serving terms which expire June 1, 1968; Members Lawrence Clary, Gene Brown and Lawrence Childers are hereby reappointed by the legislative delegation of Cherokee County for new terms which will expire June 1, 1970. As the expiration date on all appointments is June 1, this expiration date is hereby extended on all of the above appointments to September thirtieth in the year of expiration, and all new appointments made hereafter shall be for a term of three years beginning on October first in the year appointed.

SECTION 38. After the effective date of this act appointments to the Board of Trustees of Cherokee County Memorial Hospital shall be made by the Governor of South Carolina, upon recommendation of two-thirds of the full membership of the board of trustees. The

chairman of the board shall notify the Governor at least forty days before a term is to expire and advise him of the person nominated by the board. A hospital trustee may serve two consecutive terms of three years each on the board, but may not serve another term until one year has lapsed after termination of his prior service on the board of trustees.

SECTION 39. All phases of hospital operations shall be under the sole and separate control and jurisdiction of the Board of Trustees. All properties of the hospital, real and personal, shall be subject to control and management by the Board of Trustees.

SECTION 40. The nursing home facilities of Cherokee County are hereby declared to be within the sole and separate control and jurisdiction of the Board of Trustees. The board may provide for the operation of the nursing home facilities and may rent or lease same, but only for initial and renewal periods of not more than one year at a time so that general control and jurisdiction shall effectively remain in the board. Long term leases or rental agreements for the county-owned nursing home facilities which have the effect of alienating and disposing of the property for long periods of time to any person or corporation are hereby declared to be void and illegal and against public policy. The long-term lease of the county-owned facility to a corporation known as J. P. Petty Nursing Home is declared to be void and illegal as against public policy in that it is a loss of control of county property for an unreasonable length of time. The Hospital Board shall take possession of the property occupied by the so-called J. P. Petty Nursing Home as soon as possible and operate it in the best interest of Cherokee County.

SECTION 41. The members of the board of trustees shall meet at least once a month, and shall receive for each regular monthly meeting a per diem of fifteen dollars each to be paid from county funds appropriated for the hospital.

SECTION 42. All acts inconsistent, including Act No. 185 of 1941 are hereby repealed. Such provisions herein as relate to permanent laws shall be included in the South Carolina Code of Laws.

CONSTRUCTION OF COUNTY JAIL

SECTION 43. The General Assembly finds that further delay in the construction of a new Cherokee County Jail is not warranted

and that a county jail should be constructed at the earliest possible time. It is recognized that the present financial means of the county will not permit construction of a jail as elaborate and refined as might be desired, but the construction of a basic jail building is a critical need which must be met forthwith.

SECTION 44. To this end, therefore, the engineering firm retained by the Cherokee County Board of Commissioners, Lyles, Bissett, Carlisle & Wolfe, Columbia, South Carolina, is authorized and directed to proceed immediately with the preparation of plans and specifications for a Cherokee County jail facility with maximum cell space and office for the Sheriff which can be provided for an estimated construction cost of one hundred seventy-five thousand dollars. The County Board of Commissioners is authorized to advertise and let a contract for construction of a county jail, at a total cost for building and equipment not to exceed two hundred thousand dollars, at the earliest possible time. The jail shall be located on the rear of the present courthouse property, and when the jail is completed, the old jail shall be torn down and the area between the courthouse and jail beautified or made into a parking area by the county board.

SECTION 45. The engineers and architects are directed to design the county jail in such manner that an annex may be added for the City of Gaffney at such time as finances are available and an agreement for city-county use can be reached between the City of Gaffney and County of Cherokee. When the facility is completed, the Sheriff shall remove his office from the courthouse to the jail building. He shall not thereafter use any portion of the courthouse property for storage of automobiles, but the county board shall obtain another site for this purpose. After completion of the jail, the Sheriff shall live in a private residence.

SECTION 46. In order to finance the construction of a new county jail at a cost not exceeding two hundred thousand dollars, there is hereby appropriated from the General Fund of Cherokee County the sum of one hundred thousand dollars to be used for this purpose by the county board. To obtain the additional one hundred thousand dollars or so much thereof as may be necessary, the county board of commissioners is hereby authorized and empowered to borrow up to one hundred thousand dollars from a local bank on promissory notes payable over a period of not more than four years at an interest

rate not to exceed three and five-tenths per cent. The full faith and credit and taxing power of Cherokee County shall be pledged to the repayment of such notes. If such a loan cannot be obtained from local banks, then the Treasurer of Cherokee County shall advance the loan from the General Fund of the county. In order to pay for this loan to construct urgently needed capital improvements for the county, the auditor shall levy and the treasurer shall collect as other taxes are collected, beginning in 1967, a tax of two mills on all the taxable property in Cherokee County. This shall be in addition to all other taxes, and shall first be used in its entirety to pay for the new jail and any loan obtained for this purpose. This tax, after being exclusively applied to and fully paying out any loan for the county jail, may be used to make further needed capital improvements to buildings of Cherokee County such as the County Courthouse. Its use as a fund for capital improvements and renovations to existing buildings is encouraged, but the tax imposed shall in no way be considered earmarked funds, and if not used for capital improvements of the county, it may be used for other needs including general operations, or removed as the delegation sees fit.

SECTION 47. Part II, Section 20 of Act No. 1227 of 1966 is hereby expressly repealed. No bonds shall be issued for construction of the county jail or for an office building. The General Assembly finds that county bonding ability is likely to be needed critically within several years for expansion purposes at the Cherokee County Memorial Hospital, and it is deemed wise and prudent to retain the maximum county bonding ability for future needs without impairment at the present time.

GENERAL COUNTY MATTERS AND APPROPRIATIONS

SECTION 48. There is hereby appropriated from the General Fund of Cherokee County the sum of forty-six thousand six hundred twenty dollars as Cherokee County's share of the estimated cost of constructing a wildlife structure on Thicketty Creek by the South Carolina Wildlife Commission in cooperation with the Soil Conservation Service. This dam and lake is known as structure No. 26 and the estimated construction cost is one hundred eleven thousand dollars of which Cherokee County is obligated to provide forty-two per cent and the Soil Conservation Service will pay the balance of fifty-eight per cent or sixty-four thousand three hundred eighty

dollars plus all installation costs. This shall be a public recreation facility controlled by the State Wildlife Commission.

SECTION 49. The General Assembly finds that the construction of Structure 26 by the South Carolina Wildlife Commission will back water over a short portion of Road S-152 in Cherokee County, and the General Assembly desires that this portion of the road be taken out of the South Carolina Highway System and that the Wildlife Commission be permitted to flood water over the road. In order to permit this and to take the portion of the road to be flooded out of the highway system, the description of Road S-152 in Cherokee County is revised to read as follows:

“A section of road extending from Road S-137 from a point approximately 1.4 miles southeast of Route 110 easterly for a distance of 0.6 mile to an unpaved county road.”

SECTION 50. The General Assembly finds that the South Carolina Wildlife Commission has under study and consideration the construction of a wildlife lake in the Draytonville area of Cherokee County. Cherokee County owns certain lands within the proposed wildlife area to be under the jurisdiction of the State Wildlife Commission. Cherokee County also has certain funds with the Wildlife Commission credited to Cherokee County. If the South Carolina Wildlife Commission determines that this structure is feasible and decides to construct same, then Cherokee County shall convey its acreage in the area to the South Carolina Wildlife Commission and the legislative delegation hereby authorizes the commission to use the funds credited to Cherokee County with the Wildlife Commission on this project. The land and the funds shall be the contribution of Cherokee County to the project.

SECTION 51. There is hereby appropriated from the General Fund of Cherokee County the sum of twenty thousand dollars to be used for repairs and renovations to the Cherokee County Courthouse. Approximately fourteen thousand dollars of this appropriation is to be used to pay Sanders Bros. for the installation of air conditioning and other related contracts on conversion of the furnace, lowering of ceiling, storm windows and electrical work. When this work is completed the Clerk of the County Board shall issue vouchers to pay the contractors from this appropriation. There is also authorized from this appropriation the sum of three thousand two hundred dollars to place a new roof on the Cherokee County Courthouse to be

contracted to the lowest bidder. Supervisor is requested to assist the contractor by removing and hauling off the existing roof. The balance of the appropriation may be used for courthouse repairs to be approved by the legislative delegation.

SECTION 52. Notwithstanding any other provision of law the forestry board in Cherokee County shall consist of three members to be appointed by the Governor for terms of three years each upon recommendation of a majority of the legislative delegation. The present board in Cherokee County is hereby abolished and the terms of its members terminated, discontinued and ended. The forestry board as provided herein shall administer the Forest Fire Protection Act in Cherokee County.

SECTION 53. There is hereby appropriated from the General Fund of Cherokee County the sum of fifteen thousand dollars to be used for installation of poles and lighting on the athletic field on the county property near the chain gang camp. The Cherokee County Recreation Commission may contract for the lighting to be done by a reputable licensed contractor who shall be an independent contractor and provide all of his insurance. The Manager of the Board of Public Works of the City of Gaffney is designated as an inspector for the Recreation Commission, and when the inspector certifies that the work is fully and properly completed, the Recreation Commission may authorize the payment of same from this appropriation. Any portion of the appropriation not used for lighting the ball field shall revert to the General Fund of the county.

SECTION 54. The upstairs Magistrate No. 2 shall move his office to the basement level and use the old textbook storage room as his magistrate's office so that his work may be closely coordinated with that of Magistrate No. 3 who is also located on this level.

SECTION 55. The room to the rear of the courtroom which was formerly used by the tax collector shall be furnished with table and chairs so as to be usable as a petit jury room. It is adjacent to the grand jury room. The small room across from the grand jury room and which was formerly used by the attendance teacher shall be furnished and prepared as ladies lounge for use by women who may be serving on grand jury and petit juries. The room shall be clearly marked as the ladies' lounge and shall not be used by anyone for any other purpose. The delegation shall authorize its furnishings.

SECTION 56. A room on the basement level of the courthouse shall be provided at the earliest practicable time for the Registration Board to hold its meetings on the basement level so that elderly citizens will not have to climb stairs to register but may enter on the basement level without stairs. The legislative delegation may designate and approve a location for the regular meetings of the Registration Board.

SECTION 57. The old Antioch School lot on which is located the community building is hereby transferred to George Goforth, Dean McCraw and W. A. Hambright as Community Trustees and their successors in office.

SECTION 58. There is hereby appropriated the sum of one thousand dollars to pay for the water tap at the chain gang camp as per agreement, and this water tap fee shall be paid the Board of Public Works of the City of Gaffney.

SECTION 59. There is hereby created a Board of Assessment, Review and Equalization for Cherokee County. It shall consist of three members appointed by the Governor upon recommendation of a majority of the legislative delegation for terms of four years and until their successors are appointed and qualify. This Board shall have general jurisdiction over all Boards of Assessors for Cherokee County. It shall adopt and publish rules and regulations for the assessment of property in Cherokee County for tax purposes. The Boards of Assessors shall be governed by these regulations. The Board shall be a tax review Board and shall hear any and all appeals from decisions of the Boards of Assessors, and the Board may reverse or change any decision of any Board of Assessors. The Board shall also study and adopt a feasible system for the fair and just equalization of property valuations for tax purposes in Cherokee County. The delegation shall authorize necessary funds for the study and research of the Board.

SECTION 60. There is hereby appropriated the sum of two thousand dollars to purchase pipe for creeks on new road to be cut near Cherokee Falls from Road 30 to Road 43. This new road has been authorized by the County Commissioners, and shall be cut as soon as possible by the Supervisor.

SECTION 61. Notwithstanding the provisions of Sections 38-51, 38-51.2, 38-52 and 38-58, of the Code of 1962, in Cherokee

County, the county auditor, the county treasurer and the sheriff shall constitute the jury commissioners and perform the duties of such office. In case of vacancy in any office it shall be filled by the Probate Judge and Clerk of Court in that order, and if neither is available by appointment of the resident Circuit Judge. Notwithstanding any other provision of law in Cherokee County all electors qualified under the provisions of the Constitution, between the ages twenty-one and sixty-five years and of good moral character, shall be included on the jury list and placed in the jury box. Clerical assistance for the preparation of the lists shall be appointed by the legislative delegation. Each jury commissioner shall have a separate lock and key to the jury box and the sheriff shall keep the jury box in his custody.

SECTION 62. The legislative delegation may provide quarters in the County Courthouse for the Resident Circuit Judge and authorize the necessary expense thereof.

SECTION 63. The provisions of Sections 28 through 36 of this act, relating to the Cherokee County schools, shall be codified as new Articles 1 and 2, Chapter 28, Title 21, Code of Laws of South Carolina, 1962, of the permanent school laws of Cherokee County. Sections 21-1701, 21-1704, 21-1711, 21-1712, 21-1713, 21-1714, 21-1715, 21-1716 and 21-1717 of the 1962 Code, and all other acts inconsistent herewith as to Cherokee County are repealed.

SECTION 64. This act shall take effect upon approval by the Governor.

Approved the 15th day of June, 1967.

lieu thereof the following, so as to provide additionally for street marking and a sanitation service:

Balances from appropriations in former years, unexpended on August 1, 1967, shall terminate and end as of that date. SECTION 11. Whenever it appears to the county board that a purchaser at a tax sale received nothing for his bid, because of double entries or other errors in the county records, it may refund the amount paid on account of such bids by approving a claim therefor against the county which may be paid from collections from forfeited lands or from the appropriation herein for contingent expenses, but nothing herein shall be construed as a warrant or representation by the county of the validity of any title acquired at tax sale now or hereafter.

SECTION 12. An audit of the office and records or any part thereof of the county may be had at any time in the fiscal year 1967-1968 by the resident county legislative delegation and the expenses therefor paid on their written order to the supervisor and treasurer from any available funds in the hands of the latter.

The board of county commissioners shall be responsible upon their respective official bonds for any violation hereof as for any other failure in the performance of their duties.

The trustees of each district shall make an agreement with the auditor so appointed as to the cost prior to commencement of the work and should they

fail to agree then the county shall fix his compensation and in this event the resident county delegation may provide by written order for the payment of the same.

No. 701

An Act To Amend Act No. 1076, Acts And Joint Resolutions Of South Carolina, 1962, Relating To A Bond Issue Of The School District Of Darlington County, So As To Extend The Time During Which Bonds May Be Issued.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Section 1 of Act 1076 of 1962 amended—findings of General Assembly.—Section 1 of Act No. 1076, Acts and Joint Resolutions of South Carolina, 1962, is amended by striking on line twenty-six the figures "1966" and inserting in lieu thereof the figures "1969" so that when amended the section shall read as follows:

"Section 1. The General Assembly finds that by action heretofore taken and effective as of December 1, 1951, all then existing school districts in Darlington County were consolidated into a single school district whose area and boundaries are coextensive with the area and boundaries of Darlington County, and which school district is known as The School District of Darlington County. Hereafter in this act this school district is sometimes referred to as 'the school district'. The school district functions under the direction of a board of trustees established by the provisions of Act No. 359 of 1955, hereafter called 'the board'.

The General Assembly further finds that surveys of the physical facilities of the public school system of the school district have been made by the board. Such surveys establish that there is a need for a substantial number of additional class rooms and other related school facilities, and that a program looking to the fulfillment of all needs

of the school district might require a considerable period of time. The General Assembly takes note of the fact that the applicable constitutional limitation controlling the bonded debt of the school district is eight per cent, but it further notes that the existing bonded indebtedness of the school district is being reduced in substantial amounts in each year. It has, therefore, determined to permit the board to acquire public school facilities in the school district during the period of the next several years, and in order to provide a means of defraying the costs of such program, to give the board continuing authority to issue bonds without an election, at any time prior to December 31, 1969, to the extent that, on the occasion when any of such bonds are issued, the bonded debt then to exist will not exceed the eight per cent debt limitation applicable to the school district."

SECTION 2. Section 2 of Act 1076 of 1962 amended—bond issue authorized for additional school facilities.—Section 2 of Act No. 1076, Acts and Joint Resolutions of South Carolina, 1962, is amended by striking on line ten the figures "1966" and inserting in lieu thereof the figures "1969" so that when amended the section shall read as follows:

"Section 2. The board is hereby authorized and empowered to provide such additional public school facilities as it shall deem necessary and to repair, enlarge, and improve the existing facilities. It is hereby further empowered to acquire land for school purposes and to acquire all equipment that it may deem needed for existing or new facilities. In order to raise moneys to provide such additional public school facilities for the school district, the board is hereby authorized and empowered to issue and sell general obligation bonds of the school district (without the necessity of holding any election), on such occasions prior to December 31, 1969, and to such extent as the board shall approve, provided that no bonds of the school district shall be issued, if on the particular occasion that the bonds are issued the applicable constitutional debt limitation shall be exceeded."

SECTION 3. Section 15 of Act 1076 of 1962 amended—powers to be restored.—Section 15 of Act No. 1076, Acts and Joint Resolutions of South Carolina, 1962, is amended by striking on line two the figures "1966" and inserting in lieu thereof the figures "1969" so that when amended the section shall read as follows:

"Section 15. Subsequent to December 31, 1969 all powers to issue bonds by the board under any general law then existing shall be restored."

SECTION 4. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 6th day of February, 1967.

No. 709

An Act To Authorize The County Board Of Education Of Dillon County To Issue General Obligation Bonds Of Dillon County To Provide Additional Public School Facilities In The County, To Prescribe The Conditions Under Which The Bonds May Be Issued And The Purposes For Which Their Proceeds May Be Expended, To Make Provision For The Payment Of The Bonds, And To Repeal Act No. 581 of 1965 And Act No. 1258 of 1966, Relating To The Issuance Of Bonds By The County Board Of Education Of Dillon County, And To Confirm The Indebtedness Incurred Pursuant Thereto.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly takes note of the fact that Dillon County is divided into three school districts: Lakeview School District No. 1, Dillon School District No. 2 and Latta School District No. 3 (Section 21-2401, Code

of Laws of South Carolina, 1962). Each school district has its own special eight per cent constitutional debt limitation, but the aggregate of indebtedness of each is such that little, if any, further bonded debt may be created.

Dillon County itself has a special constitutional amendment which specifically provides that it may incur bonded indebtedness for school purposes in an amount not exceeding fifteen per cent of the assessed value of all taxable property in the county. This amendment and the provisions of Sections 5 and 6 of Article X of the Constitution thus permit the county to incur bonded indebtedness for educational purposes.

Surveys have been made of the needs of the three school districts in Dillon County for further public school facilities and it has been ascertained that there is an acute need for additional facilities in each of the school districts and that in certain instances unless additional classrooms are provided there will be no space available for pupils for the next school session. It has also been determined that there is an urgent need for a public vocational school for Dillon County.

Due consideration has been given to a fair and equitable method of apportioning any contribution that might be made by Dillon County to the three school districts and it has been determined that it is both equitable and just to effect an apportionment of any contribution in the proportion, to the nearest one thousand dollars, that the pupil enrollment of each school district, as of the beginning of the most current school year, bears to the total pupil enrollment in Dillon County; a basis of apportionment sustained by the South Carolina Supreme Court in the case of *Stackhouse v. Floyd*, 248 SC 183, 149 SE (2d) 437.

On the basis of its findings, the General Assembly has determined to make provision for the issuance of general obligation bonds of Dillon County for school purposes and to distribute the proceeds derived from the sale of such bonds among the school districts of Dillon County on the basis above set forth, after providing for (a) the repayment of one hundred fifty thousand dollars borrowed from the State sinking fund for school construction pursuant to the authorization of Act 581 of 1965, as amended by Act 1258 of 1966, and for (b) not exceeding two hundred thousand dollars to be used to defray a portion of the cost of constructing a vocational school.

SECTION 2. Dillon County Board of Education authorized to issue bonds.—For the purpose of providing funds for additional public school facilities to be expended on a pro rata per pupil enrollment basis, and in accordance with the formula expressed in Section 1 hereof and for the repayment of funds borrowed from the sinking fund and to defray a portion of the cost of constructing a public vocational school, the County Board of Education of Dillon County, as constituted by Article 1 of Chapter 34, Title 14, Code of Laws of South Carolina, 1962, as amended, (the board), is hereby authorized and empowered to issue general obligation bonds of Dillon County to such amount as it shall determine. *Provided*, that the aggregate of bonded debt incurred pursuant to this act shall not exceed that permitted by the special constitutional amendment referred to in Section 1.

SECTION 3. Maturity.—All bonds issued pursuant to this act shall mature in such annual series or instalments as the board shall provide, except that the first maturing bonds shall mature within two years from the date of issue; not less than two per cent of the bonds shall mature in each year; and no bond shall mature later than twenty-five years from the date of issue.

SECTION 4. Prior redemption and notice.—Any bond issued pursuant to this act may be issued with a provision permitting its redemption prior to its stated maturity, at par and accrued interest, plus such redemption premium as may be prescribed by the board, but no bond shall be redeemable prior to its stated maturity unless it contains a statement to that effect. In the proceedings authorizing the issuance of such bonds, provision shall be made specifying the manner of call and the notice thereof that must be given as to bonds made redeemable prior to their maturities.

SECTION 5. Form.—The bonds issued pursuant to this act shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Dillon County, upon such conditions as the board may prescribe. Except when so registered, all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instrument law.

SECTION 6. Place payable.—The bonds issued pursuant to this act shall be made payable at such place, within or without the State, as the board shall provide.

SECTION 7. Interest.—Bonds issued pursuant to this act shall bear interest at a rate or rates determined by the board.

SECTION 8. Execution.—The bonds and the coupons to be thereunto attached shall be in such denomination and shall be executed in such manner as the board shall by resolution prescribe.

SECTION 9. Sale.—Bonds issued pursuant to this act shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold after public advertisement of their sale in a newspaper of general circulation in South Carolina. Such published notice shall appear not less than ten days prior to the occasion set for opening bids.

SECTION 10. Credit pledged.—For the payment of the principal and interest of all bonds issued pursuant to this act, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of the county shall be irrevocably pledged, and there shall be levied annually by the Auditor of Dillon County, and collected by the Treasurer of Dillon County, in the same manner as county taxes are levied and collected, on all taxable property in Dillon County, a tax sufficient to pay the principal and interest of the bonds as they respectively mature and to create such sinking fund as may be necessary therefor.

SECTION 11. Tax exempt.—The principal and interest of bonds issued pursuant to this act shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 12. Use of proceeds.—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Treasurer of Dillon County, to be deposited in a bond account fund for the county and shall be expended and made use of as follows:

(a) Any accrued interest shall be applied to the payment of the first instalment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first instalment of principal of such bonds.

(c) So much as shall be required shall be paid out by the treasurer, on the warrant of the board for costs and expenses incident to the issuance of the bonds.

(d) The remaining proceeds shall be used to repay the indebtedness to the sinking fund referred to in Section 1 and to defray, to the extent of not more than two hundred thousand dollars, a portion

of the cost of constructing a public vocational school and the remaining proceeds shall be allocated to the three school districts of Dillon County, proportionately to the nearest one thousand dollars, and on the basis that the per pupil enrollment of each school district, as of the beginning of the most current school year, bears to the total per pupil enrollment of Dillon County for such year and shall be expended, upon the warrant or order of a majority of the trustees of the respective school districts, to provide for additional public school facilities for the three school districts of Dillon County in the manner contemplated by Section 2 of this act; *provided*, that no allocation shall be made to the school district for which the said sinking fund indebtedness was incurred until the remaining districts have received from the bond proceeds the amounts necessary to restore the proportionate method of allocation prescribed by Section 12 (d).

(e) If, after the final completion of the county's school building program, there shall be any balance remaining in the bond account, then such balance shall be held by the treasurer and used to effect the retirement of bonds issued pursuant to this act then outstanding.

SECTION 13. Powers additional.—The powers and authorizations hereby conferred upon the board shall be in addition to all other powers and authorizations previously vested in the board and may be availed of pursuant to action taken at any regular or special meeting of the board.

SECTION 14. No additional approval required.—No action other than that prescribed in this act need be taken to effect the issuance of the bonds herein authorized, nor shall the board be required to obtain the approval of any public agency to any action taken pursuant to the authorizations of this act.

SECTION 15. Act 581 of 1965 and Act 1258 of 1966 repealed.—Act No. 581 of 1965 and Act No. 1258 of 1966 are repealed, and the said \$150,000 indebtedness to the State Sinking Fund incurred pursuant thereto is confirmed and validated.

SECTION 16. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 29th day of June, 1967.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that the Board of Trustees of School District No. 1 of Florence County, (the board) has proceeded in accordance with the provisions of the School Bond Act (Article 5, Chapter 17, Title 21, South Carolina Code of Laws, 1962) to provide for the issuance of not exceeding three million five hundred eighty thousand dollars general obligation bonds of School District No. 1 of Florence County, (the school district) ; and to that end an election was duly held in the school district on November 29, 1966 in accordance with the provisions of the School Bond Act in which there was submitted to the qualified electors of the school district the following question: "Shall the Board of Trustees of School District No. 1 of Florence County, the State of South Carolina, be empowered to issue not exceeding Three Million Five Hundred Eighty Thousand Dollars (\$3,580,000) of general obligation bonds of the District, or such lesser amount as shall, on the occasion of the issuance of such bonds, be within the constitutional debt limitation then applicable to the School District, for the purposes of providing funds for capital improvements within said District in the form of new buildings and other public school facilities?" The election resulted favorably to the issuance of the bonds by a vote of 1593 to 351.

At the general election held on November 8, 1966 a proposed amendment to the South Carolina Constitution was also approved increasing the debt limit applicable to the school district to fifteen per cent of the assessed value of the taxable property in the school district. This constitutional amendment has become a part of the South Carolina Constitution upon its ratification by legislation enacted at this 1967 session of the General Assembly.

SECTION 2. Further—bonds may be issued without another election.—The General Assembly finds that the election required by the School Bond Act has been duly and properly held and has resulted favorably to the issuance of the bonds voted upon. Accordingly it authorizes that the board may proceed, in accordance with the provisions of the School Bond Act, to issue not exceeding three million five hundred eighty thousand dollars general obligation bonds of the school district or such lesser amount as shall on the occasion of the issuance of any of such bonds be within the constitutional debt limitation then applicable to the school district; and that no further election need be held in connection with the issuance of the bonds. An Act To Amend Act No. 1095, Acts And Joint Resolutions Of South Carolina, 1962, Relating To The Lower Florence County Hospital District, So As To Abolish The Advisory Board Of The District And To Provide For An Annual Audit Of The Affairs Of The District.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Section 1 of Act 1095 of 1962 amended—findings of General Assembly.—Section 1 of Act No. 1095 of 1962 is amended by striking beginning on line twenty-one “, a governing body and an advisory board” and inserting “and a governing body” and by striking on the last line of the section “such agencies” and inserting “the governing body” so that when amended the section shall read as follows:

“Section 1. The General Assembly finds that there is a need for public hospital facilities in Florence County generally and in that section of lower Florence County hereafter described, and that such a need can be best fulfilled through the establishment of a hospital district to be comprised of the area hereafter described. It is intended that public hospital facilities be furnished by the district to care for the needs of those residing in the district, and also that they be made available to other residents of Florence County elsewhere than in the district, such facilities then serving the additional function of affording hospital care to residents of Florence County which might not otherwise be available.

The General Assembly has given due consideration to the method to be employed to accomplish its intended purpose, and has concluded that the provisions of Article 3, Chapter 4, Title 32, Code of Laws of South Carolina, 1952, do not constitute an adequate vehicle to insure the maintenance of the public health of the area intended to be served with public hospital facilities to be provided by the district, and has therefore determined that these objectives should be accomplished through this enactment which creates the Lower Florence County Hospital District and a governing body therefor, and prescribes the functions, powers and duties of the district and the governing body.”

SECTION 2. Section 6 of Act No. 1095 of 1962 amended—records and audit.—Section 6 of Act No. 1095 of 1962 is amended by striking beginning on line three “once within four months following the close of its fiscal year” and inserting “annually” and by striking the last sentence in its entirety so that when amended the section shall read as follows:

“Section 6. The board of directors shall at all times keep full and accurate account of its actings and doings and of its receipts and expenditures, and at least annually, a complete audit of its affairs shall be made by a qualified public accountant.”

SECTION 3. Repeal.—Sections 4 and 7 of Act No. 1095 of 1962 are repealed.

SECTION 4. Time effective.—This act shall take effect upon approval by the Governor.

2. Pursuant to the provisions of Act No. 621 of 1965, Berea Public Service District Commission (Berea Commission) acts as the governing agency of Berea Sewer Subdistrict.

The bonds may be additionally secured by a pledge of any revenues which Berea Sewer Subdistrict may derive from any sewer charges and from the proceeds of any front foot assessments levied against any abutting property pursuant to the provisions of Act No. 397 of 1965 to which sewer lateral or collection lines shall have been constructed with the proceeds of bonds issued pursuant to this act.

All income realized from such investments after meeting any costs incident thereto shall be from time to time turned over to the Treasurer of Greenville County and by him applied to the payment of interest to become due on the bonds, but the provisions hereof shall in no way limit or impair the directive of this act made by Section 10 requiring the Auditor and Treasurer of Greenville County to levy and collect sufficient taxes to meet the payment of principal and interest of the bonds as they respectively mature, and any reduction in the tax levy, resulting from income so received, shall take place only after the actual receipt by the treasurer of the proceeds of such investment income. Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Gantt Water and Sewer District defined.—The Gantt Water and Sewer District as referred to in this act shall mean the special purpose district in Greenville County created by Act No. 855 of 1954 and shall consist of the territory mentioned in Section 1 of that act as modified by Act No. 430 of 1959 and Act No. 554 of 1961.

SECTION 2. Findings of General Assembly.—The General Assembly finds that the Gantt Water and Sewer District (the district)

proposes to acquire and construct additional facilities for the collection, treatment and disposal of sewage in the district and has estimated that the cost of providing such additional sewage facilities will amount to one million dollars. The General Assembly approved such proposal and intends to authorize the district to issue not exceeding one million dollars of bonds for such purpose.

SECTION 3. Bond issue authorized.—In order to provide funds for the acquisition and construction of additional sewage facilities, the Gantt Water and Sewer District Commission (the commission) may issue, either as a single issue or from time to time as several separate issues, not exceeding one million dollars of general obligation bonds of the district.

SECTION 4. Form—interest—maturity.—The bonds shall be in such denominations, bear such dates as the commission shall determine and any issue or series thereof shall mature in such equal or unequal annual installments as may be determined by the commission, except that the first maturing bonds of any issue or series shall mature not later than two years from the date of issue and the last maturing bonds of any issue or series shall mature not later than twenty-five years from date of issue. They shall be made payable at such places as the commission shall prescribe and shall bear interest payable on such occasions as the commission shall prescribe and at such rates as the successful bidder at any sale thereof shall name; *provided*, that no rate of interest borne by any bond shall be in excess of six per cent. The bonds may be issued with the privilege to the holder of having them registered as to principal by the Treasurer of Greenville County, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the commission may prescribe. Any bond issued pursuant to the provisions of this act may be made subject to redemption prior to its stated maturity on such terms and conditions and with such redemption premium as the commission shall prescribe.

SECTION 5. Sale.—All bonds issued pursuant to this act shall be sold at not less than par and accrued interest to the date of their respective deliveries and may be sold at public and private sale in the discretion of the commission. SECTION 7. Execution.—The bonds shall be executed in the name of the district by the chairman of the commission and the Treasurer of Greenville County, under the seal of the commission. The coupons attached to the bonds shall be authenticated by the facsimile signatures of the chairman of the commission and the Treasurer of Greenville County who are in office on the date of such bonds. The delivery of any bonds so executed and authenticated shall be valid notwithstanding any changes in officers or seal occurring after such execution or such authentication.

Payment—credit pledged.—For the payment of the bonds, both principal and interest, as the same respectively mature, the full faith, credit, resources and taxing power of the district shall be pledged, and there shall be levied and collected by the Auditor and Tax Collector of Greenville County, respectively, an ad valorem tax upon all taxable property in the district, without limitation as to rate or amount, sufficient to pay the interest on the bonds and the principal as they respectively mature, and to create such sinking fund as may be necessary for the redemption of the bonds and interest at respective maturities. The taxes, when so levied and collected, shall be held by the Treasurer of Greenville County separate and distinct from all other funds and used solely for the purposes for which levied and collected under the terms of this act. The commission may in its discretion use the net proceeds derived from water or sewer charges, either or both, or from other sources, to meet the payment of the principal and interest on the bonds issued pursuant to this act and to the extent that the commission shall have delivered moneys from such sources to the Treasurer of Greenville County prior to the occasion when an annual ad valorem tax levy is fixed, the tax herein ordered shall be reduced.

SECTION 9. Use of proceeds.—The proceeds derived from the sale of these bonds shall be deposited with the Treasurer of Greenville County in a special fund separate and distinct from all other funds and shall be expended upon the order of the commission for the following purposes and no other :

are hereby irrevocably pledged, and the Auditor and Treasurer of Greenville County, respectively, are hereby authorized and directed to levy and collect annually a tax, upon all taxable property within the district, sufficient to pay the bonds and interest as they respectively mature, to pay for the operation and maintenance of the systems, and to create such sinking fund as may be necessary for the redemption of the bonds and interest at respective maturities. The bonds may be additionally secured by a pledge of the net revenues (gross less cost of operation and maintenance, exclusive of depreciation) which the district may derive from the operation of its water plants, sanitation and sewer systems and fire protection facilities. The net revenues in the hands of the treasurer of the district shall be set apart in a special fund. The annual ad valorem tax herein directed to be levied may be reduced in each year by the amount of net revenues as aforesaid, actually in the hands of the treasurer of the district at the time the tax for such year is required to be levied, exclusive of cushion or reserve fund, and the tax may be entirely suspended for any year in case such moneys on hand, applicable as aforesaid, are sufficient to pay both principal and interest then due or falling due in such year and remaining unpaid. The commission shall be empowered to make such covenants as it deems desirable with respect to the operation and maintenance of its water and sewer plants or systems and of the use of the revenues for such purposes; it may covenant to establish a cushion or reserve fund and to set aside moneys to establish such a fund to insure the punctual payment of the principal and interest of the bonds authorized hereby; and it may provide for the establishment of funds to care for contingencies and for depreciation. The pledge of the net revenues as aforesaid herein required need not, in the discretion of the commission, be exclusive, and the commission may reserve the right to issue further bonds additionally secured by such pledge, on a parity with the bonds authorized by this act, under such conditions as the commission shall prescribe."

SECTION 4. Act 989 of 1952 amended to provide for use of bond proceeds.—Section 9 of Act No. 989 of 1952 is amended by striking it out and inserting in lieu thereof the following:

The election shall be conducted by the board of commissioners of the district, who shall give notice thereof by publication once each week for three successive weeks prior thereto in one or more newspapers with general circulation in the district stating the question to be submitted at the election and specifying the amount in dollars of the bonds proposed to be issued. The election shall be conducted at the several polling precincts in the district, as the same are now established by law. The question submitted shall be substantially as follows:

If the board determines that a majority of the voters voting in the election voted in favor of the issuance of the bonds, the bonds or any part thereof may be issued, as herein provided, in one or more series and from time to time as the board may determine best, but if the board determines that a majority of the ballots cast in the election be against the issuance of the bonds, then no bonds shall be issued under the provisions of this act. Save and except as herein provided, the election shall be

conducted in accordance with the provisions of the South Carolina Election Law.”

No. 744

An Act To Make Provision For Further Public Hospital Facilities In A Section Of Greenville County Through The Creation Of Upper Greenville County Hospital District; To Provide A Governing Commission For Such District; To Prescribe The Powers Of The Commission; To Authorize The District To Issue Not Exceeding One Hundred Seventy-Five Thousand Dollars Of General Obligation Bonds, Whose Proceeds Shall Be Used In The Acquisition And Construction Of A Public Hospital In The District; To Make Provision For The Payment Thereof If The Election Provided Herein Is Favorable Thereto; And To Empower The Governing Commission To Contract With The Greenville General Hospital Board Of Trustees For The Operation Of The District's Hospital.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly takes note of the fact that by Act No. 432 of 1947, as amended, a system for providing public hospital facilities for the inhabitants of Greenville County was established. The system now consists of centralized hospital facilities located in the City of Greenville, certain additional facilities located in the City of Greer and certain other facilities located in the special purpose district created by Act No. 555 of 1961, known as Mauldin-Simpsonville-Fountain Inn Hospital District. The cost of the facilities at Greenville and in the Mauldin-Simpsonville-Fountain Inn Hospital District were shared by the City of Greenville and by the political units wherein they are situate. All presently existing facilities are operated by the Board of Trustees of Greenville General Hospital (hereinafter called the “Board of Trustees”) with revenues derived from receipts from patients and others who receive hospital services, and public and private contributions.

It has now been found that the increase of population of the area hereinafter described and incorporated into the Upper Greenville County Hospital District has brought about a special need for public hospital facilities to be located in that area. The investigations which have been made, and which find their approval in the enactment of this act, indicated that the benefits to be derived by that area from public hospital facilities located within the area are sufficient to justify the creation of another special purpose district for hospital purposes in Greenville County.

Investigation establishes that while the facilities of the Greenville General Hospital in the City of Greenville will continue to be used by persons living within the area of the District herein created, many services can be rendered by a public hospital located therein, which will have the overall effect of providing better facilities than those now available to the residents of that area. It has been determined, nevertheless, that the general scheme for operating public hospital facilities for Greenville County should continue under the Board of Trustees. It has, therefore, been determined to create the area hereinafter described into a special hospital district; to establish a governing Commission therefor; to authorize the district to issue bonds in the sum of one hundred seventy-five thousand dollars whose net proceeds shall be deposited with the Treasurer of Greenville County, subject to withdrawal by the Board of Trustees, and used, with other funds that might be available therefor, for the establishment of public hospital facilities in the proposed district, which shall be operated by and at the expense of the Board of Trustees. It has been determined that the Commission established for the District shall, after performing the immediate functions required by this act, remain in existence in order to investigate the conduct of the public hospital facilities to be established in the district, and to render advisory opinions thereabout to the Board of Trustees and the Greenville County Delegation. On the basis of the foregoing facts, this act has been enacted.

SECTION 2. Upper Greenville County Hospital District created.—There is hereby created and established in Greenville County a special purpose district to be known as Upper Greenville County Hospital District, and which district shall be a public corporation of perpetual succession and shall have the functions prescribed by this act and any subsequent act amendatory hereof. The district shall include and be comprised of the following tax districts in Greenville County:

300	350	385	465
310	355	399	470
320	360	430	475
325	365	445	480

SECTION 3. Commission established — appointment — terms.

—The District shall be operated and all functions committed to the District shall be performed by a Commission to be known as the Upper Greenville County Hospital District (hereinafter called "the Commission"), which shall consist of three resident electors of the District, to be appointed by the Governor upon the recommendation of a majority of the Greenville County Delegation to the General Assembly.

One of such persons shall hold office for a term to end at midnight on June 30, 1969, a second shall hold office for a term to end at midnight on June 30, 1971, while the third shall hold office for a term to end at midnight on June 30, 1973. As soon following the enactment of this act as possible, those named as commissioners shall meet and determine their respective terms by lot. They shall choose one of their number to act as chairman and a second to act as secretary for such terms as the Commission shall prescribe. Immediately following the organization, the secretary so chosen shall certify to the Secretary of State of South Carolina the terms which have been allotted to the three initial members of the Commission and the Secretary of State shall enter such certificate upon his records and appropriate commissions shall thereupon be issued by the Governor and the Secretary of State. Upon the expiration of the term of office of any member of the Commission, a successor shall

be appointed by the Governor, upon the recommendation of the majority of the Greenville County Delegation to the General Assembly, for a term of four years to end on June thirtieth in the last year of such term. In the event that vacancies shall arise, either among the initial appointees or among those hereafter appointed to the Commission, such vacancies shall be filled in the manner provided for the appointment of successors to those initially named. Notwithstanding the expiration of the term of office of any commissioner, he shall continue to serve until his successors shall have been recommended, appointed and qualified, but any delay in appointing a successor shall not extend the term of the successor.

SECTION 4. Functions of commission.—It shall be the function of the district to provide, to the extent herein provided, funds for the establishment of public hospital facilities to be located in the district and on a site to be agreed upon by the commission and the board of trustees, and it shall be the duty of the commission to perform this function. The commission shall be empowered to enter into a contract with the board of trustees, under the terms of which the district shall agree to turn over to the board of trustees the net proceeds of the bonds herein authorized, upon the condition that the board of trustees will construct, with such funds and any other funds that may be available therefor, public hospital facilities upon the site in the district to be selected by the commission and the board of trustees, and to be owned by the board of trustees, and that following the construction of the hospital, the board of trustees shall operate such public hospital facilities, staff them properly, and pay all costs of their operation. The hospital facilities shall constitute a part of the general hospital facilities of Greenville County under the operation and control of the board of trustees, who shall have, with respect to the operation of such facilities, all of the powers granted to them by Section 5 of Act No. 432 of the Acts of the General Assembly for the year 1947, as amended, as may be pertinent and applicable to the proper functioning of the hospital facilities located in the district.

SECTION 5. Additional duties and limitations.—Following the occasion of the delivery of the net proceeds of the bonds authorized by Section 6 of this act to the board of trustees, the commission shall have no further responsibility with respect to the construction or operation of the hospital facilities, but shall continue to regulate the fiscal affairs of the district relative to the issuance of bonds as set forth in Section 6 of this act, and shall also continue to function by causing

studies to be made of the needs of the district for additional hospital and other facilities relating to the public health of the residents of the district, and shall make reports and recommendations concerning them to the Greenville County Legislative Delegation. Such reports shall be made in writing not less frequently than annually. Further duties are hereafter set forth in Section 6 and the commission shall also continue to function in regard to such duties.

SECTION 6. Bond issue authorized—use of proceeds.—(1) If the commission and the board of trustees shall agree upon the location or the site for the hospital facilities and shall evidence such agreement by resolutions respectively adopted, then and in such event the commission shall be authorized and empowered to issue and sell not exceeding one hundred seventy-five thousand dollars of general obligation bonds of the district. The proceeds of the sale of the bonds authorized by this act shall be deposited with the County Treasurer of Greenville County and shall be applied as follows:

(a) Any premium and all accrued interest that may be received shall be applied to the payment of the first instalment of interest to fall due upon the bonds;

(b) The expenses incurred by the commission in effecting the issuance and sale of the bonds shall be paid, but upon warrant of the commission;

(c) The remaining proceeds shall be expended, upon the order or warrant of the board of trustees, for the purpose of acquiring a site for the hospital facilities contemplated by this act and to meet costs incurred in the construction and equipping of such hospital facilities; and

(d) If, upon the final establishment of such hospital facilities, any moneys shall remain in the fund, they shall be applied by the Treasurer of Greenville County to the payment of the principal of bonds next maturing.

(2) The bonds shall be issued as serial bonds, maturing in such equal or unequal amounts as the commission shall determine, except that the maturity schedule shall be arranged so that the first instalment of principal shall mature not later than two years from the date as of which the bonds shall be dated, and the last instalment shall fall due not later than twenty-five years from the date such bonds shall bear. Any bond issued pursuant to this act may contain a provision permitting its redemption prior to its stated maturity, at such premiums as may be prescribed by the commission. The bonds

shall bear such date, and such rate or rates of interest as the commission may determine. They shall be in such denomination or denominations, and shall be payable at such place or places as the commission may determine. The bonds may be issued with the privilege to the holder of having them registered as to principal on the books of the Treasurer of Greenville County, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the commission shall prescribe.

(3) Bonds issued pursuant to this act shall be sold at not less than par and accrued interest to the date of their maturity at public sale, and at least ten days prior to such sale, notice of the intention to receive bids for such bonds shall be published in a newspaper of general circulation in the State of South Carolina. In offering the bonds for sale, the commission may reserve the right to reject any and all bids, and if all bids be rejected, the commission may, in its discretion, negotiate for the private sale of such bonds.

(4) All bonds issued pursuant to this act shall be executed in the name of the district by the chairman of the commission and shall be attested by the secretary, under the seal of the commission, which is hereby expressly authorized to adopt and alter a corporate seal. The coupons appertaining to the bonds need not be authenticated otherwise than by facsimile signatures.

(5) Such bonds and all interest to become due thereon shall have the tax exempt status prescribed by Section 65-4.1 of the 1962 Code.

(6) For the payment of the principal of and interest on the bonds, as they respectively mature, the full faith, credit and resources of the district are hereby irrevocably pledged, and there shall be levied annually by the Auditor of Greenville County and collected by the Treasurer of Greenville County, in the same manner as county taxes are levied and collected, such tax as may be necessary, without limit, on all taxable property in the district, to pay the principal of and interest on the bonds as they respectively mature.

SECTION 7. Election.—The Commissioners of Election for Greenville County shall make provision for the holding of a special election in the district, on a date to be fixed by such commissioners, at which time there shall be submitted to the qualified electors of the district the question of issuing bonds of the district for the purpose of establishing public hospital facilities within the district. The election shall be con-

ducted by the Commissioners of Election for Greenville County who shall give notice thereof by publication once each week for three successive weeks prior thereto, in one or more newspapers with general circulation in the district, stating the question to be submitted at the election, and specifying the amount in dollars of the bonds proposed to be issued. The election shall be conducted in each of the several precincts of the district as they are established by law effective as of the date of the election, and at the regular voting place therein, if such be within the district; otherwise, the commissioners of election shall designate a suitable voting place within such precinct. The question shall be substantially in the following form:

“Shall Upper Greenville County Hospital District issue bonds in a sum not to exceed one hundred seventy-five thousand dollars, the proceeds of which shall be used for the purpose of establishing public hospital facilities within the district?

YES

NO”

The ballot shall contain suitable instructions, advising the voter that if he favors the issuance of bonds he shall erase or strike through the word “NO”, and that if he is opposed to the issuance of bonds, he shall erase or strike through the word “YES”. The managers of election at each precinct shall count the ballots and forthwith return the result of the election, together with the original ballots and tally sheets, to the Commissioners of Election for Greenville County, who shall declare the result of the election. If the commissioners determine that a majority of the voters voting in the election voted in favor of the issuance of bonds, the bonds, or any part thereof, may be issued as provided in Section 6; but if the commissioners determine that a majority of the ballots cast in the election be against the issuance of bonds, then no bonds shall be issued under the provisions of Section 6. Save and except as herein provided, the election shall be conducted in accordance with the provisions of the South Carolina Election Law.

SECTION 8. Compensation to district.—In the event that hereafter the board of trustees shall fail to operate the hospital facilities contemplated by this act or others of similar nature in the district, then and in such event it shall be the duty of the board of trustees to effect just compensation to the district.

SECTION 9. Saving clause.—If any section or part of this act shall be declared invalid or unconstitutional, such declaration shall not affect the validity of other sections or parts hereof.

SECTION 10. Repeal.—All acts or parts of acts inconsistent herewith are repealed, and it is expressly prescribed that the procedure herein followed shall be, insofar as the district is concerned, in lieu of the procedure contemplated by Section 6 of Act No. 432 of the Acts of 1947, as amended.

SECTION 11. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 12th day of July, 1967.

No. 745

An Act To Enlarge The Territory Of The Greater Greenville Sewer District In Greenville County; To Prescribe Additional Functions For The District; To Provide For The Appointment Of Commissioners From The District At Large; To Define The Respective Obligations And Powers Of The District And Of The Several Municipalities And Sewer Districts Located Within The Enlarged District In Connection With The Operation and Maintenance Of Sewage Collection, Treatment And Disposal Facilities; And To Provide For The Transfer Of Sewage Trunk Lines And Sewage Treatment And Disposal Facilities To Greater Greenville Sewer District.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that an intensive study of the sewage facilities in the City of Greenville and in the suburban areas adjacent thereto conducted by competent professional personnel, including public health officials and engineers, has indicated that a single sewer authority should be created to operate and maintain sewage collection, treatment and disposal facilities for the populated areas within and surrounding the City of Greenville. At the present time sewage facilities within the area in question are provided by several public service districts and municipalities, including (a) the municipalities of Greer, Simpsonville and Fountain Inn, all of which own and operate sewage collection and treatment facilities; (b) Berea Water and Sewer District, Gantt Water and Sewer District and Parker Water and Sewer Subdistrict, all of which provide and maintain sewage collector laterals within their respective boundaries

which utilize the treatment and disposal facilities of Greater Greenville Sewer District; (c) the City of Greenville and the town of City View, which provide and maintain sewer laterals utilizing the treatment and disposal facilities of Greater Greenville Sewer District; (d) Taylors Water and Sewer District, which provides and maintains sewage collector lines within its boundaries utilizing the treatment and disposal facilities of Wade Hampton Water and Sewer District; (e) Greater Greenville Sewer District, which consists of the most populated areas, including the City of Greenville, and operates and maintains trunk sewer lines and large disposal facilities providing the subdistricts and municipalities within its boundaries sewage treatment and disposal; and (f) Wade Hampton Water and Sewer District, which provides and operates sewage collection and disposal facilities serving the area within its boundaries and providing sewage treatment and disposal for the adjacent Taylors Water and Sewer District.

The studies so made have further indicated that the most practicable and economical method to achieve and maintain adequate sewage collection, treatment and disposal facilities within such populated area of Greenville County is to enlarge the boundary of Greater Greenville Sewer District to include the populated area referred to above, and to devolve upon the Greater Greenville Sewer District Commission the responsibility to provide and maintain sewage trunk lines and treatment and disposal facilities serving the entire district, provided that the existing debt incurred by any constituent municipality or district for the construction of any such trunk and treatment facilities completed, planned, programed or under construction by the constituent municipality or district prior to January 1, 1968, will remain the obligation of the constituent municipality or district. The proposal contemplates that the sewage collector laterals now existing or hereafter constructed by or within the constituent municipalities and districts shall be hereafter provided and maintained by the constituent municipalities and districts wherein the sewage collector laterals are located or by which they are constructed. The proposal further contemplates that the outstanding obligations of Greater Greenville Sewer District, incurred to defray the costs of constructing sewage trunk lines and treatment facilities, and obligations hereafter incurred by the Greater Greenville Sewer District will be the obligations of Greater Greenville Sewer District as enlarged; and Greater Greenville Sewer District will be empowered to levy on a district-wide basis sufficient millage to operate and maintain its collection

and treatment facilities and to service malfunctioning septic tanks in those areas of Greater Greenville Sewer District lying outside of the constituent municipalities and districts.

In order to implement this proposal it is necessary to enlarge the area of Greater Greenville Sewer District and to provide for the transfer of all sewage trunk lines and sewage treatment and disposal facilities not owned by the Greater Greenville Sewer District to the Greater Greenville Sewer District as of the effective day of this act, or upon the subsequent completion thereof and acceptance by Greater Greenville Sewer District. In this connection, the General Assembly finds that the benefits thereafter to accrue within the constituent municipalities and districts from the district-wide operation of sewage trunk lines and sewage treatment and disposal facilities will constitute, both economically and from the standpoint of improved public health, an adequate consideration to each of the constituent municipalities and districts for the transfer of its sewage trunk lines and treatment and disposal facilities to Greater Greenville Sewer District. Furthermore the General Assembly is mindful that the transfer of municipally-owned sewage facilities may need the prior approval in a referendum called for that purpose within each municipality.

Finally, the General Assembly, on the basis of the studies above-mentioned, has concluded that the members of the Greater Greenville Sewer District Commission should be selected from the district at large.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—(1) The General Assembly finds that it did, by Act No. 1299 of 1966, establish and recreate within Greenwood County a special purpose district known as Ware Shoals Water and Sewer District, and devolve upon the district certain functions, including the function of constructing, maintaining, enlarging and improving a system for the collection and treatment of sewage and a system for the acquisition and distribution of water for domestic and industrial use.

SECTION 2. Water and sewer district abolished.—The water and sewer district in Greenwood County initially established pursuant to Chapter 5, Title 59, Code of Laws of South Carolina, 1962, and afterwards recreated and established by Act No. 1299 of 1966 is hereby abolished upon the execution by the Town of an appropriate instrument assuming these liabilities.

SECTION 6. No. 757

An Act To Authorize The County Board Of Commissioners Of Horry County To Issue General Obligation Bonds Of The County, Not To Exceed Six Hundred Thousand Dollars, For The Construction Of State Highway Secondary Roads; To Provide That Such Roads Shall Be Constructed By The State Highway Department Pursuant To A Contract Of Reimbursement To Be Made Between The County Board Of Commissioners Of Horry County And The State Highway Department; To Prescribe The Conditions Under Which Such Bonds Are To Be Issued And The Reimbursement Contract May Be Made; And To Provide For The Payment Of The Bonds.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that Section 65-1075 of the 1962 Code provides for the continuance of the so-called Farm-to-Market or State Secondary Highway Program for the period to end June 30, 1972, and for the method by which funds available for such purposes should be apportioned among the counties of the State.

Pursuant to such program, funds were made available for farm-to-market roads in Horry County for the fiscal year ending June 30, 1967, in the amount of three hundred thirty-six thousand dollars, and it is to be reasonably anticipated that during each fiscal year throughout the period to end June 30, 1972, further substantial apportionments will be made.

In Horry County it has been determined that an immediate need exists for further farm-to-market roads, and that the County Board of Commissioners of Horry County as established by Chapter 42, Title 14, Volume 3, of the 1962 Code, hereinafter called the "Board",

should be empowered to raise not exceeding six hundred thousand dollars and to make such sum available to the State Highway Department which, in turn, should apply this sum to the construction of the most needed county roads in Horry County, which have been transferred to and thus become a part of the State's Secondary Highway System (Farm-to-Market Roads).

SECTION 2. Horry County Board of Commissioners authorized to issue bonds.—If a suitable agreement can be reached between the Board and the State Highway Department providing that the State Highway Department shall construct farm-to-market roads in Horry County to an extent mutually agreed upon and divert moneys which would otherwise be expended in future years for farm-to-market roads in Horry County, to the extent estimated to be necessary to meet the payment of the principal of the bonds herein authorized, the county may issue general obligation bonds of Horry County to the extent not to exceed six hundred thousand dollars.

SECTION 3. Issue.—The bonds authorized by this act shall be issued as a single issue or as several issues in the discretion of the board.

SECTION 4. Maturity.—All bonds issued pursuant to this act shall mature in such annual series or installments as the Board shall provide, except that the first maturing bonds of any issue shall mature not more than two years from the date which they shall be issued; not less than ten per cent of any issue shall mature in any year; and no bond shall mature later than June 30, 1972.

SECTION 5. Prior redemption.—Any bond issued pursuant to this act may be issued with a provision for its redemption prior to its stated maturity at par and accrued interest, plus such redemption premium as may be prescribed by the Board, but no bond shall be redeemable before maturity unless it contains a statement to that effect. In the proceedings authorizing the issuance of such bonds, provision shall be made specifying the manner of call for redemption, if any, and the notice thereof that must be given.

SECTION 6. Form.—The bonds issued pursuant to this act shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Horry County, upon such conditions as the Board may prescribe. Except when so registered,

all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instruments law.

SECTION 7. Place of payment.—The bonds issued pursuant to this act shall be made payable at such places, within or without the State, as the Board shall provide.

SECTION 8. Interest.—Bonds issued pursuant to this act shall bear interest at rates determined by the Board.

SECTION 9. Execution.—The bonds, and the coupons to be thereunto attached, shall be executed in such manner as the Board shall by resolution prescribe.

SECTION 10. Sales.—Bonds issued pursuant to this act shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold after public advertisement of their sale in a newspaper of general circulation in South Carolina. Such published notice shall appear not less than ten days prior to the occasion set for opening bids.

SECTION 11. Credit pledged—payment.—For the payment of the principal and interest of all bonds issued pursuant to this act as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of Horry County shall be irrevocably pledged, and there shall be levied annually by the Auditor of Horry County, and collected by the Treasurer of Horry County, in the same manner as county taxes are levied and collected, a tax without limit, on all taxable property in Horry County, sufficient to pay the principal and interest of such bonds as they respectively mature and to create such sinking fund as may be necessary therefor; *provided*, that the ad valorem tax levy shall be reduced to the extent that there has been deposited with the county treasurer moneys derived from the reimbursement agreement herein authorized, on the occasion in each year when the ad valorem tax levy is to be made, and in all instances where an annual tax levy is so reduced, the moneys derived from such reimbursement shall be applied to the payment of such principal and to no other purpose.

SECTION 12. Tax exempt.—The principal and interest of bonds issued pursuant to this act shall have the tax exempt status prescribed by Section 65-4.1 of the 1962 Code.

SECTION 13. Use of proceeds.—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Horry County Treasurer, and shall be deposited in a bond account fund and shall be expended and made use of by the Board as follows:

(a) Any accrued interest shall be applied to the payment of the first installment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first installment of principal of such bonds.

(c) The remaining proceeds shall be first applied to the expenses incident to the issuance of the bonds, and so much as remains thereafter shall, within sixty days from date of receipt by the county therefor, be turned over to the State Highway Department and applied by it on farm-to-market roads in Horry County.

SECTION 14. Reimbursement by Highway Department.—The State Highway Department is hereby authorized to reimburse Horry County for all moneys turned over to the Highway Department by Horry County pursuant to Section 13 (c) of this act. This reimbursement shall be made in annual installments, in amounts not exceeding the annual maturity principal on the bonds to be issued by Horry County, out of the apportionment of funds accruing for construction in Horry County under the State Highway Department's Farm-to-Market Construction Program and by reason of the statute, if so much thereof shall accrue for such construction in Horry County. The State Highway Department shall not be obligated to the repayment to Horry County for any installment due under its reimbursement agreement unless sufficient amounts for such installments shall accrue to the credit of Horry County under the State Farm-to-Market Construction Program. The State Highway Department shall not be required to pay any interest to Horry County for funds turned over to the department pursuant to the provisions of this act. If, during any year thereafter, the apportionment to which farm-to-market construction in Horry County is entitled exceeds the sum required to meet the annual installment of principal of the bonds in that year, then such excess shall be applied by the State Highway Department as if no reimbursement agreement had been entered into.

SECTION 15. Separate contracts authorized.—The county is hereby authorized to enter into separate contracts for the construction of road beds and for actual paving and the county shall have the further right to allow any person to bid upon such contracts; *pro-*

vided, that specifications of the State Highway Department are fulfilled relative to such construction.

SECTION 16. Powers additional.—The powers and authorizations conferred upon the Board and the State Highway Department shall be in addition to all other powers and authorizations previously vested in them.

SECTION 17. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 17th day of July, 1967.

No. 793

An Act To Authorize The County Board Of Commissioners Of Lexington County To Issue General Obligation Bonds Of The County, Not To Exceed Six Hundred Thousand Dollars, For The Construction Of State Highway Secondary Roads; To Provide That Such Roads Shall Be Constructed By The State Highway Department Pursuant To A Contract Of Reimbursement To Be Made Between The County Board Of Commissioners Of Lexington County And The State Highway Department; To Prescribe The Conditions Under Which Such Bonds Are To Be Issued And The Reimbursement Contract May Be Made; And To Provide For The Payment Of The Bonds.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that Section 65-1075 of the 1962 Code provides for the continuance of the so-called Farm-to-Market or State Secondary Highway Program for the period to end June 30, 1972, and for the method by which funds available for such purposes should be apportioned among the counties of the State.

Pursuant to such program, funds were made available for farm-to-market roads in Lexington County for the fiscal year ending June 30, 1967, in the amount of two hundred and ninety one thousand dollars, and it is to be reasonably anticipated that during each fiscal year throughout the period to end June 30, 1972, further substantial apportionments will be made.

In Lexington County it has been determined that an immediate need exists for further farm-to-market roads, and that the County

Board of Commissioners of Lexington County as established by Chapter 48, Title 14, Volume 3, of the 1962 Code, hereinafter called the "Board", should be empowered to raise not exceeding six hundred thousand dollars and to make such sum available to the State Highway Department which, in turn, should apply this sum to the construction of the most needed county roads in Lexington County, which have been transferred to and thus become a part of the State's Secondary Highway System (Farm-to-Market Roads).

SECTION 2. Bonds may be issued—conditions.—If a suitable agreement can be reached between the Board and the State Highway Department providing that the State Highway Department shall construct farm-to-market roads in Lexington County to an extent mutually agreed upon and divert moneys which would otherwise be expended in future years for farm-to-market roads in Lexington County, to the extent estimated to be necessary to meet the payment of the principal of the bonds herein authorized to issue general obligation bonds of Lexington County to the extent not to exceed six hundred thousand dollars.

SECTION 3. To be single issue.—The bonds authorized by this act shall be issued as a single issue.

SECTION 4. Maturity.—All bonds issued pursuant to this act shall mature in such annual series or installments as the Board shall provide, except that the first maturing bonds of any issue shall mature not more than two years from the date which they shall be issued; not less than ten per cent of any issue shall mature in any year; and no bond shall mature later than June 30, 1972.

SECTION 5. Redemption.—Any bond issued pursuant to this act may be issued with a provision for its redemption prior to its stated maturity at par and accrued interest, plus such redemption premium as may be prescribed by the Board, but no bond shall be redeemable before maturity unless it contains a statement to that effect. In the proceedings authorizing the issuance of such bonds, provision shall be made specifying the manner of call for redemption, if any, and the notice thereof that must be given.

SECTION 6. Negotiability.—The bonds issued pursuant to this act shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Lexington

County, upon such conditions as the Board may prescribe. Except when so registered, all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instruments law.

SECTION 7. Where payable.—The bonds issued pursuant to this act shall be made payable at such places, within or without the State, as the Board shall provide.

SECTION 8. Interest.—Bonds issued pursuant to this act shall bear interest at rates determined by the Board.

SECTION 9. Execution.—The bonds, and the coupons to be thereunto attached, shall be executed in such manner as the Board shall by resolution prescribe

SECTION 10. Sale.—Bonds issued pursuant to this act shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold after public advertisement of their sale in a newspaper of general circulation in South Carolina. Such published notice shall appear not less than ten days prior to the occasion set for opening bids.

SECTION 11. Payment.—For the payment of the principal and interest of all bonds issued pursuant to this act as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of Lexington County shall be irrevocably pledged, and there shall be levied annually by the Auditor of Lexington County, and collected by the Treasurer of Lexington County, in the same manner as county taxes are levied and collected, a tax without limit, on all taxable property in Lexington County, sufficient to pay the principal and interest of such bonds as they respectively mature and to create such sinking fund as may be necessary therefor; *provided*, that the ad valorem tax levy shall be reduced to the extent that there has been deposited with the county treasurer moneys derived from the reimbursement agreement herein authorized, on the occasion in each year when the ad valorem tax levy is to be made, and in all instances where an annual tax levy is so reduced, the moneys derived from such reimbursement shall be applied to the payment of such principal and to no other purpose.

SECTION 12. Exempt from taxes.—The principal and interest of bonds issued pursuant to this act shall have the tax exempt status prescribed by Section 65-4.1 of the 1962 Code.

SECTION 13. Proceeds.—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Lexington County Treasurer, and shall be deposited in a bond account fund and shall be expended and made use of by the Board as follows:

(a) Any accrued interest shall be applied to the payment of the first installment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first installment of principal of such bonds.

(c) The remaining proceeds shall be first applied to the expenses incident to the issuance of the bonds, and so much as remains thereafter shall, within sixty days from date of receipt by the county therefor, be turned over to the State Highway Department and applied by it on farm-to-market roads in Lexington County.

SECTION 14. Reimbursement by Highway Department.—The State Highway Department is hereby authorized to reimburse Lexington County for all moneys turned over to the Highway Department by Lexington County pursuant to Section 13 (c) of this act. This reimbursement shall be made in annual installments, in amounts not exceeding the annual maturity principal on the bonds to be issued by Lexington County, out of the apportionment of funds accruing for construction in Lexington County under the State Highway Department's Farm-to-Market Construction program and by reason of the statute, if so much thereof shall accrue for such construction in Lexington County. The State Highway Department shall not be obligated to the repayment to Lexington County for any installment due under its reimbursement agreement unless sufficient amounts for such installments shall accrue to the credit of Lexington County under the State Farm-to-Market Construction Program. The State Highway Department shall not be required to pay any interest to Lexington County for funds turned over to the department pursuant to the provisions of this act. If, during any year hereafter, the apportionment to which farm-to-market construction in Lexington County is entitled exceeds the sum required to meet the annual installment of principal of the bonds in that year, then such excess shall be applied by the State Highway Department as if no reimbursement agreement had been entered into.

SECTION 15. Powers to be additional.—The powers and authorizations conferred upon the Board and the State Highway Department shall be in addition to all other powers and authorizations previously vested in them.

SECTION 16. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 23rd day of February, 1967.

Whereas, H. C. Graham, of Marion County, South Carolina, died on March 29, 1930, leaving his last will and testament, which was duly admitted to probate. The will established a trust, subject to a life estate which expired on December 21, 1960. At that time the trust became a public charitable trust, and the C. The trust has accumulated approximately sixty thousand dollars, and annually accumulates approximately eleven thousand dollars of income. Graham Hospital" and that suitable plaques and markers showing such name shall be placed and maintained on the wing. In accord with the terms of the will of H. C. Graham, deceased, the Trustees of the Estate of H. C. Graham shall pay to the C. Graham Hospital Corporation the income from the trust estate and the C. Graham Hospital Corporation shall thereafter pay to the Marion County Memorial Hospital Commission the income received by the C. Graham Hospital Corporation from the Trustees of the Estate of H. C. All funds by this act provided for the Department of Public Welfare in Marlboro County shall be deposited in a bank to the credit of the Department of Public Welfare and disbursed by check signed by the county director and countersigned by a member of the Board of Public Welfare, to be by the board designated.

SECTION 2. The Board of County Highway Commissioners and all other officers of Marlboro County are requested and directed to be economical in the expenditure of all public funds, and to keep the expense below the appropriations when practicable and consistent with public requirements, and no unused appropriated fund shall be carried forward for the particular use in the succeeding year, but shall be transferred to the contingent fund provided for in this section. In no case shall the expenditure exceed the appropriation for any purpose; *provided*, that out of the surplus contingent fund are to be paid all necessary expenses for which no specific appropriation was made herein, and for unavoidable expenses in excess of the appropriations for any purpose. No officer, agent or employee of Marlboro County shall contract any debt for any purpose, or expend any sums in excess of the appropriations in this act provided for such specific purpose, and for any and all violations thereof they, and their bondsmen, shall be jointly and

severally liable. Any officer, agent or employee shall be personally liable for any such debt contracted.

SECTION 3. All funds herein appropriated for Marlboro County Agricultural and Development Board shall be expended pursuant to the direction and authorization of the board.

SECTION 4. The sheriff of the county shall have the right, whenever he considers such necessary, to call in the county attorney to prosecute before any magistrate in any and all cases; the fee of the county attorney is to be approved and paid by the county commissioners. *Provided*, however, that no more than three hundred dollars shall be expended pursuant to this section.

SECTION 5. The sheriff of the county is hereby directed to so regulate the movement and activities of the rural policemen that all sections of the county shall enjoy the protection of the law without favor and without neglect.

The protection of all school property is hereby made a special mission of the sheriff and his force. He is particularly directed to so regulate the enforcement of the law as to protect school property from injury, theft and destruction, and to enforce the law against plowing in the roads. The contingent fund and uniform appropriation of one thousand five hundred dollars hereinabove made shall be expended by the Sheriff of Marlboro County for the enforcement of law and purchase of uniforms for county officers.

SECTION 6. The County Board of Highway Commissioners of Marlboro County is hereby declared to be the sole financial and purchasing agent of Marlboro County, and when any officer or board of the county desires new equipment or supplies, or replacement, or extraordinary service in connection with his or their office, or desires that any expenditure be made, or expense be incurred in regard to his or their office, whether specifically appropriated in this act or not, or desires to make any purchase or incur any expense, he shall file his request for same, in writing, with the County Board of Highway Commissioners, who shall make such purchase in accordance with provisions herein made. No officer or board shall have any authority to make contracts of purchase or incur other obligations in the name of the county except as authorized by law, and no contracts made, except as herein provided, shall be valid to bind the county. No bill, account or invoice shall be paid

unless the procedure hereinabove set forth has been complied with except upon written approval of the delegation.

SECTION 7. The appropriation of seventeen thousand five hundred dollars for the treatment in Marlboro County General Hospital of deserving charity patients, whose conditions demand hospital treatments, is made subject to the following conditions: that no deserving charity patient as above described shall be turned away as long as there are facilities and room in the hospital; that there shall be no charge whatsoever except the daily expense of twenty-eight dollars and ninety cents per patient. *Provided*, that the funds shall be available for use of the Marlboro County General Hospital only upon itemized statements of the actual days spent in the hospital by charity patients, signed by each patient individually and certified by the hospital management, such statement being presented to the board of county commissioners at its regular monthly meetings. The Duke Foundation payment for charity work of one dollar per day is to be deducted from the amount of twenty-eight dollars and ninety cents, leaving twenty-seven dollars and ninety cents per charity patient to be paid by the county. These conditions and provisions are to be interpreted and enforced as meaning that when the Duke Endowment gives one dollar for charity work, the county will give twenty-seven dollars and ninety cents, not to exceed in total amount the sum of seventeen thousand five hundred dollars for the year 1967-1968. County funds shall be available only to match in this way funds coming from the Duke Foundation for charity beds, and shall be paid only in cases approved as charity cases by the Duke Foundation. The board of county commissioners is authorized and directed to prepare and have printed for use by the patient and hospital management forms and blanks for making the above-mentioned certified statements. *Provided*, further, that the charity patients referred to must be citizens of Marlboro County.

SECTION 9. The janitor of the courthouse shall be hired by the supervisor.

SECTION 10. The county commissioners shall receive as pay for their services the sum of fifteen dollars for each day actually en-

SECTION 13. The board of commissioners shall publish once each month in some newspaper published in Marlboro County an itemized statement of all expenditures of county funds, contract for publishing the same to be let to the newspaper making the lowest bid.

SECTION 14. The county supervisor shall be the executive head of the county board of highway commissioners; but each member of the board of county highway commissioners shall have equal authority and the board shall at each monthly meeting provide for and set out generally the work to be done the following month on the county road system.

SECTION 15. The county commissioners are hereby authorized and empowered to borrow money for county purposes in anticipation of collection of taxes and to pledge such taxes when collected, as well as the full faith and credit of Marlboro County, for its repayment, upon the written approval of the legislative delegation. No amount shall be borrowed in excess of anticipated taxes.

SECTION 16. The funds appropriated and set aside in this act shall be used only for the purposes set forth herein. In the event funds are used for items for which they were not appropriated, all officers, agents or employees who take part in or have anything whatsoever to do with the transfer or use of such funds shall be

deemed guilty of malfeasance in office and subject to removal at once by the Governor of the State of South Carolina, or by the proper officials of Marlboro County. Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that heretofore under the provisions of Act 1331 of 1964, the Horse Range Swamp Watershed Conservation District of Orangeburg County, with the territory described in Section 3 of this act, was duly formed in accordance with Act 1331 of 1964, including the appointment and organizations of the board of directors and the executions of certain contracts.

The General Assembly further finds that the question exists as to the validity of the actions taken pursuant to Act 1331 of 1964 by reason of the fact that in the election prescribed therefor the qualifications for voting vary from the qualifications prescribed for voting under the Constitution of South Carolina. Notwithstanding, it finds that a need exists for a watershed conservation district in the area purportedly created into the Horse Range Swamp Watershed Conservation District of Orangeburg County and, accordingly, has determined to confirm such action and recreate the district.

SECTION 2. Horse Range Swamp Watershed Conservation District recreated.—There is hereby recreated a body corporate and politic of perpetual succession to be known as the Horse Range Swamp Watershed Conservation District of Orangeburg County (hereinafter called the district). It shall be the purpose and function of the district to develop and execute plans and programs relating to any phase of the control and prevention of soil erosion, flood prevention, or the conservation, development, utilization and disposal of water.

SECTION 3. Area.—The district shall include and be comprised of the following territory:

Highway 310, thence in a southwesterly direction to a point on S. C. Highway 45 approximately seven-tenths miles west of intersection with S. C. Highway 310, thence crossing S. C. Highway 45 and paralleling about one-half to one mile south of Highway 45 in a westerly to southwesterly direction to a point on U. S.

No nominating petition shall be accepted by the supervisors unless it is signed by twenty-five or more landowners within the watershed conservation district, or, if less than fifty landowners are involved, by a majority of the landowners. If the candidates nominated do not exceed the number of directors to be chosen, the supervisors shall declare them to be elected. No person shall be eligible to be a director of the district who is not a landowner in the district.

(3) If the candidates nominated for directors of the district exceed the number of directors to be chosen, the supervisors of the soil conservation district shall, after having given due notice thereof, cause an election to be held within the district within a reasonable time after the expiration of the nominating period. The provisions of Sections 5, 6, and 7 of Act 1331 of 1964 as to notice, qualifications of voters, absentee voting, and the manner of holding the referendum in organizing a watershed conservation district, shall apply insofar as practicable to the election of the directors. If it appears that the proposal is within the scope and purpose of this act and meets all other requirements of the law, the proposal shall be submitted to the landowners of the district by a referendum held by the supervisors.

(3) The provisions of Sections 5, 6 and 7 of Act 1331 of 1964 as to notice, qualifications of voters, absentee voting, and manner of holding the referendum in organizing a watershed conservation district shall apply to the referendum held under this section, except that all qualified electors of the district shall be entitled to vote therein.

(4) If two-thirds of the votes cast in the referendum favor the proposal, the directors shall, with the approval of the supervisors, be authorized to issue the bonds.

SECTION 7. Compensation.—The directors of the watershed conservation district shall receive no compensation for their services, but they may be reimbursed for expenses, including traveling expenses, necessarily incurred in the performance of their duties as approved by the supervisors of the soil conservation district.

SECTION 8. The computation shall be made on the regular tax bills.

SECTION 10. Collection of taxes.—(1) The county treasurer shall collect the taxes due the watershed conservation district at the same time and in the same manner as he collects other taxes of the county.

(2) The taxes shall be subject to the same due and delinquency dates, discounts, penalties and interests as are applied to the collection of county taxes.

Petition to have lands detached.—The owners of lands which have not been, are not and cannot be benefited by their inclusion in the watershed conservation district may petition the supervisors of the soil conservation district to have such lands detached. The petition shall describe the lands and state the reasons why they should be detached. A hearing shall be held by the supervisors within thirty days after the petition is filed and due notice of such hearing shall be given by the supervisors. The petition shall state the reasons for discontinuance, and that all obligations of the watershed conservation district have been met. The supervisors may conduct the hearings upon the petition as may be necessary to assist them in the consideration.

(2) Within sixty days after the petition has been filed with the supervisors they shall give due notice of the holding of a referendum. The supervisors shall hold the referendum substantially as provided for in Section 6 of this act. The question shall be submitted by ballots upon which the words "For terminating the existence of the Watershed Conservation District," and "Against terminating the existence of the Watershed Conservation District" shall be printed, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of the propositions as the voter may favor or oppose the discontinuance of the watershed conservation district. Only landowners within the watershed conservation district shall be eligible to vote in such referendum. No informality in the conduct of the referendum or in any matters relating thereto shall invalidate the referendum or the results thereof if notice of the referendum shall have been given substantially as herein provided and the referendum shall have been fairly conducted.

(3) The supervisors shall publish the results of the referendum and shall thereafter determine whether the continued operation of the watershed conservation district is administratively practicable and feasible. If the supervisors determine that the continued operation of the watershed conservation district is administratively practicable and feasible, they shall record the determination and deny the petition. If the supervisors determine that the continued operation of the watershed conservation district is not administratively practicable and feasible, they shall record the determination and shall certify the determination to the directors of the watershed conservation district; *provided*, however, that the supervisors shall not be authorized to determine that the continued operation of the watershed conservation district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of the watershed conservation district.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—Horse Range Swamp Watershed Conservation District (the District) in Orangeburg County was established to provide facilities for drainage, including flood control and the prevention of soil erosion, within the District. After due investigation the General Assembly has determined (a) that the District should provide not exceeding seventy thousand dollars to defray a portion of the cost of such drainage facilities, (b) that the construction of such facilities will benefit all real property lying within the District, (c) that an assessment against all real property within the District on the basis of their assessed values would constitute an equitable assessment of the land so benefited, and (d) that the District should be authorized to issue

its bonds in the amount of not exceeding seventy thousand dollars to be repaid from such an assessment. In so providing by the enactment of this act the General Assembly is acting pursuant to all powers vested in it, including those specifically set forth in Article I of the Amendments of the South Carolina Constitution.

SECTION 2. Horse Range Swamp Watershed Conservation District bond issue authorized.—The Directors of the District are authorized to issue bonds of the District in the aggregate principal amount of not exceeding seventy thousand dollars for the purpose of defraying the costs of constructing the aforesaid drainage facilities within the District, *provided*, that the Directors shall certify prior to the issuance of any such bonds that at least two-thirds of the persons voting in a referendum to be held in the District voted favorably for the issuance of the bonds authorized hereby. In effecting the issuance of the bonds authorized by this act the Directors may take action at a special or regular meeting, in the form of a resolution which shall become effective immediately upon its adoption.

SECTION 3. Maturity.—The bonds authorized by this act may be issued as a single issue or from time to time in several separate issues and they shall mature in such series or installments as the Directors shall from time to time determine. In the discretion of the Directors the bonds authorized hereby may be issued in the form of a single fully registered bond, in which event the same may, in the discretion of the Directors, contain a provision permitting the conversion of the same, at the option of the holder, into coupon bonds at the expense of the District.

SECTION 4. Prior redemption.—The bonds may contain a provision permitting their redemption prior to their stated maturity at such rate or premium as may be prescribed by the Directors.

SECTION 5. Interest.—The bonds shall bear such rate or rates of interest as the Directors shall determine, not to exceed 3.225 per cent per annum, payable annually or semiannually.

SECTION 6. Date and place of payment.—The bonds shall bear such date and be payable at such place or places as the Directors shall determine.

SECTION 7. Registration.—If bearer bonds are issued, they may be issued with the privilege to the holder of having them registered as to principal on the books of the County Treasurer of Orangeburg

County, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the Directors may prescribe.

SECTION 8. Execution.—The bonds shall be executed in such manner as the Directors shall prescribe.

SECTION 9. Sale.—Bonds issued pursuant to this act shall be sold at not less than par and accrued interest to the date of delivery, and the Directors are authorized to sell the same at a private or negotiated sale without the necessity of any advertisement.

SECTION 10. Use of proceeds.—The proceeds derived from the sale of the bonds shall be deposited with the Treasurer of Orangeburg County in a special fund separate and distinct from all other funds and shall be expended upon the order of the Directors as follows: (a) any accrued interest to the first installment of interest due, (b) any premium to the payment of the first installment of principal due, (c) the remaining proceeds shall be used to defray the costs of issuing the bonds and any balance remaining shall be used to provide the drainage facilities described in Section 1; *provided*, no purchaser or subsequent holder of any of the bonds shall be responsible for the proper application of the proceeds.

If any moneys remain after making the foregoing application the remainder shall be applied to the payment of the bonds issued pursuant to this act.

SECTION 11. Payment by levy.—For the payment of the principal and interest of all bonds issued pursuant to this act as they respectively mature, and for the creation of such sinking fund as may be necessary therefor there shall be imposed upon all real property in the District on the basis of assessed value an assessment, without limit as to rate or amount, in the form of millage and there shall be levied annually by the Auditor of Orangeburg County and collected by the Treasurer of Orangeburg County, in the same manner as County taxes are levied and collected such an assessment without limit on all real property in the District.

SECTION 12. Tax exempt.—The principal and interest of all bonds or notes issued pursuant to this act shall have the tax-exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 13. Time effective.—This act shall take effect upon approval by the Governor.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that careful surveys of the physical facilities of the Rural Recreational District of Richland County established pursu-

ant to Article 40, Chapter 3, Title 51, South Carolina Code of Laws, 1962, as amended, (hereinafter called the District) has been made by the Rural Recreational Commission of Richland County (hereinafter called the Commission). Such studies have established that additional public recreational facilities must be provided for the District and that the cost to be borne by the District should be raised by an issue of general obligation bonds. The General Assembly has therefore determined to empower the Commission to provide additional public recreational facilities for the District and raise therefor the sum of not exceeding one million dollars or such lesser amount as may be within the applicable constitutional debt limit through the sale of the bonds authorized by this act.

SECTION 2. Bond issue authorized.—The Commission is hereby authorized and empowered to provide such additional public recreational facilities as it shall deem necessary and to repair, enlarge and improve the existing facilities. The Commission is hereby further empowered to issue general obligation bonds of the District, without the necessity of holding an election, in the aggregate principal amount of not exceeding one million dollars or such lesser amount as may be within the applicable constitutional debt limit at the time of their issuance and to apply the proceeds of such bonds to the purposes prescribed by this act.

SECTION 3. Maturity.—All bonds shall mature in such annual series or instalments as the Commission shall provide, except that the first maturing bonds of any issue shall mature not later than three years from the date as of which they shall be issued, and no bond shall mature later than twenty-five years from the date it is issued.

SECTION 4. Redemption.—Any bond may be issued with a provision for its redemption prior to its stated maturity at par and accrued interest, plus such redemption premium as may be prescribed by the Commission, but no bond shall be redeemable before maturity unless it contains a statement to that effect. In the proceedings authorizing the issuance of such bonds, provisions shall be made specifying the manner of call and the notice that must be given.

SECTION 5. Negotiability.—The bonds shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Richland County, upon such con-

dition as the Commission may prescribe. Except when so registered, all bonds shall have all attributes of negotiable instruments under the law merchant and the negotiable instruments law.

SECTION 6. Denominations.—The bonds shall be in such denomination and shall be made payable at such places, within or without the State, as the Commission shall prescribe, and shall bear such interest as may be determined by the Commission.

SECTION 7. Execution.—The bonds, and the coupons to be thereunto attached, shall be executed in such manner as the Commission shall by resolution prescribe.

SECTION 8. Sale.—The bonds shall be sold at a price of not less than par and accrued interest to the date of their respective deliveries. They shall be sold at public sale, after public advertisement of the sale in a newspaper of general circulation in South Carolina. In such event the published notice shall appear not less than ten days prior to the occasion set for opening bids.

SECTION 9. Payment.—For the payment of the principal and interest of all bonds, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of the District shall be irrevocably pledged, and there shall be levied annually by the Auditor, and collected by the Treasurer of Richland County, in the same manner as county taxes, a tax without limit, on all taxable property in the District, sufficient to pay the principal and interest of such bonds as they respectively mature and to create such sinking fund as may be necessary therefor.

SECTION 10. Exempt from taxes.—The principal and interest of bonds issued pursuant to this act shall have the tax exempt status prescribed by Section 65-4.1 of the 1962 Code.

SECTION 11. Proceeds.—The proceeds derived from the sale of any bonds issued pursuant to this act shall be paid to the Treasurer of Richland County, to be deposited in a bond account fund for the District, and expended by the Commission as follows:

(a) Any accrued interest shall be applied to the payment of the first instalment of interest to become due on such bonds.

(b) Any premium shall be applied to the payment of the first instalment of principal of such bonds.

(c) The remaining proceeds shall be used to defray the cost of issuing the bonds authorized hereby, and to pay costs to be incurred

in the constructing and equipping of additional public recreational facilities in the District.

(d) Any balance remaining shall be held by the Treasurer of Richland County in a special fund and used to effect the retirement of bonds authorized hereby.

SECTION 12. Powers to be additional.—The powers and authorizations hereby conferred upon the Commission shall be in addition to all other powers and authorizations previously vested in the Commission, and may be availed of pursuant to action taken at any regular or special meeting of the Commission.

SECTION 13. No further action required.—No election is prescribed as a condition precedent to the issuance of the bonds, and no action other than that prescribed herein need be taken to effect the issuance of the bonds, nor shall the Commission be required to obtain the approval of any public agency to any action taken pursuant to the authorizations of this act.

SECTION 14. Time effective.—This act shall take effect upon approval by the Governor.

An Act To Authorize The Board Of Administrators Of Richland County To Issue As A Single Issue Eight Hundred Fifty Thousand Dollars Of The Amount Of General Obligation Bonds Authorized By Act No. 1346 Of 1964, And The One Million Five Hundred Thousand Dollars Of General Obligation Bonds Au-

thorized By An Act Of 1967, Bearing Ratification No. 118, For Hospital And Technical Educational Purposes, Respectively.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly takes note of the fact that the Board of Administrators of Richland County is authorized to issue six million dollars in general obligation bonds of the county, upon request of the Board of Trustees of the Columbia Hospital, by virtue of Act No. 1346 of 1964 for new hospital facilities in the county; that such authority was subject to an election which was held in compliance with the provisions of the act and which resulted in a majority vote favoring such issuance; that such bonds may be issued from time to time as a single issue or as several separate issues and that part of the proceeds, without stipulated limitation, would be used for site acquisition and that the hospital board of trustees has made a request of the board of administrators to issue eight hundred and fifty thousand dollars of such bonds for site acquisition for the new facilities.

The General Assembly further takes note of the fact that the Board of Administrators of Richland County has been authorized to issue one million five hundred thousand dollars in general obligation bonds of the county for technical education by the provisions of an act of 1967, bearing Ratification No. 118, without the necessity of an election.

The General Assembly further notes the fact that the board of administrators now desires to issue and sell general obligation bonds of the county in the amount of eight hundred fifty thousand dollars for the site of the new facilities, and one million five hundred thousand dollars for technical education, together as a single issue.

The General Assembly has determined that it will be to the best interests of Richland County that the board of administrators be authorized to issue and sell, as a single issue, two million, three hundred fifty thousand dollars of general obligation bonds of Richland County for the purposes above stated.

SECTION 2. Richland County Board of Administrators authorized to issue and sell combined amounts in two bond issue authorizations.—The Board of Administrators of Richland County is authorized to issue and sell the combined amounts of eight hundred fifty thousand dollars, as authorized by Act No. 1346 of 1964, and

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that the continued growth of the population in the School District No. 2 of Richland County makes it mandatory that additional public school facilities be provided for the district, and that the cost, to be borne by the district, should be raised by an issue of general obligation bonds. The General Assembly has, therefore, determined to empower the board of trustees of such district (hereinafter called the "trustees") to provide additional public school facilities for the district and raise therefor the sum of four hundred forty thousand dollars, or such lesser amount as is within its debt limit, through the sale of the bonds authorized by this act.

(b) Any premium shall be applied to the payment of the first instalment of principal of such bonds.

(c) The remaining proceeds shall be used to defray the cost of issuing the bonds authorized hereby, and to pay costs to be incurred in the constructing and equipping of additional public school facilities in the district.

(d) Any balance remaining shall be held by the Treasurer of Richland County in a special fund and used to effect the retirement of bonds authorized hereby.

SECTION 13. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 17th day of July, 1967.

An Act To Authorize The Board Of Administrators Of Richland County To Issue Not Exceeding Fourteen Million Dollars Of General Obligation Bonds Of Richland County For Public Hos-

pital Facilities If The Election Shall Result Favorably; To Prescribe The Conditions Under Which The Bonds May Be Issued; To Prescribe The Purposes To Which The Proceeds Shall Be Applied; And To Make Provision For The Payment Of The Bonds.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—As an incident to this enactment the General Assembly has made the following findings :

(a) Richland County has owned for many years hospital facilities which are operated under the name of the Columbia Hospital by the Board of Trustees (the Trustees) established by Act No. 638 of the Acts of 1951.

(b) In the year 1964, having found that existing facilities were inadequate and that new facilities at a different location were required, the General Assembly, by Act No. 1346 of the Acts of 1964 (Act 1346) authorized the issuance of general obligation bonds of Richland County in the aggregate principal amount of not exceeding six million dollars for the purpose of permitting the Trustees to acquire a suitable site and construct thereon new hospital facilities. The act provided that bonds might not be issued unless the question posed by the act be submitted to the qualified electors of Richland County at the general election held in November of 1964. The question was duly submitted and resulted favorably. As a result thereof, the Board of Administrators of Richland County (the County Board), as the governing body of Richland County, is now empowered to issue, either as a single issue, or from time to time as several separate issues, general obligation bonds of Richland County in the aggregate principal amount of six million dollars for such purpose.

(c) Following the favorable result of the election, the Trustees made a careful survey to determine an appropriate location for the authorized facilities; and after long and careful studies, determined that a tract of land located at or near the intersection of Colonial Drive and Sunset Drive, Columbia, South Carolina was a site which afforded convenient access to the public. Following negotiations with the owner of the tract, a contract of sale has been made, under the terms of which the county is obligated to purchase this tract for the sum of six hundred thousand dollars. At the same time, architects and consultants were employed by the Trustees to reconsider the needs of the public for hospital facilities. Such studies have been made

and now indicate that the facilities originally planned are inadequate. The county itself has continued to grow and studies indicate that the rate of growth will increase. Medical technology has improved and new and expensive equipment is most desirable. The studies confirm the wisdom of the location of the site selected by the Trustees, but point to a far greater expenditure than that permitted by Act 1346, if the present and future needs of the public of Richland County for medical care are to be adequately met.

(d) Present estimates of cost indicate that as much as twenty million dollars is required if the facilities are to be of the nature recommended by those advising the Trustees.

(e) The General Assembly has for itself considered the problem and the possibility of financing so large an expenditure and has taken note that the special amendment to Section 5 of Article 10 of the Constitution imposes no debt limit upon general obligation bonds issued by Richland County, if the question of their issuance is duly submitted to the electors and results favorably. It is mindful of the fact that if such an expenditure is to be made, at least a part of the cost of the debt service to result from the issuance of bonds should be borne by those who utilize the facilities of the hospital, but at the same time it has taken note of the fact that bonds payable solely from revenues of hospitals are difficult to market with the result that debt service on this type of obligation is excessively expensive.

(f) On the basis of the foregoing findings the General Assembly has determined as follows:

(i) To empower the County Board to issue, in addition to the bonds authorized by Act 1346, fourteen million dollars of general obligation bonds of Richland County, whose proceeds shall be used, together with the proceeds of the bonds authorized by Act 1346, for the purpose of providing public hospital facilities for Richland County.

(ii) To require, as a condition precedent to the issuance of the bonds authorized by this act, that the Trustees impose and thereafter maintain a schedule of fees and charges upon those who make use of the facilities, designed to provide not less than twenty-five per cent of the aggregate debt service on bonds issued pursuant to this act and pursuant to Act 1346.

(iii) To leave in full force and effect Act 1346, both in order that pursuant thereto the County Board may continue with its plan to issue a portion of such bonds to meet the cost of the site which has heretofore been contracted for and to provide further funds for

architectural and other services incident to the project, and in order that additional hospital facilities to the extent possible pursuant to Act 1346 may be acquired if the election required by this act results unfavorably.

SECTION 2. Richland County hospital bond issue authorized if election favorable.—If the election required by this act shall result favorably and if the condition imposed by Section 16 of this act be met in the manner therein prescribed, then, in order to provide funds, in addition to those which may be raised through the issuance of bonds pursuant to Act 1346, which shall be used in constructing public hospital facilities for Richland County, the County Board, upon the written request of the trustees, is hereby authorized to issue and sell, either as a single issue or from time to time, as several separate issues, not exceeding fourteen million dollars of general obligation bonds of Richland County.

SECTION 3. Election prescribed.—In order to determine if the County Board may issue bonds pursuant to this act, the County Board is hereby authorized to order the submission of the question of the issuance of bonds in a special election to be held on a date fixed by the County Board. To that end, the County Board may adopt a resolution directing that the question set forth in Section 5 be submitted to the qualified electors of Richland County in such special election. Following action by the County Board, certified copies of its resolution shall be transmitted to the Commissioners of Election for Richland County, who are hereby directed to conduct the special election and to provide that the question prescribed by this act shall be on all voting machines used in such election, or if no voting machines shall be used, upon printed ballots to be made available to all qualified electors who present themselves to vote in polling places. Both the County Board and the Commissioners of Election are fully empowered to take such further action as shall be necessary to fully implement the directive of this act requiring the submission of the question.

SECTION 4. Notice of election.—The County Board shall cause an appropriate notice as to such question and election to be published in one or more newspapers published in Richland County on at least three occasions, the first of which is to be not more than twenty-one days nor less than fifteen days prior to date set for such special election. The notice shall contain the following information:

1. The question to be voted upon,

2. The qualifications imposed upon persons voting, and
3. Such other information as may be required to fully apprise all persons of the nature of the question to be voted upon.

SECTION 5. Form of question.—The form of the question to be submitted and which shall be set forth on all voting machines that may be used, or upon the printed ballot in the polling places where there are no voting machines, shall be substantially as follows:

Shall the Board of Administrators of Richland County be empowered to issue, in addition to the six million dollars of general obligation bonds of Richland County authorized by Act No. 1346 of 1964, either as a single issue or from time to time as separate issues, general obligation bonds of Richland County in the amount of not exceeding fourteen million dollars whose proceeds shall be used to acquire new public hospital facilities for Richland County?

Appropriate instructions shall be given apprising those who favor the issuance of bonds that they shall pull the voting lever or mark the printed ballot in such way as to reflect approval to the issuance of bonds, and apprising those who oppose the issuance of bonds that they shall pull the voting lever or mark the printed ballot in such a way as to reflect their opposition to the issuance of the bonds.

SECTION 6. Declaration of election results.—Upon the receipt of the returns of the election from the Commissioners of Election for Richland County, the County Board shall by resolution declare the results thereof and may provide for the filing of a certified copy of such resolution declaring the results of the election in the office of the Clerk of Court for Richland County. In such event the results of the election, as declared by resolution of the County Board so certified and filed, shall not be open to question except by suit or proceeding instituted within thirty days from the date of the filing thereof.

SECTION 7. Maturity.—All bonds issued pursuant to this act shall mature in such annual series or installments as the County Board shall provide, except that:

1. The first maturing bonds of any issue shall mature within three years from the date as of which they may be issued;
2. Not less than two per cent of the aggregate of any issue shall mature in each year; and
3. No bonds shall mature later than twenty-five years from the date of which they may be issued.

SECTION 8. Prior redemption.—Bonds may be issued with provisions providing for their redemption prior to their stated maturities at par and accrued interest, plus such redemption premium as may be prescribed by the County Board, but no bond shall be redeemable before maturity unless it contains a statement to that effect. In the proceedings providing for the issuance of each issue, provision shall be made specifying the extent to which bonds of such issue are redeemable, the occasions of redemption, and the notice thereof that must be given.

SECTION 9. Form.—The bonds shall be issued in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered as to principal on the books of the Treasurer of Richland County, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the governing body may prescribe. Unless registered, such bonds shall have all the qualities of negotiable instruments.

SECTION 10. Denomination — place of payment.—The bonds shall be in such denominations and shall be payable at such places, within or without the State, as the County Board shall provide.

SECTION 11. Execution.—The bonds and the coupons annexed thereto shall be executed in the manner provided for by the County Board.

SECTION 12. Advertisement.—The bonds shall be sold at public sale, after advertisement thereof in a newspaper having general circulation in South Carolina, or in a financial publication published in the City of New York, or in the discretion of the governing body, in both such publications. The advertisement shall appear not less than ten days prior to the occasion set for such sale. The bonds may be disposed of at private sale if there are no bids received or if all bids are rejected. The provisions of this section shall not prevent a sale at private sale to the United States of America or any agency thereof.

SECTION 13. Sale.—All such bonds shall be sold at a price of not less than par and accrued interest to the date of delivery.

SECTION 14. Credit pledged.—For the payment of the principal and interest on all bonds issued pursuant to this act, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of Richland

County shall be irrevocably pledged, and there shall be levied annually by the County Auditor and collected by the County Treasurer, in the same manner as other county taxes are levied and collected, a tax, without limit, on all taxable property in Richland County sufficient to pay the principal and interest of such bonds as they respectively mature, and to create such sinking fund as may be necessary therefor. Such ad valorem tax shall be reduced to the extent of monies raised from the schedule of fees and charges required by Section 16, that are actually in the hands of the Treasurer of Richland County on the occasion in each year that the tax levy is determined by the County Auditor.

SECTION 15. Condition precedent.—Prior to the issuance of bonds pursuant to this act, the Trustees shall agree with the County Board to place in effect and to revise from time to time when required, a schedule of fees and charges to take effect upon a date to be fixed by the County Board, designed to produce revenues sufficient to raise in each year, after the effective date of the agreement, not less than twenty-five per cent of the average annual debt service requirements of all bonds issued pursuant to this act and pursuant to Act 1346. All monies raised pursuant to such charge are intended as additional security for the payment of principal and interest of bonds issued pursuant to this act and bonds issued pursuant to Act 1346 and the obligation between the Trustees and the County Board herein required shall constitute an obligation of the contract between Richland County and those who may from time to time be the holders of bonds issued pursuant to this act and to those who may from time to time be the holders of bonds issued pursuant to Act 1346. The condition imposed by this section shall be a condition precedent to the issuance of bonds issued pursuant to this act but a finding by the County Board that a satisfactory contractual arrangement has been made between it and the Trustees shall, insofar as those who may purchase or may thereafter hold bonds pursuant to this act, fully discharge such condition.

SECTION 16. Tax exempt.—Bonds issued pursuant to this act and all interest to become due thereon shall be exempt from all State, county, municipal, school district and other taxes or assessments, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, except inheritance, estate or transfer taxes.

SECTION 17. Use of proceeds.—The proceeds derived from the sale of the bonds issued pursuant to this act shall be delivered to the Treasurer of Richland County and shall be expended and made use of as follows:

(a) Any accrued interest shall be applied by the treasurer to the payment of the first installment of interest to become due thereon.

(b) Any premium shall be applied by the treasurer to the payment of the first installment of principal of the bonds.

(c) The remaining proceeds shall be expended upon the order or warrant of the trustees, to pay the cost of the issuance of the bonds, and to pay costs and expenses incurred by providing public hospital facilities for Richland County.

SECTION 18. Powers additional.—Nothing in this act shall in any way limit or restrict the powers now vested in the County Board to issue bonds pursuant to Act 1346.

SECTION 19. Time effective.—This act shall take effect upon approval by the Governor.

No. 855

An Act To Empower A Special Purpose District, Known As Cowpens Water District In Spartanburg County, Operating A Water Distribution System To Transfer And Convey The District To The Commissioners Of Public Works Of The City Of Spartanburg, To Authorize Such Acquisition By The Commissioners Of Public Works Of The City Of Spartanburg, To Prescribe The Terms And Conditions Under Which Such Transaction May Be Effected And To Provide For A Referendum Prior To The Transfer And Conveyance Of Such System.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that there is a special purpose district in Spartanburg County known as the Cowpens Water District, hereinafter known as the district, which operates a water distribution system within such district. The district obtains water from the waterworks system of the City of Spartanburg, operated by the Commissioners of Public Works of the City of Spartanburg (hereinafter known as the commissioners), which is the only large dependable source of water supply in Spartanburg County. The water distribution system of the district was financed by bonds, many of which are now outstanding. In addition, revenues derived from the operation of such system are pledged to additionally secure the outstanding bonds. The General Assembly finds that those served by the water distribution system of the district would receive improved service and that the taxes levied for the payment of the bonds would be considerably reduced and ultimately eliminated if the water distribution system of the district was transferred and conveyed to the commissioners and incorporated into the waterworks system of the City of Spartanburg. Such action would enable the commissioners to expand the city's system, as thus enlarged, into areas not now served by a public waterworks system. On the basis of these findings, the General Assembly has determined to authorize the Commissioners of the Cowpens Water District, under whose supervision and direction the water distribution system in the district is now being operated, to transfer and convey the system to the commissioners and to authorize them to acquire the water distribution system owned by the district under the terms and conditions of this act. The General Assembly is mindful that it may not adversely affect the obligation of the contract

between the district and its bond holders but believes that the authorization of this act does not have that effect.

SECTION 2. Cowpens Water District to transfer system to City of Spartanburg—conditions.—The Commissioners of the Cowpens Water District, which district owns and operates a water distribution system within the district and obtains its water supply from the municipal waterworks system of the City of Spartanburg, operated by the commissioners, are hereby authorized and empowered to transfer and convey such system to the commissioners on such terms and conditions as have been heretofore mutually agreed upon ; *provided*, that the commissioners acting on behalf of the City of Spartanburg shall assume, to the extent provided by Section 3 of this act, the payment of the principal and interest on all outstanding bonds and any other indebtedness of the district pertaining to its water distribution system. Nothing in this act shall impair the obligation between the holders of the bonds of the district and the district, nor the obligation of the district to levy and collect taxes of the district, nor the obligation to segregate and apply the revenue from its water distribution system to the payment of its bonds, except that so long as its bonds are promptly paid by the commissioners the obligation of the district shall be suspended. If the commissioners shall assume the payment of the principal and interest of the bonds of the district for whose payment all or any part of the revenues of the water distribution system have been pledged, in such event it shall become the duty of the commissioners to faithfully abide by the terms and conditions of such pledge and honor it in all respects.

SECTION 3. Acquisition of property—conditions.—Upon agreement by the City Council of the City of Spartanburg for assumption of payment of the outstanding bonds and other indebtedness of the district by the commissioners, the commissioners shall be fully authorized and empowered to acquire the water distribution system of the district, on such terms as have been heretofore agreed upon, and no approval of the assumption of the outstanding bonds and indebtedness or of the transfer and conveyance shall be required of the qualified registered electors of the City of Spartanburg by way of election. If the commissioners shall cause to be deposited with a corporate trustee a sum equal to not less than the maximum annual principal and interest requirements of the bonds of the district, whose payment shall be assumed by the commissioners in the acquisition of such water distribution system, as security for the

payment of the principal and interest thereof, then under such circumstances the commissioners shall be empowered to prescribe that the obligation to meet the payment of the principal and interest of the bonds of the district shall at all times be junior and subordinate to:

(a) Any bonds of the City of Spartanburg now outstanding which are payable from the revenues of the waterworks system of the City of Spartanburg; and

(b) All bonds hereafter issued by the City of Spartanburg payable from the revenues of its waterworks system, which are issued as bonds on a parity with any issue of waterworks system revenue bonds of the City of Spartanburg now or hereafter to be outstanding.

SECTION 4. Conditions further.—The acquisition of the water distribution system of the district by the commissioners under this act shall be made without any duty or obligation whatsoever on the part of the commissioners or of the City of Spartanburg to provide, extend or maintain sewer facilities or provide for the collection and disposition of garbage or provide fire protection to any area of the district.

SECTION 5. Tax levy.—Upon transfer and conveyance of the water distribution system of the district to the commissioners, the tax levy for the payment of outstanding bonds of the district shall be, on all taxable property located within the district boundaries as presently constituted, for the year 1967 at the rate of thirty-four mills and for the year 1968 shall be reduced to fifteen mills and shall thereafter be annually reduced at least one mill each year for a period of eight years and after the end of the calendar year 1976 there shall be no further levy of taxes for the payment of the outstanding bonds of the district. The commissioners, beginning with the year 1969, are hereby authorized and empowered to advise the proper county officials of the amount of such tax levy during each year of the eight-year period above-referred to. The annual taxes shall be collected by the same officers and in the same manner as is provided for the collection of taxes for county purposes in Spartanburg County. Upon transfer and conveyance of the water distribution system of the district to the commissioners, thereafter the taxes so collected shall be transmitted, at such times as collections are normally apportioned, by the Treasurer of Spartanburg County to the commissioners, which funds shall be applied to the payment of the principal and interest of the outstanding bonds of the district.

SECTION 6. Discontinuance of district.—After the end of the calendar year 1976, the district shall cease to exist except for the purpose of discharging its obligations to the bonds of the district then outstanding.

SECTION 7. Office of commissioners abolished.—Upon the transfer and conveyance of the water distribution system of the district to the commissioners, the Commissioners of the Cowpens Water District thereafter shall have no further powers, duties or authority and the offices heretofore held by them are hereby abolished.

SECTION 8. Property not to be transferred until election held.—Before any transfer and conveyance may be made by the Commissioners of the Cowpens Water District of the water distribution system of the district, the matter shall first be submitted to the qualified electors of the district.

SECTION 9. Conduct of election.—The Commissioners of the Cowpens Water District shall make provision for the holding of such election on or prior to June 27, 1967. The election shall be conducted by the Commissioners of Election for Spartanburg County who shall give notice of the election by publication once each week for three successive weeks prior thereto in a newspaper of general circulation within the district, stating the question to be submitted to the qualified electors of the district. The election shall be conducted at the several voting precincts in the district as they are now established by law. The question submitted shall show on its face the purpose of such election and the question shall be submitted in substantially the following form:

“Shall the water distribution system and assets of the Cowpens Water District be sold to the Commissioners of Public Works of Spartanburg in consideration of the partial assumption by the Commissioners of Public Works of Spartanburg of the district’s obligations and bonded indebtedness, such assumption being subordinate to the Spartanburg Waterworks System revenue bonds now outstanding or hereafter to be issued?

Yes

No”

The ballot shall contain suitable instructions advising the voter that if he favors the transfer and conveyance of the water distribution system he shall mark through the word “No”, and that if he is opposed to the transfer and conveyance of the water distribution system

he shall mark through the word "Yes". The manager of election at each precinct shall count the ballots and forthwith return the result of the election together with the original ballots and tally sheets to the Commissioners of Election of Spartanburg County who shall declare the result of the election.

SECTION 10. Property to be transferred if election favorable.

—If the Commissioners of Election of Spartanburg County determine that a majority of those voting in the election voted in favor of the transfer and conveyance of the water distribution system, the Commissioners of the Cowpens Water District shall then, prior to August 1, 1967, proceed to take any and all steps necessary to transfer and convey the water distribution system of the district, including all assets owned by the district, to the commissioners. The Commissioners of the Cowpens Water District shall be fully authorized and empowered to execute in behalf of the district any and all documents which may be required to effectuate such transfer and conveyance. If the Commissioners of Election of Spartanburg County determine that a majority of those voting in the election shall be against the transfer and conveyance of such water distribution system, then and in that event the Commissioners of the Cowpens Water District shall not transfer and convey the water distribution system of the district as authorized by this act.

SECTION 11. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 30th day of May, 1967.

It shall be the duty of the supervisor to carry out such orders and directions of the board as fully and completely as may be possible, and in the absence of any orders or directions from the governing board, whether this be caused by completion of all work ordered by the board, or by failure of the board to direct a schedule of such work or for any other cause, then it shall be the duty of the supervisor to direct and cause to be performed the proper and necessary repairs and maintenance work on roads and bridges. IT IS ORDERED that the Rule on Disciplinary Procedure, adopted by this Court on May 31, 1958, be amended, effective September 15, 1967, as follows:

Section 2 is amended to read:

"2. Constitution, Appointment and Tenure of the Board of Commissioners on Grievances and Discipline.

"The said Board of Commissioners shall be appointed by this court and shall consist of one (1) member of the bar of this state from each of the Judicial Circuits of the State. The term of office of each member of the said Board shall be three years, or until a successor has been appointed, and shall begin on the first day of October next following his or her appointment, except that of the members first appointed, those from the First, Fourth, Seventh, Tenth and Fourteenth Circuits shall be appointed for terms of one year each and those from the Third, Sixth, Ninth and Twelfth Circuits for terms of two years each. Vacancy for any cause shall be promptly filled by appointment by this Court for the unexpired term. At the time of its initial appointments to membership, and each year thereafter, this Court shall designate one member as Chairman of the said Board of Commissioners and shall also designate a Secretary, who may, but need not, be a member of the said Board. Provided, however, should any member be engaged on a Panel at the expiration of his term, or his service is otherwise not completed, he shall continue to serve until completion of his work on the Board, at which time a successor shall be appointed who shall serve from the date of such appointment until the thirtieth day of the third September following his appointment."

Section 4 is amended to read:

"4. Misconduct Defined.

"Misconduct, as the term is used herein, means any one or more of the following:

"(a) violation of any provision of the oath of office taken upon admission to the practice of law in this state;

"(b) violation of any of the Canons of Professional Ethics as adopted by this court from time to time;

"(c) commission of a crime involving moral turpitude;

"(d) conduct tending to pollute or obstruct the administration of justice or to bring the courts or the legal profession into disrepute.

"(e) emotional or mental stability so uncertain, as in the judgment of ordinary men, would render a person incapable of exercising such judgment and discretion as necessary for the protection of the rights of others and/or their property or interest in property."

Section 7 is amended to read:

"7. Complaint

"A complaint, as the term is used herein, means a formal written complaint alleging misconduct on the part of a member of the Bar of this State, who shall be designated therein as the respondent. The complainant may be (1) any individual, firm or corporation; (2) the grievance committee of a regularly organized local bar association; or (3) a member of the Board of Commissioners as provided in Section 31 of this Rule. Such complaint shall not be accepted for filing unless it is

"(a) verified under oath of the complainant; or

"(b) signed by one or more members in good standing of the Bar of this State, as counsel for the complainant. Signature by such counsel shall constitute a representation that he or they (1) have investigated the charge of misconduct alleged in the complaint, (2) believe reasonable cause exists to warrant a hearing on said complaint, and (3) have accepted the responsibility of prosecuting the complaint to conclusion. When the grievance committee of a regularly organized local bar association is the complainant, verification of the complaint shall be by the chairman of that committee.

"By filing a Complaint with the Commission the Complainant places himself or herself under these Rules and submits himself or herself to the jurisdiction of the Court and the Board of Commissioners. Any Complainant who shall, without just cause or excuse, after Notice of a hearing duly given, fail to appear before the Panel at the time prescribed in said Notice, shall render himself or herself subject to taxation of costs incurred for such hearing and shall be deemed in contempt of this Court and punishable accordingly; and any Complainant found by the Board, or any Panel hearing a Complaint, to have filed a Complaint without just cause or excuse or to be otherwise motivated by malice or reason contrary to the spirit of this Rule, shall likewise be in contempt of this Court and punishable accordingly. If such Complainant be a lawyer he shall be subject to Complaint against him for misconduct.

"Whenever a Complaint charges a Respondent with misconduct because of practicing law when not capable of exercising the discretion and judgment necessary as provided by Sec. 4 (e), the Secretary shall forward with the copy of the Complaint mailed in accordance with this Rule, a Notice to Respondent that a Guardian ad Litem must be, within twenty days, appointed in his behalf by the Clerk of the Court on Petition by Respondent or someone in behalf of Respondent, and in the event Respondent fails to have a Guardian ad

Litem so appointed, the Commission will petition the Clerk of this Court for such appointment.”

Section 18 is amended to read:

“18. Proceedings Private Until Filed in Supreme Court.

“Unless and until otherwise ordered by this court, all proceedings and documents relating to complaints and hearings thereon and to proceedings in connection therewith shall be private, unless the respondent shall in writing request that they be public. All complaints shall be captioned ‘In The Matter Of’ (Name of respondent to be inserted); and except for the official records of the Board and of this court, all references to the respondent throughout any disciplinary proceeding under this Rule shall be by the use of the term ‘Anonymous’, unless and until this court shall otherwise order.

Provided, however, any proceeding before the Board may be made public upon written request of the Respondent. Violation of this provision shall be deemed contempt of this Court and punishable as such. All persons attending any proceedings or taking part in any matter hereunder shall be advised of this provision upon the commencement thereof. All records and correspondence held by members of the Board at the conclusion of their respective terms of office shall be carefully screened by them. Otherwise, such regulated articles shall be subject to all applicable requirements under this subpart for articles originating in the regulated area.

(b) **Articles determined to present hazards:** When it has been determined by an inspector that, due to contamination with the imported fire ant, or any other reason, a hazard of spread of the ant is presented by any products or articles of any character whatsoever, not covered in paragraph (a) notice of such fact shall be given to the person having custody thereof. Thereafter, such contaminated products and articles may be moved from the regulated area into or through any point outside thereof, or from the generally infested area into or through the eradication area, only after they have been cleaned, treated, or otherwise disinfected to the satisfaction of the inspector or when they are moving under limited permit as required by the inspector.

ASSEMBLY OF ARTICLES FOR INSPECTION: Persons intending to move any of the regulated articles shall make application for inspection as far in advance as possible, shall so handle such articles as to safeguard them from infestation, and shall assemble them at such points and in such manner as the inspector shall designate to facilitate inspection. Application for inspection can be made to the South Carolina State Crop Pest Commission or to the U. S. Department of Agriculture.

9. CANCELLATION OF CERTIFICATES OR LIMITED PERMITS: Certificates or limited permits for any regulated articles under these regulations may be withdrawn or cancelled and further certificates or permits for such articles may be refused by the inspector whenever he determines that the further use of such certificates or permits might result in the spread of the imported fire ant.

1. The statement: "Economic Poison added."
2. Ingredient statement or guaranteed analysis of the economic poison formulation added.
3. The statement: "This commercial fertilizer contains (.....)
number

1. Where 2, 4-D has been used in an applicator tank the registrant shall stencil the following on the tank:

"2, 4-D has been in this tank"

2. When other herbicides are used the Board or its representative is further authorized to require tanks in which herbicides have been used and cannot be properly cleaned to be appropriately labeled as prescribed

by the Board or its representative as a further precautionary measure against undue damage to crops.

II. Labeling—Contract Specifications

The registrants attaching a tag or label to commercial fertilizer, showing any material used as a source of nitrogen, phosphoric acid or potash shall be required to show the entire open formula, namely the pounds per 100 pounds and analysis of each, used in compounding the fertilizer mixture. This is in compliance with Section 3-532 of the South Carolina Fertilizer Law.

The appropriate educational agencies of the College of Agriculture of Clemson University shall inform the farmer as to the advantages and disadvantages of using such chemical compounds as fertilizer materials

2. The user (farmer) further agrees to maintain an accurate record of the demonstration and make same available to the appropriate agency when requested.

IV. Specialty Grades

With respect to "Specialty Fertilizer" as defined in Section 3-543 of the South Carolina Fertilizer Law of 1954, when such specialty fertilizer is sold only in packages of 50 pounds or less, the term "Grade" will be taken to mean the percentage of total plant nutrients. The minimum shall not be less than 20. The registrant may vary the proportion of the plant nutrients as contained in the different types of specialty fertilizer marketed by him by designating each product by brand name. Each brand must be registered.

V. Filler

1. Any inert filler which bears a color similar to recognized materials furnishing primary, secondary, minor, or trace nutrients is deemed and declared objectionable as a component of any mixed fertilizer, in that its use has the effect of deceiving the purchaser of the fertilizer and is in violation of Section 3-544, Code of Laws of 1962.

2. SCS, SCS100 clays and yellow ocher are determined to be objectionable within the meaning of the above section. The enumeration of these inert filler materials shall not be considered to be exclusive of such materials that may be determined to be prohibited by the said section.

3. Fertilizer manufacturers may submit samples of any questionable inert filler material to the Fertilizer Board of Control or its representative for a ruling as to whether its use is objectionable under this regulation.

VI. Additional Plant Nutrients, Guarantees, Tolerances and Penalties

A. When mentioned in any form or manner, said additional plant nutrients, besides nitrogen, phosphorus and potassium, as defined in Section 3-512 (5) of the 1962 South Carolina Code of Laws shall be registered and guaranteed. CONTRACTORS LICENSING BOARD

Rules and Bylaws

Promulgated under authority of Section 56-404 of the 1962 Code

(Filed in the office of the Secretary of State November 29, 1966)

Revised through October 13, 1966

Section 1. For the purpose of carrying out the provisions of Chapter 8, Volume 5, Sections 56-401 through 56-428, (1952) Code of Laws of South Carolina, as amended, there shall be elected from the members of the South Carolina Licensing Board for Contractors, which is hereinafter referred to as the Board, a chairman and vice-chairman, the election of which shall take place at the April meeting of each year and the elected chairman and vice-chairman shall assume office immediately following the election. It shall be the duty of the chairman to call and preside over all meetings of the Board and perform such duties as may come within the jurisdiction of his office. It shall be the duty of the vice-chairman to function as chairman in the absence of the chairman.

Section 2. The Board shall employ a Secretary-Treasurer or a Secretary and a Treasurer who need not be a member of the Board. The Secretary-Treasurer shall keep a record of the proceedings of the said Board and shall receive and account for all monies derived from the operation of Chapter 8, Volume 5, Sections 56-401 through 56-428 and amendments. The Secretary-Treasurer shall give bond in such sum as the Board shall determine with such surety as shall be approved by the Board. Said bond shall be conditioned for the faithful performance of the duties of his office and for the faithful accounting of all monies and other property as shall come into his hands. The Secretary-Treasurer shall have the power to employ the necessary clerical and legal service to assist in carrying out the provisions of this Article. The salary of such personnel shall be fixed by the Board. The Secretary-Treasurer shall also have the power to purchase whatever office equipment, stationery, rent, or other miscellaneous articles as may be necessary for the operation of the Board. Any expenditures from the funds of the Board shall be made by voucher, which shall be signed by the Secretary-Treasurer.

Regular meetings of the Board shall be held during April and October of each year and additional meetings may be held at such other times and places as the Board shall deem necessary. Special meetings will be held at the call of the chairman at the request of any two members of the Board. Three members of the Board which shall include either the chairman or vice-chairman shall constitute a quorum.

Section 3. For the purpose of this Chapter: A general contractor shall be one who for a fixed price, commission, fee or wage undertakes or

offers to undertake the construction or superintending of construction of any building, highway, sewer, grading, improvement, re-improvement, structure, or part thereof, when the cost of the undertaking is twenty thousand (\$20,000.00) dollars or more. The cost of the undertaking for purposes of the Chapter shall include the overall cost of all materials, equipment and labor. Anyone who engages or offers to engage in such undertaking in the State of South Carolina shall be deemed to have engaged in the business of general contracting in this State.

A mechanical contractor shall be one who for a fixed price, commission, fee or wage undertakes or offers to undertake any plumbing, heating, air conditioning or electrical work when the cost of the undertaking is seven thousand five hundred (\$7,500.00) dollars or more. The cost of the undertaking for purposes of the Chapter shall include the overall cost of all materials, equipment and labor. Anyone who engages or offers to engage in such undertaking in this State shall be deemed to have engaged in the business of mechanical contracting in this State.

Section 4. All persons, firms, or corporations desiring to be licensed as a general or mechanical contractor in the State of South Carolina shall make and file with the Board, at least thirty days prior to any regular or special meeting thereof, a written application on such form as may be prescribed by the Board, said application to be supported by a financial statement and experience record prepared on forms prescribed by the Board and accompanied by the sum of \$60.00. Before being permitted to take the examination the applicant shall furnish evidence through applicant's surety company of its ability to furnish bond for an amount in excess of the minimum established by those Rules and By-Laws for the limitation and classification applied for. It shall be the responsibility of the Board to ascertain from the application and proofs furnished that the applicant is possessed of good character and is otherwise qualified as to competency, ability and integrity and that the applicant has not committed any act which if committed by any licensed contractor would be grounds under the provisions hereinafter set forth for the suspension or revocation of contractor's license, or that the applicant has not committed any act involving dishonesty, fraud, or deceit; provided, no applicant shall be refused the right to an examination without being given an opportunity, upon such notice, as may be prescribed by the Board to appear before the Board and produce evidence in support of his application. If an applicant is an individual, examination may be taken by his personal appearance for examination, or by the appearance for examination of one or more of his responsible managing employees, and if a co-partnership or corporation, or any other combination or organization, by the examination of one or more of the responsible managing officers or members of the personnel of the applicant, and if the person, or persons, so examined shall cease to be connected with the applicant, the license shall be cancelled immediately; however, if the contractor notifies the Board of such change, then in such event, the license shall remain in full force and effect for a period of thirty days thereafter, and then be cancelled, but the applicant shall then be entitled to a re-examination, all pursuant to the rules promulgated by the Board; provided that

the holder of such license shall not bid on or undertake any additional contracts from the time such examined employee shall cease to be connected with the applicant until said applicant's license is re-instated as provided in the Act. In cases where the applicant has sent in two representatives for examination the foregoing holds true in the event one or both of the parties participating in the examination shall cease to be connected with the applicant.

Examinations shall be held quarterly and shall be scheduled during the last week of the first month of each calendar quarter. The Board shall, however, have authority to vary the examination dates should it be found necessary so to do. Special examination may be held at the discretion of the Board when sufficient evidence is submitted to show that to wait for a regularly scheduled examination would work undue hardship on an applicant or any owner or awarding authority seeking bids for some specific work where there are not sufficient qualified contractors to assure competitive bids. Fee for a special examination shall be \$100.00 and shall be paid by applicant in addition to the regular license fees provided in the Act.

Where a partnership is dissolved and both partners remain in the Contracting Business the license issued to the partnership shall be cancelled and both partners shall apply for an original license. However, should only one partner remain in the contracting business that one shall apply for a new license.

Section 5. Under no circumstances shall a permit to bid, construct, or superintend the construction of any building or improvement of any kind costing \$20,000.00 or more be given prior to taking the required examination; nor shall any permit be issued to any Mechanical Contractor to bid, construct, or superintend construction of any Mechanical work costing \$7,500.00 or more prior to taking the required examination. The Board shall conduct a written examination of all applicants to ascertain the ability of the applicant to make a practical application of his knowledge of the profession of contracting, under the classification contained in the application, and to ascertain the qualifications of the applicant in reading plans and specifications, knowledge of estimating costs, construction, ethics or other similar matters pertaining to the contracting business. If the results of the examination of applicant shall be satisfactory to the Board, then the Board shall issue to the applicant a certificate to engage as a General or Mechanical Contractor in the State of South Carolina as provided in said certificate.

General Contractors licenses may be limited as to coverage under four major classifications: (1) Highway, (2) Building, (3) Public Utilities, and (4) Specialty, which shall include those whose operations as such are the performance of construction work requiring special skill and involving the use of specialized building trades or crafts, but which shall not include any operations now or hereafter under the jurisdiction for the issuance of license by any Board or Commission pursuant to the laws of the State of South Carolina.

The Board shall issue a license as a matter of right to any person who shall have had an application on a prescribed form therefor on file for at

least seven days, presents a bidder's or contractor's certificate issued by the South Carolina Highway Department under Section 33-223, and pays the license fees required by this chapter.

Classifications covering mechanical contracting shall be under four fundamental branches of construction; namely, (1) Plumbing; (2) Heating; (3) Air Conditioning; and (4) Electrical.

Section 6. Anyone failing to pass the examination as prescribed by the Board may again make application for the written examination without additional fee, or the applicant may withdraw his application and be refunded one-half of the application fee submitted with the application. Should the applicant fail in any way to complete his application by either failing to furnish detailed information, such as financial information, surety recommendations, or any additional information as required by the Board; or should the applicant fail the examination for the second time; or fail to take the required written examination after being given sufficient notice to appear for examination, the application fee submitted with the application will be forfeited. Should the applicant desire to be further considered by the Board, or appear for the third examination, the applicant shall make a new application and pay the required application fee. The original certificate of license and the annual renewal license as issued by the Board shall contain the signatures of the Chairman and Secretary-Treasurer and shall be on display at the business location of the licensee at all times. The fact that an applicant can show that he is a graduate from a recognized college does not entitle him to license under any classification, but the entire record of applicant will be considered in issuing his license.

Section 7. Classifications on General Contracting shall be under four fundamental branches of construction: namely, (1) Highway Contractor, (2) Building Contractor, (3) Public Utility Contractor, and (4) Specialty Contractor, or the Board may grant an unlimited and unclassified certificate to those applicants satisfying the members of the Board that said applicants are qualified and equipped to construct any type of project coming under the definition of a General Contractor. Each applicant shall qualify under one or more of the above classifications or any part or parts thereof.

License to practice General Contracting shall be issued under the following limitation groups: (1) Limited Group—No one contract to exceed \$75,000.00; (2) Intermediate Group—No one contract to exceed \$300,000.00; and (3) Unlimited Group—Unlimited.

Section 8. Classifications for Mechanical Contracting shall be under four fundamental branches of construction: namely, (1) Plumbing, (2) Heating, (3) Air Conditioning, and (4) Electrical; or the Board may grant an unlimited and unclassified Mechanical Contracting Certificate to those applicants satisfying the members of the Board that said applicants are qualified and equipped to engage in any type of Mechanical Contracting.

License to practice Mechanical Contracting shall be issued under the following Limitation Groups: (1) Limited Group—No one contract to exceed \$25,000.00; (2) Intermediate Group—No one contract to exceed \$100,000.00; and (3) Unlimited Group—Unlimited.

Section 9. Any licensee desiring a change in his license coverage shall make application for examination for revision of his license on the pre-

scribed form furnished by the Board. The application shall be filed at least thirty days prior to an examination period and shall be supported by a current financial statement and evidence of his ability to furnish contract bond for such amounts as are required for the higher limitation and/or classification(s) for which he is applying. Under no circumstances shall a contractor be permitted to bid in excess of his license coverage prior to the time such revision is effected. The Board is authorized to revoke or suspend the license of anyone who shall be found guilty of undertaking or offering to undertake any improvement exceeding his license coverage.

Section 10. Renewal of General or Mechanical Contractors License Certificates may be effected during the month of January following the expiration date, December 31st, of the year issued, by filing proper application and financial statement on the forms then prescribed by the Board, and payment of a fee of \$60.00. Requirement of a financial statement to support renewal applications may be waived; however, applicant shall furnish a current financial statement upon the form prescribed by the Board within 30 days after requested so to do by the Board. Applications for renewal of General and Mechanical Contractor's license received after January 31st following the year issued shall be treated as original applications and shall require a thirty day waiting period before approval.

Should the applicant desire a change in classification or limitation of his license, he should so inform the Board in order that he may be notified as to the date of the first quarterly examination following such notification in order that he may have a certified representative of his firm appear for examination under the classification and/or limitation desired.

A certificate of license to replace any certificate lost, destroyed or mutilated may be issued by the Board at a fee of \$1.00 upon receipt of a sworn statement by licensee that such certificate has been lost, destroyed or mutilated.

Section 10-A1. Grounds for revocation of license and charges. The Board may revoke the bidder's or contractor's license of any general or mechanical contractor licensed hereunder who is found guilty of any fraud or deceit in obtaining a license, or gross negligence, incompetence or misconduct in the practice of his profession; or anyone who shall undertake or attempt to undertake any improvement exceeding the limitation and classification(s) included under his license coverage. Any person may prefer charges of such fraud, deceit, negligence or misconduct against any general or mechanical contractor licensed hereunder. Such charges shall be in writing and sworn to by the complainant and submitted to the secretary of the Board.

Section 10-A2. Hearing and decision on charges. Such charges, unless dismissed without hearing by the Board as unfounded or trivial, shall be heard and determined by the Board within three months after the date on which they are preferred. A time and place for such hearing shall be fixed by the Board. A copy of the charges, together with notice of the time and place of the hearing, shall be legally served on the accused at least fifteen days before the fixed date for the hearing and in the event that such service cannot be effected fifteen days before such hearing, then the hearing

and determination shall be postponed as may be necessary to permit the carrying out of this condition. At such hearing the accused may appear personally and by counsel and may cross-examine witnesses against him and produce the evidence of witnesses in his defense. If after such hearing the Board unanimously votes in favor of finding the accused guilty of any fraud or deceit in obtaining his license or of gross negligence, incompetence or misconduct in his practice the Board shall revoke the license of the accused.

Section 10-A3. Reissue of revoked license.

The Board may reissue a license to any person whose license has been revoked if three or more members of the Board vote in favor of such re-issuance for reasons the Board may deem sufficient.

Bidders License: Any person engaging in the business of general or mechanical contracting as a prime contractor in this State shall pay an annual bidder's license fee of one hundred dollars. This fee shall be due and payable on January 1st of each year or prior to offering or submitting any bid as a prime contractor, which would classify him as a general contractor, when the bid is \$20,000.00 or more—or as a Mechanical Contractor when the bid is \$7,500 or more. Persons employed on a per diem or monthly basis or whose sole business is that of supervision shall not be required to pay the license fee prescribed by this section. Sub-contractors bidding to licensed prime contractors are not deemed to come under the requirements for a Bidder's License.

Section 11. Violations: (a) Any person not duly authorized who shall attempt to practice general or mechanical contracting in this State, except as provided for in the Act and any person (1) presenting or attempting to file as his own the license certificate of another; (2) who shall give false or forged evidence of any kind to the Board or to any member thereof in acquiring a certificate or license; (3) who falsely shall impersonate another; (4) who shall use an expired or revoked certificate or license; or (5) any person licensed hereunder who shall allow any other person to use his license in any way shall be guilty of a misdemeanor and it shall be the duty of the Secretary-Treasurer of this Board, or other authorized agent, to report same to the board who will review the matter and if it is found that sufficient evidence is produced to substantiate a prosecution, then the board shall instruct the secretary-treasurer or other authorized agent to report same to the prosecuting attorney, in the county where any violation occurs, and to assist said attorney, solicitor or others in prosecuting any case which may come to his notice.

(b) It shall be a misdemeanor punishable in the discretion of the court for any architect, engineer, awarding authority, owner, contractor, or person acting therefor, to receive or consider any bids unless the bidder has first obtained the licenses provided for in this chapter.

Section 12. It shall be the duty of the members of this Board to see that all architects and engineers preparing plans and specifications for work to be constructed in the State of South Carolina shall include in their invitations to bidders and in their specifications a copy of this Act or such portion thereof as is deemed necessary to convey to the bidder, whether he is a resident or non-resident of this State and whether a

license has been granted to him or not, the information that it will be necessary to show evidence of Bidder's License and/or General or Mechanical Contractor's License under proper classification and limitation group before his bid may be opened or considered.

Section 13. The appointment of a receiver for bankruptcy proceedings of anyone licensed under this Act shall be considered evidence sufficient for revocation of license.

Section 14. It shall be the duty of engineers, architects, firms, corporations and others receiving bids from General or Mechanical Contractors as construed under the Act for licensing contractors in South Carolina, to report to the Secretary of the Board all work coming under their jurisdiction. The notification shall include the time and place for receiving bids, the estimated cost and nature of the work together with a list of prospective bidders. Such notices shall be filed in time to reach the Board at least twenty-four hours in advance of the date of receiving bids. Immediately after the contract is awarded, the Board shall be notified giving name of contractor and the amount of the contract.

Section 15. It shall be the duty of the building official, or other authority charged with the duty of issuing building or other similar permits, of any incorporated municipality or subdivision thereof to refuse to issue a permit for any undertaking which would classify the applicant therefor as a general or mechanical contractor under the provisions of this Chapter unless the applicant has furnished evidence that he is either licensed as required by this Chapter or exempt from the requirements thereof. It shall also be the duty of the building official or other authority charged with issuing building or other similar permits, to report to the State Licensing Board for Contractors the name and address of any person, firm, or corporation who, in his opinion, has violated this act by accepting or contracting to accomplish work which would classify such person as a general or mechanical contractor under the provisions of this Chapter.

5. The product pounds of all processed milk products in each class shall be computed by multiplying the total quarts of such products by the weight factors set forth below:

Product	Weight Per		Weight Per	
	Quart	Product	Quart	
Milk	2.15	Cream (10-17%)	2.13	
Creamed Buttermilk	2.15	Cream (18-21%)	2.11	
Skim (above 1% B.F.)	2.15	Cream (22-28%)	2.10	
Flavored Milk or Drink (net)	2.00	Cream (29-32%)	2.09	
Skim (Plain)	2.16	Cream (33-39%)	2.08	
Buttermilk (Plain)	2.16	Cream (40-42%)	2.06	

B. Computation of Milk in Each Class—The classification of milk for each delivery period by each distributor shall be computed as follows:

1. Determine the gross Class I utilization by:
 - (a) Computing the volume of skim milk and butterfat disposed of in processed milk products designated as Class I at the specific test of each product sold or, in the absence of records of such test, at the average butterfat test of all bulk milk received;
 - (b) Adding the volume of skim milk and butterfat in the ending inventory of processed milk products designated as Class I at the specific test of each product sold or, in the absence of records of such test, at the average butterfat test of all bulk milk received.
2. Determine the gross Class IA utilization by:
 - (a) Computing the volume of bulk milk sold or transferred to other distributors, except certified bulk milk, at the specific test of each shipment.
3. Determine the gross Class IB utilization by:
 - (a) Computing the volume of skim milk and butterfat in all processed milk products disposed of as military milk at the specific test of each product sold or, in the absence of records of such test, at the average butterfat test of all bulk milk received;
 - (b) Adding the volume of certified bulk milk sold or transferred to other distributors, which has been certified as military milk, at the specific butterfat test of each shipment.

4. Determine the gross Class II utilization by:
 - (a) Computing the volume of skim milk and butterfat used or disposed of in products designated as Class II; including cream or milk-cream mixtures in excess of ten percent butterfat, except eggnog, at the specific test of each product sold or, in the absence of records of such test, at the average butterfat test of all bulk milk received;
 - (b) Adding the volume of certified bulk milk sold or transferred to other distributors which has been certified as Class II, and bulk milk disposed of to a non-fluid milk plant, at the specific butterfat test of each shipment;
 - (c) Adding the volume of skim milk and butterfat held in the ending inventory in the form of products designated as Class II.
5. Determine the tentative utilization in each class by:
 - (a) Subtracting from the Gross Class I utilization the beginning inventory of Class I milk;
 - (b) Subtracting from the Gross Class II utilization the beginning inventory of Class II milk.
6. Determine the amount of plant loss by subtracting the tentative utilization of skim milk and butterfat from the total receipts of skim milk and butterfat received and reconstituted.
7. Determine the net utilization in each class by:
 - (a) Adding to the tentative Class II utilization the amount of plant loss which is not in excess of two and one-half percent of the total bulk milk and processed milk products received and reconstituted;
 - (b) Adding to the tentative Class I utilization the amount of plant loss which is in excess of two and one-half percent of the total bulk milk and processed milk products received and reconstituted.
- C. **Order of Assignment of the Receipts of Bulk Milk and Processed Milk Products**—The net classification of bulk milk received from producers by each distributor shall be determined in the order and manner set forth below:
 1. The skim milk and butterfat in bulk milk received from other South Carolina distributors, except certified bulk milk, shall be deducted from Class I; **PROVIDED**, the receiving distributor can prove that milk from producers regularly supplying such distributor's plant was not available for Class I use at the time such bulk milk was received.
 2. The skim milk and butterfat in bulk milk received from other South Carolina distributors, and certified as Class IB milk, shall be deducted first from Class IB; **PROVIDED** the receiving distributor can prove that milk from producers regularly supplying such distributor's plant was not available for Class IB use at the time such bulk milk was received.
 3. The skim milk and butterfat in bulk milk received from other South Carolina distributors and certified as Class II milk shall be deducted in the following order: first from Class II and then from Class IB, Class IA, and Class I.

4. The skim milk and butterfat in other source bulk milk shall be deducted in the following order: first from Class II and then from Class IB; Class IA; and Class I.
 5. The skim milk and butterfat in all processed milk products received from other distributors shall be deducted in the following order: first from Class II and then from Class IB; Class IA; and Class I.
 6. The skim milk and butterfat in the milk equivalent of powdered and condensed milk used to reconstitute processed milk products shall be deducted in the following order: first from Class II and then from Class IB; Class IA; and Class I.
- D. **Minimum Prices**—The minimum class prices and butterfat differential to be paid producers by distributors at the end of each delivery period for the classes of milk established by Paragraph A of this regulation shall be as follows:
1. **Class I Milk**—The price of Class I milk containing four percent butterfat, f. o. b. the receiving distributor's plant, shall be \$7.00 per hundredweight.
 2. **Class IA Milk**—The price of Class IA milk containing four percent butterfat, f. o. b. the receiving distributor's plant, shall be \$7.00 per hundredweight; provided however, if bulk milk is sold or transferred to a distributor located more than twenty-five miles from the point of normal receipt, a reasonable deduction for handling and hauling costs may be made if any are incurred.
 3. **Class IB Milk**—The price of Class IB milk containing four percent butterfat, f. o. b. the receiving distributor's plant, shall be \$6.50 per hundredweight; provided however, if bulk milk certified as military milk is sold or transferred to a distributor located more than twenty-five miles from the point of normal receipt, a reasonable deduction for handling and hauling costs may be made if any are incurred.
 4. **Class II Milk**—The price of Class II milk containing four percent butterfat, f. o. b. the receiving distributor's plant, shall be \$3.50 per hundredweight; provided however, a distributor shall return to his producers the price received for any bulk milk sold or transferred, and classified in Class II, less reasonable handling and hauling costs if any are incurred.
 5. **Butterfat Differentials**—The price paid to each producer for each class of milk shall be increased by a minimum of seven cents per hundredweight for each one-tenth of one percent that the producer's milk is above four percent butterfat, and shall be decreased not more than seven cents per hundredweight for each one-tenth of one percent that the producer's milk is below four percent butterfat.
 6. No distributor shall, in determining the net amount due producers, make any deductions for advertising, promotions, or for any other purpose except authorized hauling charges, association dues, and producer assignments without the written consent of the Commission.
- E. **Hauling Rates**—The maximum hauling rate to be charged to a producer or deducted from a producer's settlement by a distributor for transporting milk from a producer's farm to the distributor's plant

shall not be in excess of the rates in effect or charged to the producer for milk received during the month of June 1965 without prior approval by the Commission.

F. Payment to Producers—Each licensed milk distributor located within South Carolina shall make full payment to producers on or before the fifteenth day following the end of each delivery period for all milk received, at not less than the minimum price for each class established by the Commission and set forth in Paragraph D of this Regulation.

1. Any premium to be paid for special milk sales during any delivery period shall be applied uniformly to all Class I credit allocated to producers of special milk as determined by the following formula:

Divide the total pounds of special milk sold by the total Class I credit allocated to special milk producers. Multiply the result obtained by the premium rate per hundredweight and add the result to the Class I price payable to special milk producers.

2. The Class II blend price to be paid producers shall be the weighted average price of bulk milk sold or transferred and properly allocated into Class II at the net price received for such milk, and any other milk included in Class II at the minimum price established by the Commission. When the total Class II bulk milk sold or transferred exceeds the net amount allocated to producers in Class II, the Class II blend price shall be computed from the highest net priced quantity or quantities transferred or used.

3. Each distributor shall, whenever making payment for milk purchased from producers during any delivery period, furnish each producer with a statement which contains information as follows:

- (a) Name of the distributor
- (b) The delivery period covered
- (c) Producer's base for the period
- (d) Butterfat test of producer's milk
- (e) Pounds of milk in each class
- (f) Price per hundredweight paid for each class
- (g) Gross amount due by class and in total
- (h) Each deduction made by the distributor
- (i) Net amount paid.

4. Whenever an audit by the Commission discloses a distributor has not made full payment to producers during any delivery period in accordance with the Regulations of the Commission, the distributor shall upon written notice from the Commission make the necessary adjustments to correct any underpayment to producers in such manner and within such time as may be specified by the Commission.

Producers' Bases

- A. **Production Incentive Plan**—A base-utilization plan shall be established in each grade "A" milk plant in South Carolina which receives milk regularly from producers. - B. **Establishment of Milk Bases**—The base period shall be from September 1 of each year through January 31 next succeeding. A new base for each producer shall be determined after the close of each base period in accordance with the rules set forth below.
 1. Each producer's monthly base shall be one hundred and five percent (105%) of the monthly average of the base credits earned and acquired by a producer during the base period; or the producer's average monthly deliveries of milk to a grade "A" milk plant during such period, whichever is less; except as otherwise provided herein.
 2. The base of a new producer who comes on the market without a base shall be determined at the end of the first base period occurring after the entry of such producer on the market and shall be the greater of:
 - a. One hundred and five percent of the monthly average of the base credits earned and acquired during the base period, but not in excess of the producer's average monthly production during such period; or
 - b. The monthly average of such producer's deliveries of milk to a grade "A" milk plant during the base period; provided, however, a base established by a new producer from his average deliveries shall not exceed 20,000 pounds.

3. The base of a new producer who comes on the market and acquires an established base during a base period shall be determined at the end of such period and shall be the greater of:
 - a. One hundred and five percent of the monthly average of the base credits earned and acquired during the base period, but not in excess of the producer's average monthly production during such period; or
 - b. The amount of base acquired by such producer during the base period in which he entered the market.
4. A producer with an established base who delivers milk regularly to a grade "A" milk plant during the base period shall not lose more than ten percent of the base held on the last day of such period as a result of:
 - a. A decline during the base period in the Class I sales by the plant at which the base is held; or
 - b. A decline in the producer's production of milk during the base period; provided, however, the protection of base resulting from a decline in the producer's production shall not apply for two consecutive base periods.

C. Rules Governing Base

1. On or before the twenty-fifth day of the month following the end of the base forming period each year, each distributor shall file with the Dairy Commission a complete record of the name, address and base established by each producer. Also, each distributor shall notify each producer of the base earned.
2. Each producer's base shall be established only in the name(s) of the individual(s) or in the corporate name of the owner(s) of the herd with which the base is earned and each plant shall report all deliveries and maintain all records relating to each producer's settlement in the name(s) in which the base is established.
3. A producer shall not be entitled to establish more than one base with each single production unit.
4. A base established in accordance with the provisions of Paragraph B and owned by a producer who changes markets may be transferred from one distributor to another distributor; provided the new distributor, on or before the last day of the delivery period in which the change occurs, submits a written request to the Commission that the transfer be made; and provided the Commission verifies in writing to the new distributor the amount of base to be transferred.
5. A producer who changes markets or acquires base from another producer during the base forming period shall have his base computed from his total base credits earned and acquired during such period.
6. A distributor shall not discontinue receiving a producer's milk without just cause or a written thirty-day prior notice. A producer shall not transfer from one distributor to another without giving his distributor a written thirty-day prior notice of his intentions to change markets; provided the distributor is current in all payments to such

producer for milk delivered. A copy of the prior notices herein required shall be sent to the Dairy Commission. The prior notices may be waived where there is mutual agreement between the parties concerned to cease business relationship.

7. A producer who owns an established base and disposes of his dairy herd shall be entitled to retain said base for a period of two years commencing on the first day of the month following the month during which the producer discontinued delivering milk to a grade "A" milk plant.
8. An established milk base may be transferred from one producer to another producer, provided the owner(s) of the base and the person(s) acquiring the base execute and forward to the Commission a standard form furnished by the Commission to effect the transfer, but only under the following conditions:
 - a. Where the total milk base is sold or transferred to a producer or to two or more producers in increments of not less than 5,000 pounds;
 - b. Where a producer finds it necessary to reduce the size of his milking herd as a result of semi-retirement or other special circumstances which warrant administrative review, a portion of the producer's established base may be sold or transferred upon special application to and approval by the Commission;
 - c. When a base is held jointly and such joint holding is terminated, the base may be transferred to one or more of the joint holders in an equitable manner;
 - d. A base established by a new producer as authorized by Paragraph B, subparagraph 2b, shall not be transferable until at least one (1) year has elapsed after such producer's initial base was established; provided, however.
 - e. All base transfers shall become effective on the first day of the delivery period next succeeding the delivery period in which the sale or transfer occurred; provided, the distributor to whom the producer(s) acquiring any base through purchase or transfer will accept such base.
9. A milk base with not less than a two (2) year history established in accordance with the regulations of another state regulatory agency may be accepted on the South Carolina market upon approval by the Commission; provided the Commission can satisfactorily verify the establishment of such base, and provided further such base is adjusted in a manner that will equitably conform to the method used in determining the bases of other producers at the plant to which the base is to be transferred.

Regulation No. 4, as amended, is amended by deleting Paragraph B in its entirety and inserting in lieu thereof the following:

- B. Prices to be Filed by Distributors with the Commission—**Pursuant to Section 32-1640.4, 1962 Code, each distributor, as a prerequisite to obtaining a license, shall establish and file with the Commission a sched-

A distributor shall not be required to establish and file prices with the Commission for any product offered for sale except those covered by the Act and defined as frozen desserts or frozen dairy foods. However, the sale by a distributor of any product which is **NOT** covered by the Act to ANY wholesale or retail consumer at a price less than the price made available to ALL wholesale and retail customers respectively, or any other discriminatory pricing practice with respect to such products by a licensee, shall be deemed a decrease in the minimum prices fixed by the Commission on products covered by the Act and a violation of the provisions of this Regulation.

Regulation No. 5, as amended, is amended by deleting Paragraph D in its entirety.

UPPER ELEMENTARY SOCIAL STUDIES PROGRAM

Promulgated under authority of Act No. 309 of 1963

(Filed in the office of the Secretary of State April 27, 1967)

In order to enhance and strengthen the South Carolina History program and to emphasize the part that South Carolina has played in the development of our nation, it is recommended that South Carolina History be taught in the eighth grade and that Old World Social Studies be taught in the seventh grade. It is further recommended that the course in South Carolina History be taught as it relates to the United States and that there be two basal textbooks—one, Laidlaw's "The History of South Carolina"—two, one of the adopted textbooks for eighth grade United States History.

Immediate steps shall be taken by the Division of Instruction to develop adequate and comprehensive curriculum guidelines for use by teachers of the course proposed above. In the development of this curriculum material it is understood that full use will be made of the best available human resources including authorities in South Carolina history, government, geography, and economic development.

The social studies sequence for grades 5-8 follows:

Grade Five—Living in the United States present and past—influences in South Carolina development and development in other sections of the country. The textbooks adopted are background and introductory to the history and geography of the United States.

Grade Six—Life in other countries of the Americas as related to life in the United States. The textbooks adopted for this grade deal with life and geography of the Western Hemisphere. The history texts adopted for grade six do not fit this sequence. We recommend that their use in the seventh grade be approved.

Grade Seven—Life in other countries which have most influenced the development of the United States and countries in which the United States is currently most interested. The Old World Background will be taught in this grade. This course includes a study of life, history and geography of other countries including Asiatic which constitute our background as well as our present sphere of interest. Every social studies text on the adopted list except South Carolina History fits into this sequence.

Grade Eight—Development of South Carolina, with attention to its present and future and to its relationship to the United States as a whole. We recommend that the use of South Carolina History be approved as a text for use in the eighth grade course.

INDUSTRIAL ARTS

In accordance with the authorization in Section 17 of the Higher Education Amendments of 1966 (P.L. 89-752), the South Carolina State Plan for strengthening instruction in the public elementary and secondary schools is amended to apply to Industrial Arts in addition to the other critical subjects under Title III of the National Defense Education Act of 1958, as amended.

Promulgated under the authority of Act No. 309 of 1963

(Filed in the office of the Secretary of State July 25, 1967)

1. All listings of critical subjects and references to the critical subjects are to be read as including Industrial Arts.
2. Subparagraph 312 is amended by the addition of the following:
3.12 **Industrial Arts (Fiscal Year 1967)**

There is one supervisor on the State Department of Education staff who devotes full time to Industrial Arts Education. One hundred and seventy-four schools are offering programs taught by a total of 205 teachers to approximately 18,000 students. There are no district or area supervisors in this program but the State Supervisor cooperates with other supervisory groups and state agencies.

The general duties of the Industrial Arts Supervisor, like that of the other subject supervisors, are to provide consultant services, promote, and give leadership toward improving the instructional program in this area. These activities include programs to up-grade and improve teachers through in-service workshops, counseling with individual teachers, and by working with the colleges offering industrial arts teacher training programs. In addition, the supervisor is responsible for acquainting school officials and the general public with the philosophy, aims, and objectives of industrial arts, and to assist with the up-grading of existing programs and the development of new programs. The Supervisor visits schools to appraise and evaluate existing pro-

grams and makes recommendations for improvement to administrators and instructors when needed.

3. Subparagraph 3.2 is amended by the addition of the following:

3.2 Plan Program Objectives For Industrial Arts

The objectives of the State's Title III Program to improve instruction in industrial arts are generally the same as the thirteen statements listed with reference to the other critical subjects included in the present State Plan as approved by the State Board of Education on March 12, 1965, except that these objectives are amended so as to include the subject of industrial arts in all instances to which reference is made to science, mathematics, modern foreign languages and other critical subjects.

The State will endeavor to improve the effectiveness of its supervisory and related services to the local districts and to promote programs designed to improve the quality of industrial arts instruction within the schools of the State through the following specific objectives:

1. To develop an understanding of industrial arts and technology in society
2. To develop a degree of skill with tools, machines, materials, and processes
3. To provide broadening industrial-technical information—understanding and skills
4. To develop the ability to design, experiment, plan, construct, and evaluate the projects and learning experiences
5. To provide a comprehensive background for better adjustment to the changing world of work, and for a better and wiser choice of work or post high school courses
6. To correlate practical experiences and academic subjects especially for physical sciences

4. Subparagraph 3.32 is amended by the addition of the following:

3.32 In Industrial Arts

The description of the plan for improvement of supervisory and related services as outlined in this section for science, mathematics, modern foreign languages and the other critical subjects shall be extended to include industrial arts. The program of expanded services for industrial arts will be identical to the program described in section 3.32 for the other critical subjects. The present staff consists of one supervisor and a secretary who devotes full time to the industrial arts program. Additional supervisors will be employed as the budget permits to coordinate and supervise the following services:

1. Assisting State Title III administrative staff in establishing priorities and standards and evaluating projects
2. Informing school administrators, teachers, and others involved in project planning concerning the purposes, regulations, and policies of Title III
3. Arranging for consultants and advisory committees to assist in state planning

4. Visiting and assisting local schools to initiate pilot or experimental programs, to exchange information of effective techniques, and to develop and organize instructional materials
 5. Training teachers in the use of new equipment and materials related to industrial arts
 6. Cooperating with other agencies whose objectives are to improve instruction in the areas covered by the act as amended
5. Subparagraph 3.4 is amended by the addition of the following:
 "The Description of the Expanded and Improved Related Services Program" is implied as including industrial arts in addition to the other critical subjects.

INSURANCE COMMISSION

Refusal to renew or issue a private passenger automobile liability insurance policy or cancellation of such policy within sixty days of its effective date.

Promulgated under authority of Act No. 996 of 1966

(Filed in the office of the Secretary of State November 23, 1966)

1. This regulation is required by Act No. 996 of 1966**2. Scope of Act and This Regulation**

A. The Act and this Regulation apply to every private passenger automobile not customarily engaged in public transportation or livery, including pick-up trucks rated as private passenger automobiles, whether written under individual, non-commercial policies or as part of commercial fleet policies.

B. Where both private passenger automobile liability and physical damage coverages are, or would be, afforded under the same policy and the specific facts upon which the company relies relate only to the physical damage coverages, the Act and this Regulation apply to the matter and the right of appeal will lie. Where only the automobile physical damage coverages are sought to be denied or terminated and the liability coverage is accepted or continued, the right of appeal will not lie in favor of the applicant or insured.

3. Notice of Act to be Given When Applicable

A. Every cancellation, subject to the Act, every refusal to renew a policy subject thereto, and every refusal to issue such a policy after application or premium has been accepted by the Company or its agent, shall contain a notice printed in bold face type of not less size than type used to decline or terminate the coverage, advising the applicant or insured of his right to be informed in writing by the Company of the

specific facts which caused the refusal to renew, refusal to issue or cancellation and the address from which such information may be obtained. Such notice shall further advise the applicant or insured that if he considers the specific facts to be furnished by the Company not to constitute a "valid and generally accepted underwriting basis for the Company's actions" in refusing to renew, refusal to issue or cancelling, he may then appeal to the South Carolina Department of Insurance for a determination of the matter.

B. Any address furnished by the Company as the address to which the request for specific facts is to be sent by the applicant or insured shall be conclusively presumed to be the Home Office of the country for purposes of the Act and this Regulation.

C. Notice containing the language quoted in paragraph (D) below need not be filed for approval with the Department but if alternative language is used, such notice shall be filed with the Department for approval prior to such use. If the notice is printed on the reverse side of cancellation, rejection or non-renewal advice, an appropriate reference thereto must be made on the face of the instrument.

D. Form of Notice of Act

INFORMATION REGARDING YOUR RIGHT TO APPEAL

You are hereby advised that South Carolina law provides that upon request in writing made by you to this Company, you are entitled to be informed in writing as to the specific facts which caused this Company to deny or terminate coverage.

To avail yourself of the provisions of the law, you must write this Company at the address shown hereon within fifteen days after receiving this notice.

If upon receiving the specific facts as to the cause for the Company's denying or terminating coverage, you do not agree that those specific facts constitute a "valid and generally accepted underwriting basis for the Company's actions", you will then be entitled to appeal to the South Carolina Department of Insurance for a determination, as provided by this law.

Nothing herein affects or modifies the notice to which it relates and you are cautioned as to the importance of obtaining other liability insurance or paying the fee under the Uninsured Motorists Act of South Carolina.

(Company's address must appear conspicuously on one side of this form)

4. Compliance with Requests for Specific Facts

Responsive to the request for specific facts, the Company shall furnish the same by letter or appropriate form, in duplicate. Such letter or form shall inform the applicant or insured that if he does not agree that the specific facts which caused the Company's action are correct or that they constitute a "valid and generally accepted underwriting basis for the Company's actions," he is entitled to appeal to the South Carolina Department of Insurance for a determination by writing the Department at 1401 Hampton Street, Columbia, enclosing the duplicate of

the letter or form containing the specific facts relied upon by the Company.

5. Companies Must Give Specific Facts and Not Generalities

A Company that cancels, rejects or refuses a risk subject to the Act may not refuse to furnish the specific facts upon request or furnish the same in such generalities as to indicate a want of concern as to the outcome of an appeal, since such flouting of the letter or spirit of the Act and this Regulation will be intolerable. This Department regards the Act as an expression of the public policy of this State as manifested by the General Assembly and will view willful disregard of its provisions or wholesale violation of its letter or spirit as incompatible with the public interest.

6. Procedure for Determinations and Issuance of Orders—Judicial Review

Every appeal filed pursuant to the provisions of the Act and this Regulation shall be docketed and numbered and shall then be assigned to a Deputy or Director of this Department who shall cause the respondent Company to be notified as to the date when, not less than 10 days thereafter, the matter will be considered. The applicant or insured filing the appeal shall be similarly notified and each party shall be advised that although attendance in person or through counsel is welcomed it is not necessary. Where necessary or appropriate, request may be made for additional information or documentary evidence such as, but not limited to, medical reports, highway patrol accident reports, insurance loss notices or accident reports, claim files and similar materials. If a party to the proceeding holds it within his power to produce such information or documentary evidence and fails or refuses to do so, it may be presumed that the facts therein would be contrary to his present contention.

On or after the date appointed for consideration of the appeal, the Director or Deputy to whom the matter was assigned shall consider the matter and render his findings with respect to whether the specific facts which caused the Company's action in refusing to renew, refusing to issue or cancelling coverage are correct and/or whether such specific facts constitute a "valid and generally accepted underwriting basis" for the Company's actions. Such findings and the evidence and reasons supporting them shall be reduced to writing. Thereafter, such findings and the entire record of the appeal shall be forwarded to another Director or Deputy of the Department for review. The latter shall note his conclusions based upon the record and forward the appeal, together with his recommendations, to the Chief Insurance Commissioner.

The Chief Insurance Commissioner shall, thereafter issue such Order as he deems proper based upon the record, the findings of the hearing officer and the recommendations of the review officer. Such Order shall be filed as of record and copies thereof shall be furnished the opposing parties. Determinations by the Department are subject to judicial review as provided in Section 37-70 of the South Carolina Code of Laws.

7. Annual Report of Appeals

A record of the disposition of all appeals filed under Act No. 996 will be maintained for each insurer for the purpose of publishing such record in future Annual Reports of the Insurance Department.

D. Engineering Guides

A statement of guidelines, engineering factors to be considered, and procedures established will be published by the Authority from time to time and will be on file and distributed by the Authority to interested persons. These guides may serve as a basis of design to install or modify equipment or devices subject to the provisions of these regulations. The Authority may authorize or require deviations from the provisions of the engineering guides when the conditions in respect to a particular case are such as to justify deviations. Deviations may be either of a more restrictive or less restrictive nature.

E. Defined Areas

In cases in which (1) defined areas may overlap or be difficult of determination, or (2) strict application of these regulations may be inequitable or constitute a hardship or other undesirable economic consequences, the Authority will apply the factors prescribed by Section 70-123.1 (A) (4) of the South Carolina Pollution Control Law.

REGULATION NO. 2**Smoke Emission**

A. In cases of solid fuel combustion, the Ringelmann Chart will be used as a guideline for air pollution control. Any single source exceeding Ringelmann Chart No. 2 will be subject to investigation by the Authority. In general, Ringelmann readings should not apply to emissions whose density (appearance) is essentially due to water and/or whose rate of particulate emission meets regulations which apply to particulate emission. For a reasonable amount of time, Ringelmann Chart No. 2 may be exceeded during periods of start-up, soot blowing, equipment change, rapping of precipitators and ash removal.

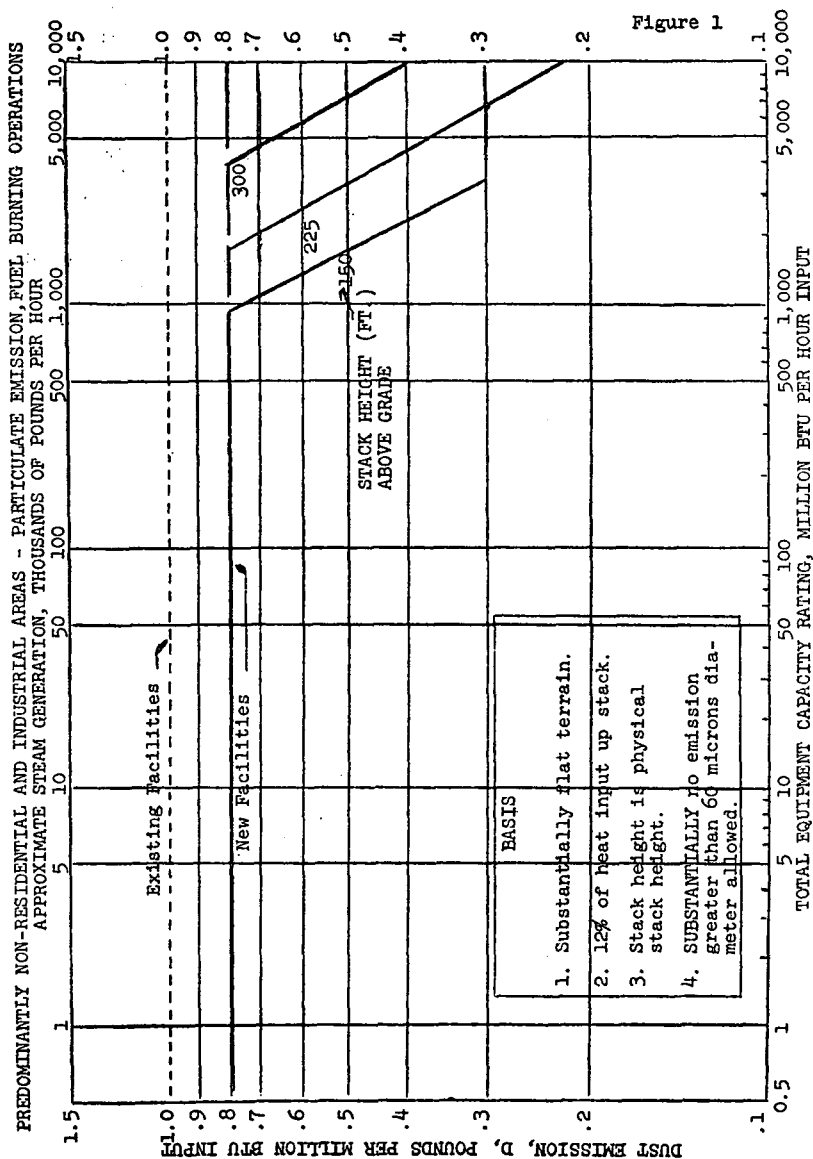

B. In cases of oil or gas burning, no one shall discharge to the outside atmosphere from any single source of emission, smoke of a shade darker than No. 2 on the Ringelmann Chart. In general, Ringelmann readings should not apply to emissions whose density (appearance) is essentially due to water. For a reasonable amount of time, Ringelmann Chart No. 2 may be exceeded during periods of start-up, soot blowing or equipment change.

REGULATION NO. 3**Particulate Emission, Fuel Burning Operations**

For new facilities as hereinafter defined, the allowable discharge of particulate matter arising from combustion operations shall be the maximum quantities determined by the values shown on Figures 1 and 2 with respect to new facilities. Existing facilities (as defined below) shall not emit more than one (1) pound of particulate matter per million

BTUs of heat input as shown in Figures 1 and 2. Existing facilities, equipped with particulate removal equipment operating above 80% efficiency, shall be deemed to have complied with particulate emission regulations, unless such a particulate emission clearly constitutes an undesirable level as noted in Section 70-101 (17) of the South Carolina Pollution Control Law. New facilities are defined as follows: Any private or public property except private residences or dwellings of four families or less which will commence operations on or after January 1, 1968, or any private or public property except private residences or dwellings of four families or less, the physical construction of which begins on or after July 1, 1967.

Existing facilities are defined as all facilities other than new facilities as defined above, excluding private residences or dwellings of four families or less.

REGULATION NO. 4**Sulfur Dioxide Emission**

A. Ambient air limits for SO_2 at environmental locations as measured at any one stationary sampling point may equal but not exceed the following values:

Predominantly Residential or Non-Industrial Areas

0.30 ppm by volume for a continuous 30 to 60 minute period, or 0.10 ppm by volume for a continuous 24 hour period.

Predominantly Industrial Areas

0.50 ppm by volume for a continuous 30 to 60 minute period, or 0.17 ppm by volume for a continuous 24 hour period.

B. The mass emission rate of SO_2 from individual sources shall be determined by acceptable atmospheric dispersion equations in order to meet the above limits.

C. In the Appendix entitled "Engineering" Charts 1-7 have been prepared as a guide for compliance with these ambient air limits. The charts are not prescribed, but do represent dispersion equations, techniques and emission values found to be acceptable to the Authority.

Water Classification-Standards System

Promulgated under the authority of Section 70-109 of the 1962 Code
(Filed in the office of the Secretary of State May 20, 1967)

SECTION I. DEFINITIONS

The definition of any word or phrase employed in Sections II or III shall be the same as given in Section 70-101, South Carolina Pollution Control Law. The following words or phrases which are not defined in said Section shall be defined or have meanings as follows:

Source of water supply for drinking, culinary or food processing purposes shall mean any source, either public or private, the waters from which are used for domestic consumption, or used in connection with the processing of milk, beverages, food or for other purposes which require finished water meeting U. S. Public Health Service Drinking Water Standards.

Approved Treatment as applying to water supplies means treatment accepted as satisfactory by the authorities responsible for exercising supervision over the sanitary quality of water supplies.

Bathing shall include swimming but shall be regarded as a best usage only for waters in which bathing is or may be expected to be subject to effective sanitary supervision and control.

Fishing shall include the propagation of fish and other aquatic life.

Agricultural shall include use of water for stock watering, irrigation, and other farm purposes, but not as source of water supply for drinking, culinary or food processing purposes.

Tidal Waters shall mean all waters whose elevation is subjected to periodic changes under the influence of oceanic tides.

Tidal Salt Waters shall mean those tidal waters which have a chloride ion content in excess of 250 ppm. (parts per million)

Underground Disposal shall mean the disposal of wastes by pumping or allowing to flow by gravity into the ground in such a manner as to enter the water-bearing strata of the earth. Such disposal is not to be permitted without the most careful justification. This definition does not cover the use of tile fields in connection with septic tanks, or any other type of ground waste disposal permitted under regulations of the State Board of Health.

Intermittent Discharge of Wastes shall refer to the practice of holding industrial wastes, domestic sewage, or mixtures of the two; in lagoons, tanks or other suitable containers for discharge at appropriate times. Such lagoons, tanks, or other containers shall be considered waste treatment plants to be operated on permit of the Authority as specified by the Pollution Control Law and shall be operated in the manner specified by the permit.

Controlled Discharge of Wastes and other phrases or words of the same general intent shall be construed the same as **Intermittent Discharge of Wastes**.

Swamp Waters shall refer to waters whose topographical location is such as to cause them to have very low flow velocities, and certain characteristics different from adjacent streams.

SECTION II. RULES APPLICABLE TO ALL CLASSES AND STANDARDS

The General Assembly of South Carolina, in Section 70-102, Code of Laws of South Carolina 1962, has declared the following policy:

"It is hereby declared to be the public policy of the State that reasonable standards of purity of the waters of the State be maintained, consistent with public health, the public enjoyment of such waters, the propagation and protection of fish, shellfish and wildlife, the operation of existing industries and the future industrial development of the State with a reasonable balance of consideration of the public welfare and, to that end, that the use of reasonable methods to prevent and control pollution of the waters be required.

Consistent with this policy, the Pollution Control Authority of South Carolina does adopt general rules for the waters of South Carolina as follows:

1. The classes and standards set forth in Section III are intended to protect public health and welfare by providing criteria for the streams of South Carolina which will stabilize and improve water quality in step with changes in the economy of the State and new technical developments. No permit issued hereunder, therefore, shall be interpreted as creating any vested right in any person.

2. No waters of this State shall be used for the sole or principal purpose of transporting wastes.

3. No wastes amenable to treatment or control shall be discharged into any interstate water without treatment or control. All wastes, prior to discharge into any interstate water, shall receive the best practical treatment or control, unless it can be demonstrated that a lesser degree of treatment or control will provide for water quality improvement consistent with present and anticipated future water uses. This rule shall not be construed as requiring a greater degree of treatment than necessary to meet the Stream Classification Standards set forth in Section III.

4. In any case where the waters into which the sewage, industrial wastes or other waste effluents discharge are assigned a different classification than the waters into which such receiving waters flow, the standards applicable to the waters which receive such sewage or waste effluents shall be supplemented by the following stipulation: The quality of any waters receiving sewage, industrial wastes or other waste discharges shall be such that no impairment of the best usage of waters in any other class shall occur by reason of such sewage, industrial wastes discharges.

5. Tests or analytical determinations to determine compliance or non-compliance with standards shall be made in accordance with methods and procedures approved by the Pollution Control Authority. (In approving methods, so far as practical and applicable, the Authority will be guided by the latest edition of "Standard Methods for the Examination of Water, Sewage and Industrial Wastes" published by the American Public Health Association, the American Water Works Association, and the Water Pollution Control Federation.)

6. In making any tests or analytical determinations of classified waters to determine affect on compliance or non-compliance of sewage, industrial wastes or other wastes discharged into them, samples shall be collected in such a manner and at such locations as are approved by the Pollution Control Authority as being representative of the receiving waters after opportunity for reasonable dilution and mixture with the wastes discharged thereto.

- (a) Specific numerical standards for all classes shall be met for at least 16 hours of the 24 hour day. In no instance shall the maximum adverse deviation exceed 25% of the set specification.
- (b) Samples shall be taken from points so distributed over the area and depth of the waters being studied as to permit a realistic appraisal of such actual or potential damage to water use or aquatic life as may exist.
- (c) Bioassay methods may be used in appropriate situation.
- (d) Temporal distribution of samples in tidal waters shall be such as to cover the full range of tidal conditions.
- (e) The criteria are applicable to any fresh water stream when the flow rate is equal to or greater than the minimum 7-day-average flow rate that occurs with an average frequency of once in ten years.

7. Natural waters may, on occasion, have characteristics outside of the limits established by the standards. The standards adopted herein relate to the condition of waters as affected by the discharge of sewage, industrial wastes, or other wastes.

8. Where tests for compliance with the fresh water standards for those classifications of B or above disclose that the minimum requirements thereof are being met with regularity at each point of use for swimming, domestic supply or other use specified for its class, as determined by paragraph six above, no violation of such classification shall be deemed to exist by virtue of any variation from the requirements thereof which occurs other than at any such point of use, due to the discharge of wastes into any stream so classified, unless the quality of the water at such other point fails to meet the normal requirements of the next lower classification.

Stream Classification

Promulgated under authority of Section 70-101 through 70-139
of 1962 Code

(Filed in the office of the Secretary of State December 13, 1966)

The public hearing as required by law prior to the classification and/or reclassification of streams was held in Edgefield, S. C., October 28, 1966.

This action is based on the following finding of fact made by the Authority after consideration of the transcript of public hearing held by the South Carolina Pollution Control Authority in Edgefield, S. C., October 28, 1966:

1. THAT Sweetwater Branch from its headwaters in Aiken and Edgefield counties to its confluence with Stevens Creek in Edgefield County is presently unclassified.
2. THAT classification of Sweetwater Branch is requested by Robert N. DeVore, M.D., who proposes to use this stream for recreational purposes—a summer camp for boys and girls.
3. THAT testimony at the hearing indicated that interested local residents desire that these waters be placed in Class A.
4. THAT no objection to this proposal was voiced at the hearing.
5. THAT surveys of the environs made by the technical staff indicate that the stream should have no difficulty in meeting Class A standards.
6. THAT based on these facts, we therefore find the proper classification of Sweetwater Branch and tributaries from its headwaters in Aiken and Edgefield counties to its confluence with Stevens Creek in Edgefield county to be Class A.

(Filed in the office of the Secretary of State October 6, 1966)

The Public Hearing as required by law prior to the classification and/or reclassification of streams was held in Kershaw, South Carolina, September 1, 1966.

This action is based on the finding of fact made by the Authority after consideration of the transcript of public hearing held by the South Carolina Pollution Control Authority in Kershaw, South Carolina, September 1, 1966:

1. THAT the public hearing was requested by B. P. Barber and Associates, Engineers for the Town of Kershaw, so that the stream might be reclassified at a level suitable for use as a raw water source for the Town of Kershaw, and further that engineering studies indicate the feasibility of this plan.

2. THAT Hanging Rock Creek in Kershaw County is presently classified at Level C.
3. THAT analyses performed by the Technical staff of the South Carolina Pollution Control Authority show that West Branch Hanging Rock Creek meets quality standards for Class B waters.
4. THAT no objection to this proposal was expressed at the hearing.
5. THAT based on these facts, we therefore find the proper classification of Hanging Rock Creek (West Branch) and tributaries from its headwaters near the Town of Heath Springs in Lancaster County to its intersection with Secondary Road 84 in Kershaw County to be Class B.

(This supersedes the classification of Hanging Rock Creek (West Branch) and tributaries in Lancaster and Kershaw counties, adopted May 23, 1956, and filed with the Secretary of State on June 8, 1956.)

Real Estate Licensing Act; except that a South Carolina licensed broker may pay a part of his commission on a cooperative basis to a licensed broker of another state; provided that such non-resident broker does not conduct in this state any of the negotiations for which a fee, compensation or commission is paid.
2. TRUST OR ESCROW—A broker must place, as soon after receipt as is practicably possible, any deposit money or other money received by him in a real estate transaction, in a custodial, trust, or escrow account maintained by him in a banking institution authorized to do business in this state, wherein the funds shall be kept until the transaction is consummated or otherwise terminated, at which time a full accounting thereof shall be made by the broker.
